2009 SUMMER SEMINAR FOR EDUCATORS
HENRY M. JACKSON SCHOOL OF INTERNATIONAL STUDIES

2009 SUMMER SEMINAR OBJECTIVE

This seminar will give teachers the confidence, knowledge, and strategies to implement international water-related curricula in the classroom and to use water issues to increase interest in global studies.

This program is made possible by funding from the US Department of Education, Office of International Education and Graduate Program Services through National Resource Center grants authorized under Title VI of the Higher Education Act.
