
Agreement
Northern Idaho License Plate
Recognition Project

AGREEMENT

THIS AGREEMENT, made and entered into this 30th day of APRIL, 2014 by and between the city of Post Falls Police Department (PFPD), and the City of Richland Police Department, a public entity, hereinafter referred to as "Agency," collectively referred to as "Parties."

WHEREAS, Post Falls Police Department maintains a commercially available License Plate Recognition (LPR) database to store investigatory data; and

WHEREAS, the Parties provide Public Safety services within their respective jurisdictions; and

WHEREAS, the Parties have found it to be of mutual benefit to provide for the most efficient utilization of their resources and services in the application to Public Safety efforts within their respective jurisdictions; and

WHEREAS, the Parties are committed to cooperation and coordination in providing the highest level of public safety services to the public, guided by the principle that performing cooperatively is in the best interest of the public; and

WHEREAS, the Agency desires to use the LPR system database maintained by PFPD to facilitate the sharing of license plate information which will provide the PFPD custodial status of the other Agency's motor vehicle license plate recognition information; and

WHEREAS, the Agency desires to share law enforcement information owned by the Agency under the conditions set forth in this Agreement; and

WHEREAS, it is the mission of the Parties to protect the citizens within its area of responsibility from the threat of narcotics trafficking; organized crime; international, domestic and street terrorism related activities through information sharing and technical operation support to public safety agencies.

NOW, THEREFORE, for and in consideration of the covenants contained herein, the Parties hereby agree as follows:

AGREEMENT

IT IS HEREBY AGREED, by and between the Parties as follows:

1. PURPOSE:

The purpose of this Agreement is to provide a standardized approach and method of collection and sharing of License Plate Recognition (LPR) systems' data between the Post Falls Police Department and Public Safety Agencies in the surrounding area.

2. COSTS:

Participating agencies shall be responsible for purchasing enough BOSS user licenses for their agency needs. Additionally, the Agency shall pay to Post Falls Police Department a yearly fee for the use of the Post Falls Police Department LPR system database as follows:

\$500 per year for agencies with less than 20 officers
\$1000 per year for agencies with 20 or more officers

The fee will be used by Post Falls Police Department for maintenance of the system.

3. DATA ACCESS AND SECURITY REQUIREMENTS:

- a. Data Access: The Post Falls Police Department will make the license plate information residing in the LPR data repositories available on a 24-hour a day, 7 days a week basis with downtime limited to those hours required for any necessary system maintenance activities. The Post Falls Police Department will inform the Agency in advance, whenever possible, of scheduled system downtimes.
- b. Data Sharing: LPR data contributed by the Agency will be shared with all AGENCIES that have entered into an Agreement with Post Falls Police Department for LPR data contribution. The Agency agrees not to facilitate information sharing between law enforcement entities that have not entered into agreements allowing such sharing.
- c. SECURITY REQUIREMENTS: Post Falls Police Department and the Agency agree to enforce and maintain security requirements for the information stored in the LPR data repositories as specified in the agreement. The Agency agrees to use information residing in the LPR data repositories as a pointer system and not as the source of probable cause for law enforcement actions. Exceptions to the above policy shall not be implemented by any Agency without the approval of the Post Falls Police Department.

Agency further agrees that the information hosted in the LPR data repository shall be used for law enforcement purposes only and that only law enforcement agency employees that have been subject to background screening will be allowed access to the system. Background screenings must be fingerprint-based including checks of both the state and national criminal history repositories. If a felony conviction of any kind is found, access to LPR systems shall not be granted. Agency shall have an established policy that prevents the misuse of the system and information.

4. BENEFITS TO AGENCY:

- a. Data Links: The centralized storage of LPR data will provide a solution to the problem of inaccessible or irretrievable information as result of disconnected LPR systems and the difficulty in sharing information across jurisdictional boundaries.

5. AGREEMENT AMENDMENTS:

Any changes and additions to this Agreement shall be made by written amendments to this Agreement, and shall not be effective until approved in writing by the Parties. Annually, or more frequently as requested by the Parties, a joint review of this Agreement shall occur to identify needed changes, which may be amended by written mutual agreement of the Parties.

6. RECORDS AND REPORTS:

Information stored on the Post Falls Police Department server for the Agency may be considered a public record under Idaho Code and subject to disclosure. Post Falls Police Department will refer all public records requests for Agency information to the Agency to respond. However, Post Falls Police Department may be required by law to release the information directly to the requesting party.

License plate records shall be retained for a maximum of 1-year. After 1-year the license plate records shall be purged from the Post Falls Police Department BOSS server.

7. DURABILITY:

This Agreement shall become operational and effective upon execution by the Parties. Parties may terminate the MOU Agreement at any time by giving written notice to the other Parties at least sixty (60) days prior to the effective date of termination.

8. BENEFITS:

The Parties shall agree that the provisions of this Agreement are not intended to directly benefit, and shall not be enforceable by any person or entity not a party to this Agreement. This Agreement is not intended to confer any legal rights or benefits on any person or entity other than the Parties of this Agreement.

9. INDEMNIFICATIONS:

Parties shall defend, indemnify, and hold harmless every other party and its officers, agents, employees and representatives from any and all losses, liability, damages, claims, suits, actions and administrative proceedings, and demands and all expenditures and cost relating to acts or omissions of the indemnitor, its officers agents or employees arising out of or incidental to the performance of any of the provisions of this Agreement. Parties do not assume liability for the acts or omissions of persons other than their respective officers, its employees, agents and officers. The Agency further releases Post Falls Police Department from any liability relating to the release of the Agency information pursuant to a public records request.

10. ASSIGNMENT PROHIBITED:

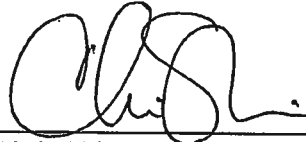

Parties to this Agreement may not assign any right or obligation pursuant to this Agreement. Any attempted or purported assignment of any right or obligation pursuant to this Agreement shall be void and of no effect.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date as written below.
