Jaime,

Could you please help me out so I can ensure our people are on the same page. I am particularly interested in what a Civil Immigration Warrant looks like vs a Criminal Immigration Warrant looks like.

One thing our people are not permitted to do is to take a person into custody or hold a person in custody:

1. Solely for the purposes of determining immigration status
2. Based solely on a civil immigration warrant issued by a federal immigration authority
3. On an immigration hold request

Thanks in advance...
