

MODERN GREEK ONLINE SPRING QUARTER 2021

JSIS E 111 - ELEM MODERN GREEK - 5 CREDITS

- JSIS E 111 Modern Greek is the first in a sequence of courses (JSIS E 111, 112, and 113). Successful completion of all three courses satisfies the UW College of Arts and Sciences Foreign Language requirement.
- Meet partial language requirements (the 111, 112 and 113 sequence is required to complete the language requirement)
- This is an exciting ONLINE course through the Hellenic studies program at the Jackson School of International Studies.
- Learning Greek will make you smarter; Greek is the language of science, mathematics, medicine, biology, philosophy.
- Improve your verbal skills; many of the GRE questions are about words that come from Greek.

THIS IS WHAT STUDENTS WHO TOOK GREEK HAVE SAID:

- *"BEST TEACHER EVER! His class was so much fun! Super easy and overall an awesome class!"*
- *"Sweetest teacher ever! Cares about students, very lenient. Fun class! Same for first or second-year Greek."*
- *"Best professor I've ever had. Makes it really easy to learn the material."*
- *"I just want to let you know that in my four years at the University of Washington, I can't think of a better class than the one you offered this quarter. I can't believe how much I learned and how much fun I had while learning. You created such a stress-free environment for learning and I really have to thank you for that. I hope that you have a wonderful break and that next quarter runs as smoothly as this one!"*
- *"I know it is your job to teach and guide our young minds, but I have yet to encounter a professor who works as hard to make a positive impact on the lives of his students. I consider myself very lucky to have been a part of your class. It has been a pleasure and honor having you as my professor and mentor. I treasure all the knowledge and wisdom you have shared with me and I truly appreciate the time, effort and sincerity you have devoted in writing a letter on my behalf."*
