

Scholarships for International Summer School 2007!!!

University of Alberta, Edmonton, Canada

Thursday, 19 October 2006
3:30-5 p.m.
Mary Gates Hall, Room 295

Presentation on Summer School and Scholarship Information

At the University of Alberta we are passionate about change – about finding new approaches and discovering new ways of seeing things. With our International Summer School Program, we promise you an adventure that will take you to new places of learning, exploration and innovation.

International students are invited to enjoy an exciting hands-on, cultural and academic education experience in the best part of Canada during the best part of the year.

You will spend six-weeks at the University of Alberta. Choose between two unique issue-oriented themes of study that incorporate classroom learning with a series of hands-on learning activities and field trips. The academic courses within each theme are required programming in several of our undergraduate degree programs, so Canadian students will be sharing in, and contributing to, your learning. All courses are taught in English except where specified. Confirmation of Language Proficiency required.

This short but comprehensive summer program will challenge your understanding of Canadian society through a diversity of experiences.
