HUB ROOM 334 OR TUNE
IN VIA LIVESTREAM

DESCRIPTION

What are the implications of Russia's invasion of Ukraine on the relations among China, Taiwan, and the U.S.? Does the war make the use of force by China against Taiwan more likely? If China uses force will the U.S. go to war to defend Taiwan? Will Taiwan be able to resist China's threats in ways comparable to Ukraine?

A panel of UW experts considers these and other issues in the changed International environment since February 2022.
