I DESCRIPTION:

This procedure is designed to give Corrections Staff clear guidelines and procedures to ensure that the City of Kent Corrections Facility does not hold individuals solely on an immigration detainer or immigration warrant (signed by an agent) after individuals have been released on local charges.

II POLICY:

- KPD Policy 2.110 Enforcement of Immigration Laws
- CKCF 15.9 Jail Register
- CKCF 15.11 Foreign Nationals

III PROCEDURE:

The following instructions will be followed effective immediately.

Immigration Detainers and Immigration Warrants

No individual should be held solely on a federal immigration detainer or immigration warrant that has been signed by an agent under ([8 CFR 287.7](#)) Notification to the federal authority issuing the detainer or warrant should be made prior to the release.

The City of Kent Corrections Facility **will not** hold individuals on ICE detainers or ICE warrants (signed by an agent) without local charges being in place.

- Once the local charges have been adjudicated, bail posted or a commitment has been served, the City of Kent Corrections Facility will release the inmate immediately.
- ICE detainers and ICE warrants will be placed in the inmates identification file on the left hand side.
- The ICE detainers and ICE warrants should be entered under the "Remarks" field of the Booking Tab in the Tiburon system.

In [Miranda-Olivares v. Clackamas County](#) Case No. 3:12-cv-02317-ST it was ruled that an ICE detainer did not provide sufficient proof (probable cause) to allow local jails to detain once an individual has been released on local charges.

Release of information

City of Kent Corrections Staff may release information contained in the jail register.

- The jail register contains information about individuals who are or have been incarcerated at the City of Kent Corrections Facility, in accordance with [RCW 70.48.100](#).
- Please refer to CKCF policy [15.9 Jail Register](#) for information that is allowed to be released on individuals who are or have been incarcerated at the City of Kent Corrections Facility.

Immigration Notification on Commitment – Foreign Nationals

Corrections Staff assigned to book inmates shall notify federal immigration officials when any foreign national is committed to the City of Kent Corrections Facility. The notification shall include the date, cause and anticipated duration of the commitment ([RCW 10.70.140](#)).
