Request

Original Request...

I would like to file a grievance about our laundry. When we sent our dirty clothes to wash them they came back even dirtier then before and smell like body odor. Can you please look into it and fix this proble. Because its very unhelthy. Thank you for your time.

Response by **Captain.** (b)(6); (b)(7)(C) on **08/12/2015 at 9:49 AM**

I have reviewed the laundry process as well as observed that all washing machines are getting the appropriate quantity of soap in the machines. I have also observed that there is soapy water in the washers during the washing cycles.

We will continue to monitor the process.
