November 27-28, 2006

<http://www.wcsf.com/index.php>

**Westin Bayshore Resort
Vancouver British Columbia, Canada**

The Consulate General of Canada in Seattle and the Washington State trade office have teamed up to take a group of IT and security companies from Washington State to this conference at a special discount.

The conference on November 27 and 28 will feature current topics ranging from specialized network and application security, to security and privacy management and governance. Back by popular demand there will be a day of educational training for both management and technical professionals taught by experienced security instructors. This is one of the best opportunities to learn about trends in security and control, obtain some formal training as well as network with other security professionals from Canada, the US and beyond.

Each year this conference has grown but it is still "right-sized" for you to make quality contact for business partnerships and lead generation. We want to work with you help your business make the right connections in Canada.

**The first 6 companies to register via this flier will be receive a
US\$200 subsidy from the Canadian Consulate for their registration fee!**

The conference management has graciously agreed to offer Early Bird pricing for all companies registering via this program. Early bird pricing ends on Oct. 31 so contact us after that date to receive special prices.

Conference fees

<i>Legend:</i>	<i>E = Early Bird, Until Oct 30</i>		<i>R = Regular, After Oct 31</i>	
	<i>Members</i>		<i>Non-members</i>
