

# CERTIFICATE IN EUROPEAN UNION STUDIES

## Who can receive the certificate?

This certificate program is open to students pursuing a B.A. or M.A. in any major at the University of Washington. Students study the politics of the European Union and key issues affecting European integration such as economic integration, and common security and defense policy, with special emphasis on direct exposure to these topics through internships, foreign study, and classes taught by European Union officials. Majors in European Studies who opt for the EU Studies Certificate program will also be expected to write their senior thesis on an issue pertaining to the European Union.

## Foreign Study Options

*Students may receive the EU Studies Certificate by either completing the EU Studies Program in Brussels or attending the University of Bath and completing #4 of the requirements listed to the right. Both programs are coordinated through the European Union Center.*

**EU Studies Program in Brussels, Belgium.** SUMMER TERM. The program includes two courses: “Current EU Policy Debates” taught by Prof. Wade Jacoby (Brigham Young University, Department of Political Science); “EU Institutions : Views from inside the Brussels Complex” taught by Dr. Peter Hobbing (former Principal Administrator, European Commission). In addition, students will participate in a European Union simulation. Students will be awarded 12 UW credits and the EU Studies Certificate upon successful completion of the program.

**University of Bath, United Kingdom.** FALL & WINTER TERMS. Students enroll in the core module of the Euromasters program based at the University of Bath. Students return to Seattle for the Winter quarter to complete a UW Trans-Atlantic Studies module. Approximately six UW students are selected for this program each year.
