

Spring 2008 Course List
African Studies Minor
(Feb. 25, 2008)

The below list contains courses offered at the University of Washington that can count towards the African Studies minor for the Spring Quarter, 2008. This minor is offered through the African Studies Program that is housed in the Jackson School of International Studies. The African Studies Program coordinates and disseminates information about Africa-related events on campus; facilitates research, internships, and study abroad opportunities in Africa; and administers the undergraduate minor (see program website at <http://jsis.washington.edu/africa/>). The African Studies minor encourages students to undertake an inter-disciplinary study of Africa and the African Diaspora through coursework in a variety of scholarly disciplines and programs, including American Ethnic Studies, Anthropology, Archeology, Art History, Comparative History of Ideas, Comparative Literature, English, Forestry and Fisheries, Geography, Health Services, History, International Health, International Studies, Language Study, Music, Near-Eastern Studies, Political Science, Religion and Social Work. Courses for UW-Bothell and UW-Tacoma are listed following the UW-Seattle language courses.

To complete an African Studies minor, a student must take at least 30 credits of African Studies courses. Those courses must be spread across three or more disciplines/programs and 15 of the 30 credits must be at the 300-level or above. At least 5 credits of coursework must be focused on the African Diaspora. For complete minor requirements, please see our website at <http://jsis.washington.edu/africa/minor.shtml>. If you would like to become an African Studies minor or have any questions about the minor, please contact the African Studies Program Assistant at 616-0998 or afri1@u.washington.edu.
