## **LAW ENFORCEMENT CODE OF ETHICS**

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

## **MISSION STATEMENT**

The mission of the Adams County Sheriff's Office is to provide emergency response, law enforcement, and public safety services of the highest quality possible within the financial, staffing, and operational limits under which it functions, and to consistently and continually strive to affirmatively promote, preserve, and enhance the peace, safety, and security of the citizens of Adams County. This mission is a commitment to quality performance from all members. It is critical that all members understand, accept, and be aligned with the responsibilities established by this mission. It provides the foundation upon which all operational decisions and organizational directives will be based. Directives include rules, regulations, operating policies, procedures and practices. This mission represents a commitment to the concepts of quality performance management. In other words, members are expected to work consistently in a quality manner in the daily performance of those duties, job responsibilities, and work tasks associated with this mission. Each member is, by virtue of being an employee of the Adams County Sheriff's Office, deemed to be committed, to the professionalism and commitment of this mission to the citizens of Adams County.

A. Core Commitment - At the very core of this mission is a commitment to serve and protect all persons who reside within, or who come within the boundaries of Adams County. This commitment will, at all times, be expressed in a professional manner consistent with all Federal, State, and Local laws, and written policies and standards of the department that govern the discharge of the duties and responsibilities of the Office of the Adams County Sheriff.

B. Protection - This mission includes protecting the right of all persons within the jurisdiction to be free from criminal attack, to be secure in their possessions, and to live, travel, and exist in peace.

C. Service by Members - The members of the Sheriff's Office serve the people of Adams County by performing the law enforcement and public safety functions of the Department in a courteous, professional, and conscientious manner.

D. Treatment of All Persons - The Department and its personnel are committed to the treatment of all persons with dignity and respect.

E. Privilege of Service - The men and women who serve as members of the Adams County Sheriff's Office understand and acknowledge that they are privileged to serve as law enforcement and public safety representatives of the people. It is to the people of Adams County that the Department and its personnel are ultimately responsible to in the performance of their official duties.

**ROLE OF THE DEPARTMENT** - The Department's role is to enforce the law in a fair, professional, and impartial manner, recognizing both the statutory and judicial limitations of police authority and the constitutional rights of all persons. It is not the roll of the Department to legislate, to render legal judgments, or to punish.

**KEY OBJECTIVES** - The Department and its members employ a variety of strategies in striving to accomplish the Department's objectives and fulfill its mission. The specific objectives are as follows:

# Adams County Sheriff's Office

## *MISSION STATEMENT*

---

A. Prevention of Crime - Peace and safety in a free society depends on the active involvement of each citizen and their voluntary compliance with the law. Since crime is a social phenomenon, crime prevention is the concern of every person living in society.

B. Deterrence of Crime - While some crimes cannot be predicted or deterred, other crimes may be reduced by timely responses and regular patrol and enforcement activities by law enforcement personnel.

C. Apprehension of Offenders - The effectiveness of the criminal justice process is greatly enhanced through the identification and apprehension of criminal offenders. The certainty of apprehension and punishment serves as an effective deterrent to crime. The Department must diligently strive to solve all crimes and to bring the perpetrators to justice.

D. Recovery and Return of Property - The actual costs of crime are difficult to measure. It is possible, however, to observe the steadily mounting cost of lost and stolen property. This loss, as well as the other costs of crime, is ultimately borne by the victims of crime.

E. Movement of Traffic - The ability to travel with safety on the streets, roads, and highways is of interest to all. The greatest routine threat to an individual's personal safety may well occur during vehicular travel on public roadways.

F. Public Service - Law enforcement agencies are relied upon by the public for service, advice, and assistance in the many routine and emergency situations that arise in life. Law enforcement officers regularly respond to incidents where it is not contemplated that an arrest will be made, but lives are saved, the injured are cared for, the lost are located, the peace is maintained, and a host of other non-criminal matters are handled.

G. Utilization of Resources - Law enforcement and emergency services combine to comprise three of the most expensive and complex services provided by government. The quality and extent of the service provided is necessarily limited by the availability of funding and resources. Such vital and irreplaceable services are, nevertheless, at the very core of responsible government service delivery.

INDIVIDUAL RESPONSIBILITY - It shall be the duty and responsibility of every member of the Department to make every reasonable and appropriate effort to aid in the furtherance and accomplishment of the Department's Mission and the fulfillment of its vital role in the collective community that is Adams County.

### 100.2 PEACE OFFICER POWERS

Sworn members of this office are authorized to exercise peace officer powers pursuant to applicable state law.

#### 100.2.1 OREGON AUTHORITY

Sworn members of this office who enter the state of Oregon in order to provide or attempt to provide law enforcement assistance have Oregon peace officer authority within 50 miles of the Washington-Oregon border under the following circumstances (ORS 133.405):

- (a) In response to a request for law enforcement assistance initiated by an Oregon sheriff, constable, marshal, municipal police officer or member of the Oregon State Police.
- (b) In response to a reasonable belief that emergency law enforcement assistance is necessary to preserve life and circumstances make it impractical for Oregon law enforcement officials to formally request assistance.
- (c) For the purpose of assisting Oregon law enforcement officials with emergency assistance in response to criminal activity, traffic accidents, emergency incidents or other similar public safety situations, whether or not an Oregon law enforcement official is present at the scene of the incident.

Adams County Sheriff's Office deputies have no authority to enforce Oregon traffic or motor vehicle laws.

Whenever practicable, deputies should seek permission from a office supervisor before entering Oregon to provide law enforcement services. ### **100.3 CONSTITUTIONAL REQUIREMENTS**

All members shall observe and comply with every person's clearly established rights under the United States and Washington Constitutions.

### **100.4 POLICY**

It is the policy of the Adams County Sheriff's Office to limit its members to only exercise the authority granted to them by law.

While this office recognizes the power of peace officers to make arrests and take other enforcement action, deputies are encouraged to use sound discretion in the enforcement of the law. This office does not tolerate abuse of law enforcement authority.

### **100.5 INTERSTATE PEACE OFFICER POWERS**

Peace officer powers may be extended to other states:

### 102.2 PERSONNEL SECURITY BACKGROUND RE-INVESTIGATIONS

The Washington State Patrol requires agencies conduct background re-investigations. This investigation ensures employees' eligibility to use ACCESS. A criminal history background is done on all employees during the hiring process. A background re-investigation is done once every five years on all employees beginning in 2007.

The Civil Deputy will review the background re-investigations log yearly for employees that are current ACCESS users that may be due for their background re-investigation. The Civil Deputy will run employees needing a background re-investigation through ACCESS using purpose code "J" and provide a copy of the log to the TAC. The TAC will then update a designated logbook with the date of the new investigation. The Civil Deputy will replace the original log and any old criminal history printout with the latest in the Administrative Files.

If a record is found during the background check, the Civil Deputy will notify the Sheriff. The Sheriff will notify the TAC and ACCESS for review. Subsequent events not readily known to the agency could affect a user's eligibility to use ACCESS.

## Oath of Office

### 104.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that oaths, when appropriate, are administered to office members.

### 104.2 POLICY

All office members, when appropriate, shall take and subscribe to the oaths or affirmations applicable to their positions (RCW 43.101.021).

## Electronic Mail

### 212.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Office electronic email system by employees of this office. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., Washington Public Disclosure Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Office.

### 212.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over office networks are considered office records and therefore are the property of the office. The Office reserves the right to access, audit or disclose, for any lawful reason, any message, including any attachment, that is transmitted over its email system or that is stored on any office system.

The email system is not a confidential system and therefore is not appropriate for confidential communications. If a communication must be confidential, an alternative method to communicate the message should be used. Employees using the office email system shall have no expectation of privacy concerning communications transmitted over the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Office.

### 212.3 PROHIBITED USE OF EMAIL

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, and harassing or any other inappropriate messages on the email system will not be tolerated and may result in discipline.

Email messages addressed to the entire office are only to be used for official business related items that are of particular interest to all users and must be approved by the Sheriff or a Undersheriff. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

### 212.4 EMAIL RECORD MANAGEMENT

Email may, depending upon the individual content, be a public record under the Washington Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

### **214.4 SURVEYS**

All surveys made in the name of the Office shall be authorized by the Sheriff or a Undersheriff.

## Staffing Levels

### 216.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

### 216.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in the scheduling of at least one supervisor on duty, or on standby. Sergeants will ensure that at least one deputy is assigned to work or be on standby in both District 1 and District 2.

#### 216.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, [senior officer] may be used as a field supervisor in place of a field sergeant.

Non-immigrant aliens are not eligible for concealed pistol licenses. This check applies for a new concealed pistol license or to renew a concealed pistol license.

A background check for an original license shall be conducted through the WSP Criminal Identification Section and shall include a national check from the Federal Bureau of Investigation through the submission of fingerprints. The applicant may request and receive a copy of the results of the background check from the Sheriff (RCW 9.41.070).

A signed application for a concealed pistol license shall constitute a waiver of confidentiality and written request that the Department of Social and Health Services, mental health institutions, and other health care facilities release information relevant to the applicant's eligibility for a concealed pistol license to an inquiring court or law enforcement agency.

If the applicant is not a United States citizen, the applicant must provide his/her country of citizenship, United States-issued alien number or admission number, and the basis for any exemptions from federal prohibitions on firearm possession by aliens. The applicant shall not be required to produce a birth certificate or other evidence of citizenship. A person who is not a citizen of the United States shall meet the additional requirements of RCW 9.41.173 and provide proof of compliance (RCW 9.41.070).

The application for an original license shall include a complete set of fingerprints to be forwarded to the WSP (RCW 9.41.070(4)).

### 218.3.1 REQUIRED WARNINGS

The license and application shall contain a warning substantially as follows:

“CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. A state license is not a defense to a federal prosecution.”

The license shall contain a description of the major differences between state and federal law and an explanation of the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law (RCW 9.41.070). The application shall contain questions about the applicant's eligibility under RCW 9.41.040 to possess a pistol, the applicant's place of birth, and whether the applicant is a United States citizen.

No other state or local branch or unit of government may impose any additional charges on the applicant for the issuance of the license.

A licensee renewing after the expiration date of the license must pay a late renewal penalty in addition to the renewal fee (RCW 9.41.070(9)).

The Sheriff shall require the person to produce the evidence within fifteen days of the revocation of the license (RCW 9.41.075(2)).

### **218.10 SUSPENSION OF LICENSES**

The Sheriff shall suspend any license issued pursuant to this policy immediately upon notice from the Department of Licensing that the person has been detained under RCW 71.05.150 or RCW 71.05.153 on the grounds that the person presents a likelihood of serious harm due to a behavioral health disorder (RCW 9.41.049).

The license shall remain suspended for a period of six months from the date the person was released from the behavioral health disorder detention or upon notice from the Department of Licensing of a restoration order (RCW 71.05.182; RCW 9.41.047(3)(f)).

### 220.2 POLICY

It is the policy of the Adams County Sheriff's Office to provide identification cards to qualified former or retired deputies as provided in this policy.

### 220.3 LEOSA

The Sheriff may issue an identification card for LEOSA purposes to any qualified former deputy of this department who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this department as a deputy.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this department.

#### 220.3.1 LEOSA IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former deputy and identify him/her as having been employed as a deputy.

If the Adams County Sheriff's Office qualifies the former deputy, the LEOSA identification card or separate certification should indicate the date the former deputy was tested or otherwise found by the Department to meet the active duty standards for qualification to carry a firearm.

#### 220.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former deputy of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:

agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. - (a) Has retired from this department.
- (b) Did not retire because of a mental or stress-related disability.
- (c) Has not been convicted or found not guilty by reason of insanity of a crime making him/her ineligible for a concealed pistol license.

If issued, the identification card must document all of the above qualifications (RCW 9.41.060).

Any retired person receiving such an identification card shall abide by all of the other requirements of this policy that are applicable to a LEOSA identification card.

### **220.5 FORMER DEPUTY RESPONSIBILITIES**

A former deputy with a card issued under this policy shall immediately notify the Sergeant of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions Policy.

In order to obtain or retain a LEOSA identification card, the former deputy shall:

- (a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

### **220.6 FIREARM QUALIFICATIONS**

The Firearms Instructor may provide former deputies from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Firearms Instructor will maintain a record of the qualifications and weapons used.

If provided, the qualification shall include the firearms course and certificate developed by the Washington Association of Sheriffs and Police Chiefs (RCW 36.28A.090).

## Use of Force

### 300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

#### 300.1.1 DEFINITIONS

Definitions related to this policy include:

**Deadly force** - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury.

**Feasible** - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person.

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows a deputy to search, escort, handcuff, or restrain the person.

**Imminent** - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

**Totality of the circumstances** - All facts and circumstances known to the deputy at the time, taken as a whole, including the conduct of the deputy and the subject leading up to the use of force (RCW 10.120.010).

### 300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Adams County Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Use of Force*

---

### 300.2.1 DUTY TO INTERCEDE AND REPORT

Any deputy present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force (RCW 10.93.190).

Any deputy who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations to a supervisor as soon as feasible (RCW 10.93.190).

### 300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

### 300.2.3 ADDITIONAL STATE REQUIREMENTS ON THE DUTY TO INTERCEDE AND REPORT

A deputy shall not be disciplined for or retaliated against in any way for intervening in good faith or for reporting in good faith the unreasonable use of force by another law enforcement officer (RCW 10.93.190) (see the Anti-Retaliation Policy).

## **300.3 USE OF FORCE**

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by this office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

### 300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit.

These factors include but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of suspected drug or alcohol use (RCW 10.120.020).
- (e) The individual's mental state or capacity (RCW 10.120.020).
- (f) The individual's ability to understand and comply with deputy commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and the individual's ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the deputy.
- (l) Potential for injury to deputies, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) The individual is visibly pregnant or claims to be pregnant (RCW 10.120.020).
- (s) The individual is a minor, appears to be a minor, or claims to be a minor (RCW 10.120.020).
- (t) The individual is known to be a vulnerable adult or appears to be a vulnerable adult as defined by RCW 74.34.020 (RCW 10.120.020).
- (u) The individual has limited English proficiency (RCW 10.120.020).
- (v) The individual is in the presence of a child (RCW 10.120.020).
- (w) Any other exigent circumstances.

### 300.3.2 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed office-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the deputy.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

### 300.3.3 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Adams County Sheriff's Office for this specific purpose.

### 300.3.4 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, deputies should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion) (RCW 10.120.010; RCW 10.120.020).

### 300.3.5 RESTRICTIONS ON RESPIRATORY RESTRAINTS

Deputies of this office are not authorized to use respiratory restraints, also known as chokeholds or neck restraints (RCW 10.116.020).

### 300.3.6 WASHINGTON STATE LAW - PHYSICAL FORCE

Physical force means any act reasonably likely to cause physical pain or injury or any other act exerted upon a person's body to compel, control, constrain, or restrain the person's movement. Physical force does not include pat-downs, incidental touching, verbal commands, or compliant handcuffing where there is no physical pain or injury (RCW 10.120.010).

A deputy may use physical force upon another person to the extent necessary to (RCW 10.120.020):

- (a) Protect against a criminal offense when there is probable cause that the person has committed, is committing, or is about to commit the offense.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Use of Force*

---

- (b) Effect an arrest.
- (c) Prevent an escape as defined under chapter 9A.76 RCW.
- (d) Take a person into custody, transport a person for evaluation or treatment, or provide other assistance under RCW 10.77; RCW 71.05; or RCW 71.34.
- (e) Take a minor into protective custody when authorized or directed by statute.
- (f) Execute or enforce a court order authorizing or directing a deputy to take a person into custody.
- (g) Execute a search warrant.
- (h) Execute or enforce an oral directive issued by a judicial officer in the courtroom or a written order where the court expressly authorizes a deputy to use physical force to execute or enforce the directive or order.
- (i) Prevent a person from fleeing or stop a person who is actively fleeing a lawful temporary investigative detention, provided that the person has been given notice that the person is being detained and is not free to leave.
- (j) Take a person into custody when authorized or directed by statute.
- (k) Protect against an imminent threat of bodily injury to the deputy, another person, or the person against whom force is being used.

Deputies shall terminate the use of physical force as soon as the necessity for such force ends (RCW 10.120.020).

### **300.4 DEADLY FORCE APPLICATIONS**

When reasonable, deputies shall, prior to the use of deadly force, make efforts to identify themselves as peace officers and to warn that deadly force may be used, unless a deputy has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is only justified when the deputy reasonably believes it is necessary in the following circumstances (RCW 10.120.020):

- (a) A deputy may use deadly force to protect the deputy or others from what the deputy reasonably believes is an immediate threat of serious physical injury or death.
- (b) A deputy may use deadly force to stop a fleeing subject when the deputy has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the deputy reasonably believes that there is an immediate threat of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

For purposes of deadly force, an "immediate threat of serious physical injury or death" exists when, based on the totality of the circumstances, it is objectively reasonable to believe that a person has the present and apparent ability, opportunity, and intent to immediately cause death or serious bodily injury to the peace officer or another person (RCW 10.120.020).

### 300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle involve additional considerations and risks, and are rarely effective.

When feasible, deputies should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle or of deadly force other than the vehicle that is directed at the deputy or others (RCW 10.116.060).

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

A vehicle is not considered a threat for purposes of this policy unless the operator is using it as a deadly weapon and there are no other reasonable means to immediately avoid that threat (RCW 10.116.060).

### **300.5 REPORTING THE USE OF FORCE**

Any use of force by a member of this office shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Office may require the completion of additional report forms, as specified in office policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

#### 300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the TASER (TM) device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

### 300.5.2 NOTIFICATION TO INDIAN AFFAIRS

When the use of force by a deputy results in the death of a person who is an enrolled member of a federally recognized Indian tribe, notification shall be made to the Governor's Office of Indian Affairs within a reasonable period of time, but not more than 24 hours after the office has good reason to believe the person was an enrolled member. Notice shall include sufficient information for the Governor's Office of Indian Affairs to attempt to identify the deceased person and tribal affiliation (RCW 10.114.021).

### 300.5.3 NOTIFICATION TO CRIMINAL JUSTICE TRAINING COMMISSION (CJTC)

Notification shall be made to CJTC within 15 days of learning of the occurrence of any death or serious injury caused by the use of force by a deputy (RCW 43.101.135).

## **300.6 MEDICAL CONSIDERATIONS**

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe (RCW 10.93.190).

Based upon the deputy's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

### 300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
  1. The content of the interview should not be summarized or included in any related criminal charges.
  2. The fact that a recorded interview was conducted should be documented in a property or other report.
  3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
  1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
  1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

#### 300.7.1 SERGEANT RESPONSIBILITY

The Sergeant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

# Adams County Sheriff's Office

## *Use of Force*

### **300.8 TRAINING**

Deputies will receive periodic training on this policy and demonstrate their knowledge and understanding.

Deputies shall receive training and subsequent periodic training on (RCW 43.101.450; RCW 43.101.495; RCW 10.120.010; RCW 10.120.020):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.
- (b) De-escalation tactics, including alternatives to force and legal requirements.
- (c) Duty to intercede.

### **300.9 USE OF FORCE ANALYSIS**

At least annually, the Undersheriff should prepare an analysis report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of deputies, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

### **300.10 WASHINGTON STATE LAW - REASONABLE CARE**

Deputies shall use reasonable care when determining whether to use and when using any physical force or deadly force against another person. The least amount of physical force necessary shall be used to overcome resistance under the circumstances (RCW 10.120.020).

## Deadly Force Review

### **302.1 PURPOSE AND SCOPE**

This policy establishes a process for the Adams County Sheriff's Office to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

### **302.2 POLICY**

The Adams County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

### **302.3 REMOVAL FROM LINE DUTY ASSIGNMENT**

Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place an employee in an administrative assignment in any case.

## Handcuffing and Restraints

### 306.1 PURPOSE AND SCOPE

The proper use and application of a leg restraint device can reduce the potential of injury and damage to property when dealing with violent or potentially violent persons. This section provides guidelines, policy and procedures for the proper use of these devices.

### 306.2 POLICY

The Adams County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

### 306.3 USE OF RESTRAINTS

Only members who have successfully completed Adams County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

#### 306.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

#### 306.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner available and reasonable under the circumstances, but in no case shall leg irons or waist chains be used. Handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure herself or others, or damage property (RCW 70.48.500).

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Handcuffing and Restraints*

---

When the person is in labor no restraints of any kind shall be used. This does not prohibit a treating physician licensed under Title 18 RCW from requesting the use of hospital restraints for the medical safety of the person (RCW 70.48.500).

### **306.3.3 RESTRAINT OF JUVENILES**

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy or damage property.

Members who are school resource officers should only use restraints on a student participating in school-sponsored instruction or activity when there is an imminent likelihood of serious harm and pursuant to the school policy for students and staff (RCW 28A.600.485).

### **306.3.4 NOTIFICATIONS**

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

### **306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS**

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Office. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

### **306.5 APPLICATION OF SPIT HOODS**

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

## *Handcuffing and Restraints*

---

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid commingling those wearing spit hoods with others and detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

### **306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES**

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

### **306.7 APPLICATION OF LEG RESTRAINT DEVICES**

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the office shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

## *Handcuffing and Restraints*

---

### 306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

- (a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

### 306.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

### 306.8.1 SCHOOL RESOURCE OFFICERS

Members working as school resource officers shall prepare a report pursuant to RCW 28A.600.485 and provide a copy to the school administrator whenever a student is restrained in a room or other enclosure or restrained by handcuffs or other restraint devices during school-sponsored instructions or activities.

### **306.9 TRAINING**

Subject to available resources, the Undersheriff should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Office.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

## Control Devices and Techniques

### 308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

#### 308.1.1 TRAINING FOR CONTROL DEVICES

- (a) Only deputies trained and having shown adequate proficiency in the use of any control device and this agency's Use of Force policy are authorized to carry the device. Proficiency training must be monitored and documented by a certified weapons or tactics instructor.
- (b) Training for all control devices should occur every two years at a minimum.
- (c) All training and proficiency for control devices will be documented in the deputy's training file.
- (d) Deputies failing to demonstrate proficiency with the weapon or knowledge of this agency's Use of Force policy will be provided remedial training. If, after two additional attempts, an deputy still cannot demonstrate proficiency with a weapon or knowledge of this agency's Use of Force policy, the deputy may be subject to discipline.

### 308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Adams County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

### 308.3 ISSUING, CARRYING, AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training and have demonstrated satisfactory skill and proficiency in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain, or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

## *Control Devices and Techniques*

---

### **308.4 RESPONSIBILITIES**

Only authorized personnel may possess and maintain department issued oleoresin capsicum spray. Chemical agents are weapons used to minimize the potential for injury to deputies, offenders, or other persons. They should be used only in situations where such force reasonably appears justified and necessary.

#### **308.4.1 SERGEANT RESPONSIBILITIES**

The Sergeant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

#### **308.4.2 FIREARMS INSTRUCTOR RESPONSIBILITIES**

The Firearms Instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Firearms Instructor or the designated instructor for a particular control device. The inspection shall be documented.

#### **308.4.3 TREATMENT FOR OC SPRAY EXPOSURE**

Persons who have been affected by the use of chemical agents should be promptly provided with the proper solution to cleanse the affected areas. Those persons who complain of further severe effects shall be afforded a medical examination by competent medical personnel.

#### **308.4.4 REPORT OF USE**

All uses of chemical agents shall be documented in the related arrest/crime report and Inter-Office Memo via chain of command.

### **308.5 BATON GUIDELINES**

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

### **308.6 POST-APPLICATION NOTICE**

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

## *Control Devices and Techniques*

---

### **308.7 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES**

Any application of a control device and/or technique listed within this section shall be documented pursuant to Policy Manual §§ 300.4 and 300.5.

### **308.8 TRAINING FOR CONTROL DEVICES**

The Undersheriff shall ensure that all personnel who are authorized to carry a control device have been properly trained, have demonstrated satisfactory skill and proficiency, are certified to carry the specific control device, and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.
- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

## Conducted Energy Device

### 309.1 PURPOSE AND SCOPE

When properly applied in accordance with this policy, the TASER (TM) device Taser device is considered a non-deadly control device which is intended to temporarily incapacitate a violent or potentially violent individual without causing serious injury. It is anticipated that the appropriate use of such a device will result in fewer serious injuries to officers and suspects.

### 309.2 POLICY

The TASER device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

### 309.3 ISSUANCE AND CARRYING TASER DEVICES

Only members who have successfully completed office-approved training and have demonstrated satisfactory skill and proficiency may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office's inventory.

Deputies shall only use the TASER device and cartridges that have been issued by the Office. Uniformed deputies who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carrying while in uniform, deputies shall carry the TASER device in a weak-side holster on the side opposite the duty weapon.

- (a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the TASER device.
- (c) Deputies shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.
- (d) Deputies should not hold both a firearm and the TASER device at the same time.

### 309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.

## *Conducted Energy Device*

---

- (b) Provide other deputies and individuals with a warning that the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the TASER device in the related report.

### **309.5 USE OF THE TASER DEVICE**

The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

#### **309.5.1 APPLICATION OF THE TASER DEVICE**

The TASER device may be used in any of the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person:

- (a) The subject is violent or is physically resisting.
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

#### **309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS**

The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

## *Conducted Energy Device*

---

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

### 309.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the TASER device probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

### 309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Deputies should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the deputy reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the TASER device, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one TASER device at a time against a single subject.

### 309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies should take appropriate actions to control and restrain the individual to minimize the need for longer or multiple exposures to the Taser. As soon as practicable, deputies shall notify a

supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

### 309.5.6 DANGEROUS ANIMALS

The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

### 309.5.7 TASER® CAM™

The TASER CAM is activated any time the safety is in the off position. The safety should be in the safe position unless the deputy intends to use the device. Because the TASER CAM memory is limited, the video and audio data should be downloaded frequently and retained as required by the department records retention schedule.

### 309.5.8 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry office TASER devices while off-duty.

Deputies shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

## **309.6 DOCUMENTATION**

Deputies shall document all TASER device discharges in the related arrest/crime report and the TASER device report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation and arcing the device will also be documented on the report form.

### 309.6.1 TASER DEVICE FORM

Items that shall be included in the TASER device report form are:

- (a) The type and brand of TASER device and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of TASER device activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the TASER device was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Conducted Energy Device*

---

- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any deputies sustained any injuries.

The Undersheriff should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Undersheriff should also conduct audits of data downloads and reconcile TASER device report forms with recorded activations. TASER device information and statistics, with identifying information removed, should periodically be made available to the public.

### **309.6.2 REPORTS**

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing TASER devices
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication or other medical problems

### **309.7 MEDICAL TREATMENT**

Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle and handled appropriately. Universal precautions should be taken when removing and dealing with the probes. Deputies will remove the probes following their training guidelines, unless they are lodged in a sensitive area (see below).

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge should be monitored to see if medical assistance is necessary. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be

## *Conducted Energy Device*

---

witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

### **309.8 SUPERVISOR RESPONSIBILITIES**

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Firearms Instructor and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

### **309.9 TRAINING**

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of a deputy's knowledge and/or practical skill may be required at any time if deemed appropriate by the Undersheriff. All training and proficiency for TASER devices will be documented in the deputy's training file.

Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Deputies who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Undersheriff is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Undersheriff should ensure that all training includes:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.

- (c) Performing weak-hand draws or cross-draws to reduce the possibility of accidentally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the accidental application of probes near the head, neck, chest and groin.
- (e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER device.

## Officer-Involved Shootings and Deaths

### 310.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or as a result of other action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

### 310.2 INVESTIGATION RESPONSIBILITY

This department conforms to the Columbia Basin Investigation Team for investigating officer-involved shootings.

### 310.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's action.
- An administrative investigation as to policy compliance by involved deputies.
- A civil investigation to determine potential liability.

### 310.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

#### 310.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Adams County Sheriff's Office would control the investigation if the suspect's crime occurred in Adams County Sheriff's Office.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Officer-Involved Shootings and Deaths*

---

### 310.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved deputy's conduct during the incident will be determined by the employing agency's protocol. When a deputy from this office is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this office to investigate a shooting or death involving an outside agency's officer shall be referred to the Sheriff or the authorized designee for approval.

### 310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

### 310.4.4 OFFICER/DEPUTY USE OF FORCE INVESTIGATIONS

Where the use of deadly force by a deputy results in death, substantial bodily harm, or great bodily harm, an investigation shall be completed by an independent investigative team that is independent of the Office and meets the independent investigations criteria of the Criminal Justice Training Commission (RCW 10.114.011; WAC 139-12-020; WAC 139-12-030).

## **310.5 INVESTIGATION PROCESS**

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

### 310.5.1 UNINVOLVED DEPUTIES RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved ACSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Office or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

### 310.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved ACSO supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
  1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

- (b) If necessary, the supervisor may administratively order any ACSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
  1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
  2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Sergeant and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional ACSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
  1. Each involved ACSO deputy should be given an administrative order not to discuss the incident with other involved officers or ACSO members pending further direction from a supervisor.
  2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.

### 310.5.3 SERGEANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Sergeant shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Sheriff or Undersheriff.

All outside inquiries about the incident shall be directed to the Sergeant.

### 310.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff
- Investigation Undersheriff
- Columbia Basin Investigation Team rollout team
- Outside agency investigators (if appropriate)
- Undersheriff supervisor
- Civil liability response team
- Psychological/peer support personnel

- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Office to each involved ACSO deputy. A licensed psychotherapist may also be provided to any other affected ACSO members, upon request.
  1. Interviews with a licensed psychotherapist will be considered privileged.
  2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
  3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) The Office will consider communications between qualified peer counselors and involved deputies to be privileged (RCW 5.60.060).

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved ACSO deputy shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Sergeant to make schedule adjustments to accommodate such leave.

### **310.6 CRIMINAL INVESTIGATION**

The County Prosecutor's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

## *Officer-Involved Shootings and Deaths*

---

If available, investigative personnel from this office may be assigned to partner with investigators from outside agencies or the County Prosecutor's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) ACSO supervisors and Undersheriff personnel should not participate directly in any voluntary interview of ACSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved deputies shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

### 310.6.1 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
  - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
  - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Office.

## *Officer-Involved Shootings and Deaths*

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

### **310.6.2 INVESTIGATIVE PERSONNEL**

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Office investigators will be assigned to work with investigators from the County Prosecutor's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the County Prosecutor's Office.

All related office reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Undersheriff.

### **310.7 ADMINISTRATIVE INVESTIGATION**

In addition to all other investigations associated with an officer-involved shooting or death, this office will conduct an internal administrative investigation of involved ACSO deputies to determine conformance with office policy. This investigation will be conducted under the supervision of the Undersheriff and will be considered a confidential peace officer personnel file.

Interviews of members shall be subject to office policies and applicable laws.

- (a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
  1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his or her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved deputy has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

## *Officer-Involved Shootings and Deaths*

---

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
2. If requested, the deputy shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview.
4. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
5. The Undersheriff shall complete all relevant information and reports necessary for the Office to determine compliance with applicable policies.
6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

### **310.7.1 CIVIL LIABILITY RESPONSE**

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation, but shall be given reasonable access to all other investigations.

### **310.8 AUDIO AND VIDEO RECORDINGS**

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted

to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or County Prosecutor's Office, as appropriate.

### **310.9 DEBRIEFING**

Following an officer-involved shooting or death, the Adams County Sheriff's Office should conduct both a critical incident/stress debriefing and a tactical debriefing.

#### **310.9.1 CRITICAL INCIDENT/STRESS DEBRIEFING**

A critical incident/stress debriefing should occur as soon as practicable. The Administration Undersheriff is responsible for organizing the debriefing. Notes and recorded statements should not be taken because the sole purpose of the debriefing is to help mitigate the stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or repeat any communication made during a debriefing unless otherwise authorized by policy, law or a valid court order.

Attendance at the debriefing shall only include those members of the Office directly involved in the incident, which can include support personnel (e.g., dispatcher, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Office, including supervisory and Undersheriff personnel.

#### **310.9.2 TACTICAL DEBRIEFING**

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

### **310.10 MEDIA RELATIONS**

Any media release shall be prepared with input and concurrence from the supervisor and office representative responsible for each phase of the investigation. Releases will be available to the Sergeant, Investigation Undersheriff and Public Information Officer in the event of inquiries from the media.

No involved ACSO deputy shall make any comment to the media unless he/she is authorized by the Sheriff or a Undersheriff.

Office members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, office members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

### 312.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

### 312.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

## 312.8 FIREARMS INSTRUCTOR DUTIES

The range will be under the exclusive control of the Firearms Instructor. All members attending will follow the directions of the Firearms Instructor. The Firearms Instructor will maintain a roster of all members attending the range and will submit the roster to the Undersheriff after each range date. Failure of any deputy to sign in and out with the Firearms Instructor may result in non-participation or non-qualification.

The range shall remain operational and accessible to office members during hours established by the Office.

The Firearms Instructor has the responsibility of making periodic inspections, at least once a year, of all duty weapons carried by deputies of this office to verify proper operation. The Firearms Instructor has the authority to deem any office-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Firearms Instructor.

Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Office, a list of each member who completes the training. If approved, TSA will send the Adams County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the office-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

- (a) The deputy shall carry his/her Adams County Sheriff's Office identification card whenever carrying such firearm.
- (b) The deputy is not the subject of any current disciplinary action.
- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other office policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active permits from other states are subject to all requirements set forth in 18 USC § 926B.

## Vehicle Pursuits

### 314.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved deputies, the public, and fleeing suspects.

#### 314.1.1 DEFINITIONS

Definitions related to this policy include:

**Blocking or vehicle intercept** - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary roadblock.

**Boxing-in** - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out, stall, and come to a stop.

**Ramming** - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

**Roadblocks** - A tactic designed to stop a suspect's vehicle by intentionally placing a law enforcement vehicle or other immovable object in the path of the suspect's vehicle.

**Terminate** - To discontinue a pursuit or stop chasing fleeing vehicles.

**Tire deflation device** - A device designed to puncture the tires of the pursued vehicle.

**Trail** - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

**Vehicle pursuit** - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to a deputy's emergency signal to stop (RCW 10.116.060).

### 314.2 POLICY

It is the policy of this office to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

## Vehicle Pursuits

---

### 314.3 DEPUTY RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized sheriff's office emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by law.

Deputies shall drive with due regard for the safety of all persons and property. However, deputies may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (RCW 46.61.035):

- (a) Proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (b) Exceed the speed limit.
- (c) Disregard regulations governing parking, direction of movement or turning in specified directions.

#### 314.3.1 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, deputies will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the deputies or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Vehicle Pursuits

---

- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

### 314.3.2 VEHICLE PURSUIT FACTORS

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include but are not limited to (RCW 10.116.060):

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists, and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- (d) The pursuing deputies' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (e) Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked sheriff's office vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., minors, passengers, co-offenders, hostages).
- (k) The availability of other resources, such as air support assistance.
- (l) Whether the pursuing vehicle is carrying passengers other than on-duty sheriff's deputies. Pursuits should not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport. A vehicle containing more than a single arrestee should not be involved in a pursuit.

### 314.4 PURSUIT VEHICLES

When involved in a pursuit, unmarked sheriff's office emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Pursuits*

---

Vehicle pursuits should be limited to three sheriff's office emergency vehicles (two pursuit vehicles and the supervisor vehicle). However, the number of vehicles involved will vary with the circumstances.

A deputy or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the number of suspects. All other deputies shall stay out of the pursuit but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

### 314.4.1 MOTORCYCLES

When involved in a pursuit, sheriff's office motorcycles should be replaced by marked emergency vehicles as soon as practicable.

### 314.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Deputies operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Deputies in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those deputies should discontinue such support immediately upon arrival of a sufficient number of authorized emergency sheriff's office vehicles or any air support.

### 314.4.3 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing deputy will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing deputy should notify the dispatcher, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Pursuits*

---

Until relieved by a supervisor or a secondary pursuing deputy, the deputy in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing deputy should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a deputy in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing deputy to concentrate foremost on safe pursuit tactics.

### 314.4.4 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second deputy in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing deputy is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing deputy once the suspect has been stopped.

### 314.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the deputy considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for deputies who are involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
  1. Available deputies not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
  2. Pursuing deputies should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, deputies should not pursue a vehicle driving the wrong direction on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered:
  1. Request assistance from available air support.
  2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
  3. Request other deputies to observe exits available to the suspect.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Pursuits*

---

- (d) Notify the Washington State Patrol or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- (e) Deputies involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing deputy and with a clear understanding of the maneuver process between the involved deputies.

### **314.5.1 PURSUIT TRAILING**

In the event that initial pursuing deputies relinquish control of the pursuit to another agency, the initial deputies may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

### **314.5.2 AIR SUPPORT ASSISTANCE**

When available, air support assistance should be requested. Once the air support crew has established visual contact with the pursued vehicle, they should assume communication control over the pursuit. The primary and secondary ground pursuit vehicles, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants their continued close proximity and/or involvement in the pursuit.

The air support crew should coordinate the activities of resources on the ground, report progress of the pursuit, and provide deputies and supervisors with details of upcoming traffic congestion, road hazards or other pertinent information to evaluate whether to continue the pursuit. If deputies on the ground are not within visual contact of the pursued vehicle and the air support crew determines that it is unsafe to continue the pursuit, the air support crew should recommend terminating the pursuit.

### **314.5.3 DEPUTIES NOT INVOLVED IN THE PURSUIT**

Deputies who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those deputies should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the sheriff's office vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a nonemergency manner, observing the rules of the road.

The primary pursuit vehicle, secondary pursuit vehicle and supervisor vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other deputies are assigned to the pursuit.

## **314.6 SUPERVISORY CONTROL AND RESPONSIBILITIES**

Available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office (RCW 10.116.060).

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Pursuits*

---

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

- (a) Immediately notifying involved deputies and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established office guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in the field supervisor's judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring that the Sergeant is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this office.
- (j) Controlling and managing Adams County Sheriff's Office deputies when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

### **314.6.1 SERGEANT RESPONSIBILITIES**

Upon becoming aware that a pursuit has been initiated, the Sergeant should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Sergeant has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Sergeant shall review all pertinent reports for content and forward them to the Undersheriff.

### **314.7 DISPATCH**

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this office or such is imminent, involved deputies should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies.

#### **314.7.1 RESPONSIBILITIES**

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- (a) Clearing the radio channel of nonemergency traffic.

## *Vehicle Pursuits*

---

- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Sergeant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

### **314.8 LOSS OF PURSUED VEHICLE**

When the pursued vehicle is lost, the involved deputies should broadcast pertinent information to assist other deputies in locating the vehicle. The primary pursuing deputy or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

### **314.9 INTERJURISDICTIONAL CONSIDERATIONS**

When a pursuit enters another agency's jurisdiction, the primary pursuing deputy or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

#### **314.9.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY**

Deputies will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Adams County Sheriff's Office is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved deputies may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of deputies at the termination point of a pursuit initiated by this office shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this office, the other agency should relinquish control.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Pursuits*

### 314.9.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Deputies from this office should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, a deputy from this office may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this office to assist or take over a pursuit that has entered the jurisdiction of the Adams County Sheriff's Office, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing deputies.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Sergeant should review a request for assistance from another agency. The Sergeant or supervisor, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing agency by deputies of this office will conclude at the County limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this office may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, deputies shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

### **314.10 PURSUIT INTERVENTION**

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT, ramming or roadblock procedures.

#### 314.10.1 WHEN USE IS AUTHORIZED

Whenever practicable, an deputy shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, deputies/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the deputy at the time of the decision.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Vehicle Pursuits

---

### 314.10.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon (see the Use of Force Policy).

### 314.10.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Deputies shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained deputies and after giving consideration to the following:
  1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, deputies, or others.
  2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
  3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of danger to those involved or the public.
  4. The suspect vehicle is stopped or traveling at a low speed.
  5. Only law enforcement vehicles should be used in this tactic.
- (b) The PIT is limited to use by properly trained deputies with the approval of a supervisor and upon assessment of the circumstances and conditions presented at the time, including the potential for risk of injury to deputies, the public, and occupants of the pursued vehicle.
- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputy's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
  1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Vehicle Pursuits

---

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner or using the vehicle as a weapon.
- (d) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to deputies, the public, and occupants of the pursued vehicle. Deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
  - (e) Tire deflation devices should be deployed only after notification of pursuing deputies and the supervisor of the intent and location of the intended deployment, and in a manner that:
    1. Should reasonably only affect the pursued vehicle.
    2. Provides the deploying deputy adequate cover and escape from intentional or unintentional exposure to the approaching vehicle.
    3. Takes into account the limitations of such devices as well as the potential risk to deputies, the public, and occupants of the pursued vehicle.
    4. Takes into account whether the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children.
  - (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor. If roadblocks are deployed, it should only be done under extraordinary conditions when all other reasonable intervention tactics have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, deputies, or the public.

### **314.11 CAPTURE OF SUSPECTS**

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing deputy should coordinate efforts to apprehend the suspect following the pursuit. Deputies should consider the safety of the public and the involved deputies when formulating plans for setting up perimeters or for containing and capturing the suspect.

### **314.12 REPORTING REQUIREMENTS**

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Pursuits*

---

- (a) The primary pursuing deputy shall complete appropriate crime/arrest reports.
- (b) The primary pursuing deputy or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Sheriff or the authorized designee. This log or memorandum should include, at a minimum:
  - 1. Date and time of the pursuit.
  - 2. Initial reason and circumstances surrounding the pursuit.
  - 3. Length of pursuit in distance and time, including the starting and termination points.
  - 4. Involved vehicles and deputies.
  - 5. Alleged offenses.
  - 6. Whether a suspect was apprehended, as well as the means and methods used.
    - (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
  - 7. Arrestee information, if applicable.
  - 8. Any injuries and/or medical treatment.
  - 9. Any property or equipment damage.
  - 10. Name of supervisor at the scene or who handled the incident.
  - 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (d) After receiving copies of reports, logs and other pertinent information, the Sheriff or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
- (e) Annually, the Sheriff should direct a documented review and analysis of office vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

### **314.13 REGULAR AND PERIODIC PURSUIT TRAINING**

In addition to initial and supplementary training on pursuits, all deputies will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

### **314.14 POLICY REVIEW**

Deputies of this office shall certify in writing that they have received, read and understand this policy initially, upon any amendments and whenever training on the policy is provided.

## Deputy Response to Calls

### 316.1 PURPOSE AND SCOPE

This policy provides deputies with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

### 316.2 POLICY

It is the policy of this office to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

### 316.3 RESPONSE TO CALLS

Deputies responding to non-emergency calls shall proceed accordingly, unless they are sent or redirected to a higher priority call, and shall obey all traffic laws.

### 316.4 SAFETY CONSIDERATIONS

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the deputy may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (RCW 46.61.035):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing parking, direction of movement or turning in specified directions.

#### 316.4.1 NUMBER OF DEPUTIES ASSIGNED

The number of deputies assigned to respond to an emergency call or request for assistance should be limited to that which is reasonably necessary.

An emergency response involving more than one sheriff's vehicle should be coordinated by Dispatch to avoid any unanticipated intersecting of response routes. The dispatcher shall notify the Sergeant or field supervisor, who will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

### 316.5 DISPATCH

When information reasonably indicates that the public is threatened with serious injury or death, or a deputy requests emergency assistance and immediate law enforcement response is needed, the dispatcher shall assign an emergency response and ensure acknowledgement and response of handling and assisting deputies. In all other circumstances, the dispatcher shall obtain authorization from the Sergeant or a field supervisor prior to assigning an emergency response.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Deputy Response to Calls*

---

### 316.5.1 RESPONSIBILITIES

Upon notification or assignment of an emergency response, the dispatcher is responsible for:

- (a) Confirming the location from which the deputy is responding or requesting assistance.
- (b) Attempting to assign the closest available assisting deputies to the location of the emergency call.
- (c) Continuing to obtain and broadcast information as necessary concerning the response and monitoring the situation until it is stabilized or terminated.
- (d) Notifying and coordinating allied emergency services (e.g., fire, emergency medical services).
- (e) Notifying the Sergeant as soon as practicable.
- (f) Controlling all radio communications during the emergency and coordinating assistance under the direction of the Sergeant or field supervisor.

### 316.6 PRIORITY OF HANDLING CALLS FOR SERVICE

It is not always possible for the Department to respond to every Call for Service; therefore, the Department must organize available resources to give the highest level of efficient service possible. Priority of call assignment depends on many factors and a deputy in the field may be required to decide whether to continue on an assigned call or handle a citizen's complaint or other observed event and cause the original call to be reassigned or delayed. Such determination should be based upon the comparative urgency and the risk to life and property of the assigned call and the intervening incident. When it is not possible for an officer to handle a citizen's complaint or an observed event, the officer should, if circumstances permit, either give directions for obtaining such assistance or initiate the necessary notifications.

A) Response to Crime Against Persons- All Calls for Service alleging or describing a potential, real or imagined threat of injury will be immediately responded to. There will be no delays.

B) Response to Crime Against Property- All Calls for Service alleging or describing a potential, real or imagined threat of damage, or theft of real or personal property will be responded to in the following manner:

- 1) In progress or in custody there will be no delay.
- 2) Routine - Personal or telephone contact will be made within 30 minutes.

### 316.7 SUPERVISOR RESPONSIBILITIES

Upon being notified that an emergency response has been initiated or requested, the Sergeant or the field supervisor shall verify that:

- (a) The proper response has been initiated.
- (b) No more than those deputies reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

## *Deputy Response to Calls*

---

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing deputies into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional deputies to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Sergeant or the field supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding deputies and the location of the incident.

## Canines

### 318.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including, but not limited to, locating individuals and contraband and apprehending criminal offenders.

### 318.2 POLICY

It is the policy of the Adams County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

#### 318.2.1 PREPARATIONS FOR UTILIZING A CANINE

Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on scene shall carefully consider all pertinent information that is reasonably available at the time. The information should include, but is not limited to, the following:

- (a) The individual's age or estimate thereof.
- (b) The nature of the suspected offense.
- (c) Any potential danger to the public and/or other deputies at the scene if the canine is released.
- (d) The degree of resistance or threatened resistance, if any, the subject has shown.
- (e) The potential for escape or flight if the canine is not utilized.
- (f) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury.

A canine handler shall have the ultimate authority not to deploy the canine. The handler will evaluate each situation and determine if the use of a canine is technically feasible. Generally, the decision to deploy the canine shall remain with the handler. However, a supervisor sufficiently apprised of the situation may decide not to deploy the canine.

#### 318.2.2 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth, shall be made prior to releasing a canine. The canine handler, when practical, shall first advise the supervisor of his/her decision if a verbal warning is not given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report whether or not a verbal warning was given and, if none was given, the reasons why.

## Canines

---

### 318.2.3 USE OF NARCOTIC-DETECTION CANINES

A narcotic-detection-trained canine may be used in accordance with current law under the following circumstances:

- (a) To assist in the search for narcotics during a search warrant service.
- (b) To obtain a search warrant by using the detection canine in support of probable cause.
- (c) To search vehicles, buildings, bags, and any other articles deemed necessary.
- (d) A narcotic-detection canine will not be used to search a person for narcotics.

### 318.2.4 USE OF BOMB/EXPLOSIVE DETECTION DOGS

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a trained explosive detection dog team may be warranted. When available, a trained explosive detection dog team may be used in accordance with current law and under the following circumstances:

- (a) To assist in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) To conduct preventative searches at locations such as special events, VIP visits, official buildings and other restricted areas. Because a dog sniff may be considered a search, such searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (c) To assist with searches at transportation facilities and vehicles (e.g., buses, airplanes and trains).
- (d) To assist in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.
- (e) At no time will a detection dog be used to render a suspected device safe or clear.

### 318.2.5 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention) or suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and the ability of the canine to determine the feasibility of such an application.

- (a) Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such applications should be conducted on leash or under such conditions that will minimize the likelihood that the canine will bite or otherwise injure the individual.
- (b) Throughout the deployment of the canine in such circumstances, the handler should consider issuing periodic verbal assurances that the canine will not bite or hurt the person.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Canines

---

- (c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.
- (d) Once the individual has been located, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practicable.

### 318.2.6 REPORTING CANINE USE, BITES AND INJURIES

Whenever a canine is deployed and intentionally bites or otherwise causes injury to a suspect, a supervisor shall be promptly notified and the injuries documented in a Canine Use Report Form. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by the canine during deployments, operations, training, presentations or under any other circumstances, either on- or off-duty, shall be promptly reported to the Unit Coordinator. Unintended bites or injuries caused by the canine should be documented in an administrative report, not on a Canine Use Report Form.

### 318.2.7 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the Sergeant.

Medical care for any injured canine shall follow the protocol established in the Medical Care of the Canine section of this policy.

The injury will be documented on a Canine Use Report Form.

### 318.2.8 ASSIGNMENT OF CANINES

The canine teams shall be assigned to the Patrol Section to supplement and assist the Patrol Bureau.

They will handle calls as other patrol units do, unless there is a specific need for a canine unit.

## 318.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol to function primarily in assist or cover assignments. However, they may be assigned by the Sergeant to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time. If such assignment is necessary, it should only be made with the approval of the Sergeant.

### 318.3.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES

A supervisor must approve all requests for canine assistance from outside agencies subject to the following provisions:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The handler has the ultimate authority to decide whether the canine should be used for any specific assignment.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Canines

---

- (c) Canine teams shall not be called out while off-duty or used outside the boundaries of Adams County unless authorized by the Undersheriff or Sheriff
- (d) It shall be the responsibility of the canine handler to coordinate with outside agency personnel in order to minimize the risk of unintended injury.

### 318.3.2 REQUEST FOR PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be approved by the Sheriff or Undersheriff prior to making any commitment.

Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the Sheriff or Undersheriff.

### 318.4 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Patrol section or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

### 318.5 REQUESTS FOR CANINE TEAMS

Patrol Section members are encouraged to request the use of a canine. Requests for a canine team from office units outside of the Patrol Section shall be reviewed by the Sergeant.

#### 318.5.1 AVAILABILITY

The handler shall be available for call-out under conditions specified by the Unit Coordinator.

#### 318.5.2 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Sergeant and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Canines

---

- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) Calling out off-duty canine teams is discouraged.
- (d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

### 318.5.3 CANINE IN PUBLIC AREAS

All canines shall be kept on a leash when in areas that allow access to the public. Exceptions would include specific police operations for which the canines are trained.

- (a) Canines shall not be left unattended in any area to which the public may have access.
- (b) When the canine unit is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also insure that the unattended unit remains inhabitable for the canine.

### 318.5.4 HANDLER COMPENSATION

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the dog as provided in the Fair Labor Standards Act. The compensation shall be prescribed in the employee's Collective Bargaining Agreement.

### 318.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any deputies, or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing deputy, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Sergeant. Absent a change in circumstances

## Canines

---

that presents an imminent threat to deputies, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

### 318.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other deputies at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

### 318.6.2 EMERGENCY MEDICAL CARE

The handler shall notify the Sheriff or Undersheriff as soon as practicable when emergency medical care is required.

Depending on the severity of the illness or injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and dog are out of the area, the handler may use the nearest available veterinarian.

## Canines

---

### 318.6.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current office evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

### 318.7 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to deputies, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

#### 318.7.1 CONTINUED TRAINING

Each canine team shall thereafter be re-certified to CJTC police service dog standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams shall receive training as defined in the current contract with the department's canine training provider.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Canines

---

- (b) Canine handlers are encouraged to engage in additional training with approval of the Unit Coordinator.
- (c) To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is contrary to the policies of the Adams County Sheriff's Office.
- (d) All canine training shall be conducted while on-duty unless otherwise approved by the Unit Coordinator or Sergeant .

### 318.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

### 318.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all office equipment under his/her control in a clean and serviceable condition.
- (c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- (d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Adams County Sheriff's Office facility.

- (f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (g) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (h) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.

### 318.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

### 318.9.2 IMMUNITY

Adams County Sheriff's Office deputies and any person working under their immediate direction, supervision or instruction, may possess controlled substances and paraphernalia only when such possession is in conjunction with the performance of their official duties, while providing substance abuse training to law enforcement or the community or while providing sheriff's canine drug detection training.

### 318.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement/memorandum of understanding (29 USC § 207).

## Domestic Violence

### 320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this office to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

#### 320.1.1 DEFINITIONS

Definitions related to this policy include:

**Court order** - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

**Domestic violence** - Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, sexual assault, or stalking of one intimate partner by another intimate partner; or physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault, sexual assault, or stalking of one family or household member by another family or household member (RCW 10.99.020; RCW 26.50.010).

### 320.2 POLICY

The Adams County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

#### 320.2.1 DEPUTY PROTECTION FROM LIABILITY

No deputy may be held criminally or civilly liable for making a domestic violence arrest if the deputy acts in good faith and without malice (RCW 26.50.140, 10.31.100 (12), and 19.99.070). Deputies who willfully fail to enforce the law are not immune from liability, the above statutes notwithstanding. Victims of domestic violence must receive equal protection under the law and it is the policy of the Adams County Sheriff's Office that all deputies will be held accountable for any willful failure to enforce domestic violence laws.

### 320.3 OFFICER SAFETY

In its response to domestic violence all employees of the Adams County Sheriff's Office should consistently stress the enforcement of the laws in order protect the victim and communicate the attitude that violent behavior is criminal behavior and will not be tolerated. The following factors should not be used to avoid making an arrest:

- (a) Marital status of suspect and victim.
- (b) Whether or not the suspect lives on the premises with the victim.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Domestic Violence*

- (j) Speculation that complainant may not follow through with the prosecution.
- (k) The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

### 320.3.1 MANDATORY ARRESTS

Deputies who respond to an incident of domestic disturbance shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the deputy has probable cause to believe that:

- (a) An order has been issued of which the person has knowledge under RCW 26.44.063, or Chapter 7.90, 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person.
- (b) A foreign protection order has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime.
- (c) The person is sixteen years or older and within the preceding four hours has assaulted a family or household member and the deputy believes (RCW 10.31.100 (2)):
  - 1. A felonious assault has occurred.

3. That any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition.

### 320.3.2 DUAL ARRESTS

In responding to domestic violence incidents, deputies should generally be reluctant to make dual arrests. Deputies shall make reasonable efforts to identify the primary aggressor in any incident. The primary aggressor is the person determined to be the most significant, rather than the first aggressor. In identifying the primary aggressor, an deputy shall consider (RCW 10.31.100(2)(c)):

- (a) The intent of the law to protect victims of domestic violence from continuing abuse.
- (b) The comparative extent of injuries inflicted or serious threats creating fear of physical injury.
- (c) The history of domestic violence between the persons involved.

### 320.3.3 RELEASE

Once a suspect has been arrested under the provisions of RCW 10.31.100(2) the suspect shall be taken to jail. Deputies have no authority to subsequently release the arrested person and any post incarceration release decision will be the responsibility of corrections personnel.

### 320.3.4 VICTIM'S RIGHTS

The deputy shall notify the victim of their right to initiate a criminal proceeding in all cases where the deputy has not exercised arrest powers or decided to initiate criminal proceedings by citation or otherwise. The parties in such cases shall also be advised of the importance of preserving evidence (RCW 10.99.030(6)(a)).

### 320.3.5 PROTECTIVE ORDER VIOLATIONS

A willful violation of a no-contact provision of a court order is a criminal offense and shall be enforced accordingly to preserve the integrity and intent of the domestic violence act (RCW 26.50.110 (1)). A deputy shall arrest without a warrant and take into custody a person whom the deputy has probable cause to believe has violated a valid protective order (RCW chapter 7.90, 10.99, 26.09, 26.10, 26.26, or 74.34), or a valid foreign protection order that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order (RCW 26.50.110 (2)(2)).

### 320.3.6 TENANCY ISSUES

- (a) If there is no court order in effect, officers may request a person who is not in lawful possession of the premises to leave when:

## *Domestic Violence*

---

1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.); and
  2. The complainant has requested that the person leave the premises.
- (b) The deputy should stand by until the suspect removes essential belongings.
1. Deputies will not assist or participate in the division of property.
  2. Such civil standbys should be limited to no more than 20 minutes.
- (c) If the suspect does not leave upon request, an arrest may be made for trespass.
- (d) If the complainant requesting removal of the suspect cannot show proof of lawful possession, the deputy should refer the complainant for a Protection Order or other appropriate civil remedy.

### **320.4 INVESTIGATIONS**

The following guidelines should be followed by deputies when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

1. Deputies who have probable cause that a crime has been committed shall lawfully seize all firearms and ammunition that they reasonably believe were used or threatened to be used in the commission of the offense. Deputies shall also seize all firearms in plain sight or discovered in a lawful search. Deputies shall request consent to take temporary custody of any other firearms and ammunition that the alleged suspect may have access to (RCW 10.99.030).
  2. Deputies shall separate the victim and inquire whether there are any firearms or ammunition in the home, whether the suspect has access to any firearms either on the premises or stored elsewhere, whether the suspect has a concealed pistol license, and whether a firearm has ever been used by the suspect under other circumstances that could be threatening or coercive (RCW 10.99.030).
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
1. Whether the suspect lives on the premises with the victim.
  2. Claims by the suspect that the victim provoked or perpetuated the violence.
  3. The potential financial or child custody consequences of arrest.
  4. The physical or emotional state of either party.
  5. Use of drugs or alcohol by either party.
  6. Denial that the abuse occurred where evidence indicates otherwise.
  7. A request by the victim not to arrest the suspect.
  8. Location of the incident (public/private).
  9. Speculation that the complainant may not follow through with the prosecution.
  10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
  11. The social status, community status, or professional position of the victim or suspect.
- (k) Unless doing so would jeopardize the criminal investigation, the victim should be apprised of investigative plans such as when the suspect or witnesses are going to be interviewed and any plans for making an arrest.

### 320.4.1 HOSPITALIZED VICTIM

When responding to a medical facility regarding an injured person, deputies should make a reasonable attempt to determine whether the injury was a result of domestic violence prior to contacting the victim or person who reported the incident.

If domestic violence is suspected, contact should be made with the medical facility representatives out of the view and hearing of the victim and any potential suspects when practical.

### 320.4.2 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

### 320.4.3 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Advise the parties of any options, including but not limited to:
  1. Voluntary separation of the parties.
  2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

## **320.5 VICTIM ASSISTANCE**

Victims may be traumatized or confused. Deputies should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the office's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

### 320.5.1 PHOTOGRAPHS OF INJURIES

All visible injuries should be photographed regardless of severity and all victims shall receive proper medical care prior to being photographed, if needed or desired.

Victims whose injuries are not visible at the time of the incident shall be advised to contact the Investigations, in the event they become visible. An investigator may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

### 320.5.2 OTHER EVIDENCE

All injuries, whether observable or not, should be documented in the incident report. The emotional demeanor of the victim and suspect should be noted.

Deputies should impound all physical evidence that substantiates the victim's injuries and/or the crimes charged (e.g., weapons, torn clothing, and broken items).

Whenever possible, deputies should attempt to preserve the 9-1-1 tape of the call for assistance, particularly when the victim is the calling party.

## **320.6 DISPATCH ASSISTANCE**

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

### 320.6.1 WRITTEN NOTICE TO VICTIMS

In all cases when a deputy responds to a domestic violence call, the deputy shall advise victims of all reasonable means to prevent further abuse, including advising each person of the availability of a shelter or other services in the community, and giving each person immediate notice of the legal rights and remedies available. The notice shall include handing each person a copy of the following statement (RCW 10.99.030(7)):

"IF YOU ARE THE VICTIM OF DOMESTIC VIOLENCE, you can ask the city or County Prosecutor to file a criminal complaint. You also have the right to file a petition in superior, district, or municipal court requesting an order for protection from domestic abuse which could include any of the following: (a) An order restraining your abuser from further acts of abuse; (b) an order directing your abuser to leave your household; (c) an order preventing your abuser from entering your residence, school, business, or place of employment; (d) an order awarding you or the other parent custody of or visitation with your minor child or children; and (e) an order restraining your abuser from molesting or interfering with minor children in your custody. The forms you need to obtain a protection order are available in any municipal, district, or superior court. Information about

### **320.7 FOREIGN COURT ORDERS**

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

#### **320.7.1 RECORD-KEEPING RESPONSIBILITIES**

All law enforcement agencies are required to maintain records on the number of domestic violence related calls reported to their agency. This information is to be reported to the Washington Association of Sheriff's and Police Chief's. It shall be the responsibility of the Records Clerk to maintain and report this information as required (RCW 10.99.030).

#### **320.7.2 CANADIAN COURT ORDERS**

Any foreign court order properly issued in Canada shall be enforced by a deputy as a foreign court order above. Any notice, if required, should be made in compliance with RCW 26.55.020.

### **320.8 VERIFICATION OF COURT ORDERS**

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms, and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

### **320.9 STANDARDS FOR ARRESTS**

Deputies investigating a domestic violence report should consider the following:

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Domestic Violence*

---

- (a) The primary duty of deputies when responding to a domestic violence situation is to enforce the laws allegedly violated and to protect the complaining party (RCW 10.99.030(1)).
- (b) When a deputy responds to a domestic violence call and has probable cause to believe that a crime has been committed, he/she shall make an arrest pursuant to the criteria in RCW 10.31.100 and RCW 10.99.030(2)(a).
- (c) When a deputy has confirmed that a valid court order exists and has probable cause to believe the defendant has violated that order, the deputy shall make a physical arrest (RCW 10.99.055; RCW 10.31.100(2)). Whenever a member of this office serves or assists in serving a court order and that service is completed, a return of service form shall be completed and submitted to the Washington Crime Information Center (WACIC).

### **320.10 REPORTS AND RECORDS**

- (a) Deputies responding to a domestic violence call shall take a complete offense report, including the disposition of the case (RCW 10.99.030(2)(b)).
  - 1. The report shall include all information about firearms and concealed pistol licenses and be properly coded to alert any officials reviewing the report to the existence of the information concerning firearms (RCW 10.99.030).
- (b) All such reports should be documented under the appropriate crime classification and should use the distinction "Domestic Violence" in the Type of Crime box of the crime report form (RCW 10.99.035).
- (c) Whenever there is probable cause to believe that a crime has been committed and unless the case is under active investigation, the Investigation Supervisor shall ensure that all domestic violence crime reports are forwarded to the County Prosecutor's Office within 10 days of the date the incident was reported (RCW 10.99.035).
- (d) The Records Clerk shall ensure that accurate records of domestic violence incidents are maintained and submitted to the Washington Association of Sheriffs and Police Chiefs, in accordance with state law (RCW 10.99.035).
- (e) The Records Clerk should ensure that the original receipt issued for any firearm, dangerous weapon, or pistol license surrendered after service of a protection order is filed with the court within 24 hours of service of the order and retain a copy of the receipt electronically if available (RCW 9.41.801).

### **320.11 COURT ORDERS**

The Records Clerk shall ensure that no-contact orders received from the court are entered into the WACIC or other applicable criminal intelligence information system for one year or until the expiration date specified on the order (RCW 10.99.040; RCW 10.99.050).

### **320.12 SERVICE OF COURT ORDERS**

The deputy serving a protection order, no-contact order, or restraining order that includes an order to surrender all firearms, dangerous weapons, and a concealed pistol license under RCW 9.41.800 shall (RCW 9.41.801):

- (a) Advise the subject that the order is effective upon service.
- (b) Request that any firearms, dangerous weapons, and any concealed pistol license be immediately surrendered. Deputies shall take possession of any firearms discovered in plain view, lawful search, or consent from the subject.
  - 1. If the subject indicates by word or action that he/she will not comply with a request to surrender firearms, dangerous weapons, or a concealed pistol license, consideration should be given to obtaining a search warrant for seizure.
- (c) Issue a receipt for any surrendered items.
  - 1. The deputy should ensure the original receipt is forwarded to the Records Clerk as soon as practicable for filing with the court.

All firearms and weapons collected shall be handled and booked in accordance with the Property and Evidence Policy.

### **320.13 ORDERS TO SHOW CAUSE**

When the Office receives notice from the court of an order to show cause regarding the surrender of weapons, the Investigations supervisor should consult with legal counsel, as appropriate, to address any requirements involving the Office, including the following (RCW 9.41.801):

- (a) Fulfilling any additional service requirements for the order to show cause.
- (b) Providing the court a complete list of firearms and other dangerous weapons surrendered by the person pursuant to the court order that are in the possession of the Office.
- (c) Providing the court with verification that any concealed pistol license was surrendered by the person pursuant to the court order and that the agency with authority to revoke the license has been notified.
- (d) Filing an affidavit with the court where there is reasonable suspicion that the person who is subject to the court order is not in full compliance with the terms, including the basis for the belief.

## Search and Seizure

### 322.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Adams County Sheriff's Office personnel to consider when dealing with search and seizure issues.

### 322.2 POLICY

It is the policy of the Adams County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

The Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

### 322.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

## *Search and Seizure*

---

### 322.3.1 RESIDENCE

Absent a valid search warrant, exigent circumstances, probation or parole authorization, or valid consent, every person has a reasonable expectation of privacy inside his/her home. Individuals do not, however, generally have a reasonable expectation of privacy in areas around their home where the general public (e.g., mail carriers and solicitors) would reasonably be permitted to go.

### 322.3.2 PLAIN VIEW

Because an individual does not have an expectation of privacy as to items that are in plain view, no search has taken place in a constitutional sense when an object is viewed from a location where the deputy has a right to be.

An item in plain view may generally be seized when all of the following conditions exist:

- (a) It was viewed from a lawful location.
- (b) There is probable cause to believe that the item is linked to criminal activity.
- (c) The location of the item can be legally accessed.

It is important to note that the so-called "Nexus Rule" requires that even items in plain view must not be seized unless there is probable cause to believe that the item will aid in an investigation. Such a nexus should be included in any related reports.

### 322.3.3 EXIGENT CIRCUMSTANCES

Exigent circumstances permitting entry into premises without a warrant or valid consent generally include any of the following:

- (a) Imminent danger of injury or death.
- (b) Serious damage to property.
- (c) Imminent escape of a suspect.
- (d) The destruction of evidence.

An exigency created by the deputy's own conduct as an excuse for a warrantless entry is not generally permitted.

## **322.4 SEARCH PROTOCOL**

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this office will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Search and Seizure

---

- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
  1. Another deputy or a supervisor should witness the search.
  2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

### **322.5 DOCUMENTATION**

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and office policy have been met.

## Temporary Custody of Juveniles

### 324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Adams County Sheriff's Office (42 USC § 5633).

#### 324.1.1 DEFINITIONS

Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection, or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

**Juvenile offender** - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or a juvenile who has violated RCW 9.41.040(2)(a) by possessing a handgun (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

## *Temporary Custody of Juveniles*

---

**Sight and sound separation** - Located or arranged to prevent physical, visual, or auditory contact.

**Status offender** - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

### **324.2 POLICY**

The Adams County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Adams County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

#### **324.2.1 CONSTITUTIONAL RIGHTS ADVISEMENT**

In any case where a juvenile is taken into temporary custody, the juvenile should be promptly advised of his/her constitutional rights to ensure the admissibility of any spontaneous statements, whether or not questioning is intended.

### **324.3 JUVENILES WHO SHOULD NOT BE HELD**

Juveniles who exhibit any of the following conditions should not be held at the Adams County Sheriff's Office:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Adams County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

### **324.4 CUSTODY OF JUVENILES**

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Adams County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

# Adams County Sheriff's Office

## *Temporary Custody of Juveniles*

---

No juvenile should be held in temporary custody at the Adams County Sheriff's Office without authorization of the arresting deputy's supervisor or the Sergeant. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Office (34 USC § 11133; RCW 13.04.116(b)).

### 324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Adams County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

### 324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133; RCW 43.185C.260).

### 324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Adams County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, juvenile offenders may be taken into custody under the following circumstances (RCW 13.40.040(1)):

- (a) Pursuant to a court order.
- (b) Without a court order, by a deputy if grounds exist for the arrest of an adult in identical circumstances.
- (c) When his/her parole has been suspended.

### 324.4.4 LIMITATIONS ON RELEASE OF JUVENILE OFFENDERS

Juveniles should be referred to the appropriate juvenile authority and not released to a parent or guardian when there is probable cause to believe the juvenile (RCW 13.40.040(2)):

- (a) Will likely fail to appear for further proceedings.
- (b) Needs protection from him/herself.
- (c) Is a threat to community safety.
- (d) Will intimidate witnesses or otherwise unlawfully interfere with the administration of justice.

### **324.4.6 VICTIMS OF SEXUAL EXPLOITATION**

A deputy may take a juvenile into custody to investigate possible sexual exploitation when the deputy reasonably believes the juvenile is attempting to engage in sexual conduct for money or anything of value (RCW 43.185C.260).

In these cases, the deputy should transport the juvenile to an authorized evaluation and treatment facility in coordination with a community service provider (RCW 43.185C.260) (see the Child Abuse Policy for any mandatory notification requirements).

### **324.5 ADVISEMENTS**

When a juvenile offender is taken into custody, the deputy should, as soon as practicable, notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody.

Juveniles taken into custody should be advised the reason for the custody (RCW 43.185C.265).

### **324.6 NO-CONTACT REQUIREMENTS**

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Office (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Adams County Sheriff's Office shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

### **324.7 TEMPORARY CUSTODY REQUIREMENTS**

Members and supervisors assigned to monitor or process any juvenile at the Adams County Sheriff's Office shall ensure the following:

- (a) The Sergeant should be notified if it is anticipated that a juvenile may need to remain at the Adams County Sheriff's Office more than four hours. This will enable the Sergeant to ensure no juvenile is held at the Adams County Sheriff's Office more than six hours.
- (b) Welfare checks and significant incidents/activities are noted on the log.
- (c) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
  1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
  2. This does not apply to surreptitious and legally obtained recorded interrogations.
- (d) A member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (e) There is reasonable access to toilets and wash basins.

- (o) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse.

### **324.8 USE OF RESTRAINT DEVICES**

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Adams County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Sergeant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

#### **324.8.1 PREGNANT JUVENILES**

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

### **324.9 PERSONAL PROPERTY**

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

## *Temporary Custody of Juveniles*

---

### **324.10 SECURE CUSTODY**

Only juvenile offenders 14 years and older may be placed in secure custody. Sergeant approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this office should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

### **324.11 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE**

The Undersheriff will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Adams County Sheriff's Office. The procedures will address:

- (a) Immediate request for emergency medical assistance if appropriate.
- (b) Immediate notification of the on-duty supervisor, Sheriff and Investigations supervisor.
- (c) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (d) Notification of the appropriate prosecutor.
- (e) Notification of the County Prosecutor.
- (f) Notification of the Coroner.
- (g) Notification of the juvenile court.
- (h) Evidence preservation.

### **324.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS**

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, a deputy shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (RCW 13.40.740):

- (a) There is a belief that the juvenile is a victim of trafficking as defined by RCW 9A.40.100.
- (b) Information is necessary to protect an individual's life from an imminent threat.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Temporary Custody of Juveniles*

---

- (c) A delay to allow legal consultation would impede the protection of an individual's life from imminent threat.
- (d) The questions are limited to what is reasonably expected to obtain the information necessary to protect an individual's life from an imminent threat.

After a consultation, any assertion of constitutional rights by the juvenile through legal counsel must be treated as though it came from the juvenile. The waiver of any constitutional rights of the juvenile may only be made according to the requirements of RCW 13.40.140 (judicial rights) (RCW 13.40.740).

### **324.12.1 RECORDING OF INTERVIEWS OR INTERROGATIONS**

Interrogations or interviews of juvenile suspects shall be recorded when conducted at a place of detention (RCW 10.122.020; RCW 10.122.030). See the Investigation and Prosecution Policy for specific recording requirements.

### **324.13 RESTRICTION ON FINGERPRINTING AND PHOTOGRAPHING**

A juvenile offender may be photographed and fingerprinted as provided by RCW 43.43.735.

### **324.14 RELEASE OF INFORMATION CONCERNING JUVENILES**

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Deputies of this office shall not divulge any information regarding juveniles in situations where they are uncertain of the legal authority to do so.

### **324.15 RELIGIOUS ACCOMMODATION**

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

## Adult Abuse

### 326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Adams County Sheriff's Office members as required by law.

#### 326.1.1 DEFINITIONS

Definitions related to this policy include:

**Adult abuse** - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

### 326.2 POLICY

The Adams County Sheriff's Office will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

### 326.3 MANDATORY NOTIFICATION

Members of the Adams County Sheriff's Office shall notify the Washington State Department of Social and Health Services (DSHS) when there is reasonable cause to believe that abandonment, abuse, financial exploitation, or neglect of a vulnerable adult has occurred. Members shall also notify DSHS when there is reason to suspect sexual assault or physical assault or reasonable cause to believe that an act has caused fear of imminent harm. The medical examiner or coroner shall also be notified when there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person (RCW 74.34.035).

For purposes of notification, the following definitions apply (RCW 74.34.020):

- Abandonment is action or inaction by a person or entity with a duty of care for a vulnerable adult that leaves the person without the means or ability to obtain necessary food, clothing, shelter, or health care.
- Abuse is willful action or inaction that inflicts injury, unreasonable confinement or restraint, sexual abuse, physical abuse, financial exploitation, mental abuse, intimidation, or punishment.
- A vulnerable adult is a person who meets any of the following criteria:
  - (a) Is 60 years or older and who has the functional, mental, or physical inability to care for oneself.
  - (b) Is found by the superior court to be incapacitated under RCW 11.130.005 et seq.
  - (c) Has a developmental disability as defined under RCW 71A.10.020.
  - (d) Is admitted to any facility as defined in RCW 74.34.020 (e.g., assisted living facility, nursing home, or other facility licensed by DSHS).

---

- (e) Is receiving services from an individual provider or licensed home health, hospice, or home care agency.
- (f) Self-directs self-care and receives services from a personal aide under RCW 74.39.001 et seq.

### **326.3.1 NOTIFICATION PROCEDURE**

Notification should occur as follows (RCW 74.34.035):

- (a) All notification to DSHS shall be made immediately or as soon as practicable by telephone
- (b) Information provided shall include, if known:
  1. The name and address of the person making the report.
  2. The name and address of the vulnerable adult.
  3. The name and address of the facility or agency providing care for the vulnerable adult.
  4. The name and address of the legal guardian or alternate decision maker.
  5. The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect.
  6. Any history of previous abandonment, abuse, financial exploitation, neglect, or self-neglect.
  7. The identity of the alleged perpetrator, if known.
  8. Any other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult.

### **326.4 QUALIFIED INVESTIGATORS**

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

## *Adult Abuse*

---

### **326.5 INVESTIGATIONS AND REPORTING**

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. If the investigation reveals that a crime may have been committed, the County prosecutor shall be provided a written report of the incident (RCW 74.34.063(3)).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

### **326.6 PROTECTIVE CUSTODY**

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for oneself, the deputy should make reasonable attempts to contact DSHS. Generally, removal of an adult abuse victim from the abuse victim's family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an adult abuse victim from the abuse victim's family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Adult Abuse*

---

endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to DSHS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

### **326.7 INTERVIEWS**

#### **326.7.1 PRELIMINARY INTERVIEWS**

Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

#### **326.7.2 DETAINING VICTIMS FOR INTERVIEWS**

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  1. A reasonable belief that medical issues of the adult need to be addressed immediately.
  2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
  3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

### **326.8 MEDICAL EXAMINATIONS**

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist, the supervisor should

consider other government agencies or services that may obtain a court order for such an examination.

### **326.9 DRUG-ENDANGERED VICTIMS**

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

#### **326.9.1 SUPERVISOR RESPONSIBILITIES**

The Investigations supervisor should:

- (a) Work with professionals from the appropriate agencies, including DSHS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Investigations supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the adult.

#### **326.9.2 DEPUTY RESPONSIBILITIES**

Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations supervisor so an interagency response can begin.

### **326.10 STATE MANDATES AND OTHER RELEVANT LAWS**

Washington requires or permits the following:

#### **326.10.1 ARREST WITHOUT WARRANT**

When a deputy has confirmed that a valid court order for protection, including a temporary order, exists and has probable cause to believe that a person has violated that order, the deputy has the authority to arrest the person without a warrant (RCW 10.31.100).

#### **326.10.2 RECORDS SECTION RESPONSIBILITIES**

The Records Section is responsible for:

- (a) Providing a copy of the adult abuse report to DSHS as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

## *Adult Abuse*

---

### **326.10.3 RELEASE OF REPORTS**

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (RCW 74.34.035(9); RCW 74.34.095).

### **326.10.4 PROTECTIVE ORDERS**

In any situation which a deputy reasonably believes that a vulnerable adult has been abused, abandoned, or subjected to financial exploitation or neglect, or threatened with such actions, the deputy should obtain a protective order against the person alleged to have committed or threatened such abuse pursuant to RCW 74.34.110 or RCW 74.34.210.

### **326.11 TRAINING**

The Office should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

## Discriminatory Harassment

### 328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent office members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

### 328.2 POLICY

The Adams County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Office will not tolerate discrimination against employees in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Office will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Office may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

### 328.3 DEFINITIONS

Definitions related to this policy include:

#### 328.3.1 DISCRIMINATION

The Office prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or office equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to office policy and to a work environment that is free of discrimination.

#### 328.3.2 SEXUAL HARASSMENT

The Office prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Discriminatory Harassment*

---

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

### 328.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and Washington State Human Rights Commission guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with County or office rules or regulations, or any other appropriate work-related communication between supervisor and member.

### 328.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

## **328.4 RESPONSIBILITIES**

This policy applies to all office members, who shall follow the intent of these guidelines in a manner that reflects office policy, professional standards, and the best interest of the Office and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Sheriff, the Undersheriff, or the County Executive.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

### 328.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Sheriff or the Undersheriff in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

### 328.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Office and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline in a manner that is consistent with established procedures.

### 328.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Sheriff, the Undersheriff, or the County Executive for further information, direction, or clarification.

## **328.5 INVESTIGATION OF COMPLAINTS**

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Office that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

## *Discriminatory Harassment*

---

### 328.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

### 328.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Sheriff, the Undersheriff, or the County Executive.

### 328.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Office. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

## **328.6 DOCUMENTATION OF COMPLAINTS**

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Sheriff. The outcome of all reports shall be:

- (a) Approved by the Sheriff, the County Executive, or the Undersheriff, depending on the ranks of the involved parties.
- (b) Maintained in accordance with the established records retention schedule.

### 328.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

## Child Abuse

### 330.1 PURPOSE AND SCOPE

The Adams County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

### 330.3 MANDATORY NOTIFICATION

Members of the Adams County Sheriff's Office shall notify CPS when a report of abuse or neglect of a child is received or when there is reasonable cause to believe that a child has suffered abuse or neglect (RCW 26.44.030).

For purposes of notification, abuse or neglect of a child includes sexual abuse, sexual exploitation, or injury inflicted by any person under circumstances that cause harm to the child's health, welfare or safety, excluding lawful discipline, or the negligent treatment or maltreatment by a person who is responsible for, or providing care to, a child (RCW 26.44.020).

Deputies shall promptly notify CPS whenever a child under 16 years of age is in a vehicle being driven by the child's parent, guardian, legal custodian, sibling or half-sibling and that person is being arrested for a drug or alcohol-related driving offense (RCW 46.61.507).

If, during an investigation of drug manufacturing, a deputy discovers that a child is present at the investigation site, the deputy shall notify CPS immediately (RCW 26.44.200).

#### 330.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (RCW 26.44.030(5)):

### **330.4 QUALIFIED INVESTIGATORS**

Qualified investigators should be available for child abuse investigations. These investigators should:

### **330.6 PROTECTIVE CUSTODY**

Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to CPS.

## *Child Abuse*

---

Children may only be removed from a parent or guardian in the following situations (RCW 26.44.050):

- (a) A court order has been issued authorizing the removal of the child.
- (b) There is probable cause to believe that the child is abused or neglected and that the child would be injured or could not be taken into custody if it were necessary to first obtain a court order (e.g., the child could be taken and concealed).

### 330.6.1 SAFE HAVEN LAW

A parent is not guilty of abandonment when leaving a newborn 72 hours old or younger with a qualified person at the emergency department of a licensed hospital or a fire station while personnel are present (RCW 13.34.360). The qualified person shall notify CPS. CPS shall assume custody of the newborn.

## **330.7 INTERVIEWS**

### 330.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

### 330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
  - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
  - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

### 330.7.3 TRAINING REQUIREMENT

Only those members who have successfully completed Washington State Criminal Justice Training Commission (WSCJTC) sponsored training on interviewing child victims of sexual abuse shall participate in or conduct such interviews. Interviews of children who are suspected victims

## *Child Abuse*

of sexual abuse will be conducted in compliance with the training standards set forth in RCW 43.101.224.

### **330.8 MEDICAL EXAMINATIONS**

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

### **330.9 DRUG-ENDANGERED CHILDREN**

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

#### **330.9.1 SUPERVISOR RESPONSIBILITIES**

The Investigations Supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Investigations Supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the child.

#### **330.9.2 DEPUTY RESPONSIBILITIES**

Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Supervisor so an interagency response can begin.

## Standards of Conduct

### 340.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Adams County Sheriff's Office and are expected of all office members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this office or a member's supervisors.

### 340.2 POLICY

The continued employment or appointment of every member of the Adams County Sheriff's Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

### 340.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any office supervisor or person in a position of authority, absent a reasonable and bona fide justification.

#### 340.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or office policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, office policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

### **340.5 CAUSES FOR DISCIPLINE**

The following are illustrative of causes for disciplinary action. This list is not intended to cover every possible type of misconduct and does not preclude the recommendation of disciplinary action for violation of other rules, standards, ethics and specific action or inaction that is detrimental to efficient office service.

### **342.7 SOCIAL MEDIA**

#### **A. PURPOSE**

The department endorses the secure use of social media to enhance communication, collaboration, and information exchange; streamline processes; and foster productivity. This policy establishes this department's position on the utility and management of social media and provides guidance on its management, administration, and oversight. This policy is not meant to address three particular form of social media, rather social media in general, as advances in technology will occur and new tools will emerge.

#### **B. POLICY**

Social media provides a new and potentially valuable means of assisting the department and its personnel in meeting community outreach, problem-solving, investigative, crime prevention, and related objectives. This policy identifies potential uses that may be explored or expanded upon as deemed reasonable by administrative and supervisory personnel. The department also recognizes the role that these tools play in the personal lives of some department personnel. The personal use of social media can have bearing on departmental personnel in their official capacity. As such, this policy provides information of a precautionary nature as well as prohibitions on the use of social media by department personnel.

Web 2.0: The second generation of the World Wide Web focused on shareable, user-generated content, rather than static web pages. Some use this term interchangeably with social media.

Wiki: Web page(s) that can be edited collaboratively.

### **D. ON-THE-JOB USE**

#### 1. Department-Sanctioned Presence

a. Determine strategy-Where possible, each social media page shall include an introductory statement that clearly specifies the purpose and scope of the agency's presence on the website. Where possible, the page(s) should link to the department's official website. Social media page(s) shall be designed for the target audience(s) such as youth or potential police recruits.

b. Procedures-All department social media sites or pages shall be approved by the Public Information Officer or his or her designee. Where possible, social media pages shall clearly indicate they are maintained by the department and shall have department contact information prominently displayed. Social media content shall adhere to applicable laws, regulations, and policies, including all information technology and records management policies. Content is subject to public records laws. Relevant records retention schedules apply to social media content. Content must be managed, stored, and retrieved to comply with open records laws and e-discovery laws and policies. Where possible, social media pages should state that the opinions expressed by visitors to the page(s) do not reflect the opinions of the department. Pages shall clearly indicate that posted comments will be monitored and that the department reserves the right to remove obscenities, off-topic comments, and personal attacks. Pages shall clearly indicate that any content posted or submitted for posting is subject to public disclosure.

c. Department-Sanctioned Use-Department personnel representing the department via social media outlets shall do the following:

(1) Conduct themselves at all times as representatives of the department and, accordingly, shall adhere to all department standards of conduct and observe conventionally accepted protocols and proper decorum.

(2) Identify themselves as a member of the department.

(3) Not make statements about the guilt or innocence of any suspect or arrestee, or comments concerning pending prosecutions, nor post, transmit, or otherwise disseminate confidential information, including photographs or videos, related to department training, activities, or work-related assignments without express written permission.

(4) Not conduct political activities or private business.

The use of department computers by department personnel to access social media is prohibited without authorization. Department personnel use of personally owned devices to manage the department's social media activities or in the course of official duties is prohibited without express written permission. Employees shall observe and abide by all copyright, trademark, and service mark restrictions in posting materials to electronic media.

## *Information Technology Use*

---

d. Potential Uses-Social media is a valuable investigative tool when seeking evidence or information about:

1. missing persons;
2. wanted persons;
3. gang participation;
4. crimes perpetrated online (i.e., cyberbullying, cyberstalking); and
5. photos or videos of a crime posted by a participant or observer.

Social media can be used for community outreach and engagement by providing crime prevention tips, offering online-reporting opportunities, sharing crime maps and data, and soliciting tips about unsolved crimes (i.e., Crimestoppers, text-a-tip). Social media can be used to make time-sensitive notifications related to road closures, special events, weather emergencies, and missing or endangered persons. Persons seeking employment and volunteer positions use the Internet to search for opportunities, and social media can be a valuable recruitment mechanism. This department has an obligation to include Internet-based content when conducting background investigations of job candidates. Searches should be conducted by a nondecision maker. Information pertaining to protected classes shall be filtered out prior to sharing any information found online with decision makers. Persons authorized to search Internet-based content should be deemed as holding a sensitive position. Search methods shall not involve techniques that are a violation of existing law. Vetting techniques shall be applied uniformly to all candidates. Every effort must be made to validate Internet based information considered during the hiring process.

### **E. PERSONAL USE**

1. Precautions and Prohibitions-barring state law or binding employment contracts to the contrary, department personnel shall abide by the following when using social media. Department personnel are free to express themselves as private citizens on social media sites to the degree that their speech does not impair working relationships of this department for which loyalty and confidentiality are important, impede the performance of duties, impair discipline and harmony among coworkers, or negatively affect the public perception of the department. As public employees, department personnel are cautioned that speech on- or off-duty, made pursuant to their official duties—“that is, that owes its existence to the employee's professional duties and responsibilities”—is not protected speech under the First Amendment and may form the basis for discipline if detrimental to the department. Department personnel should assume that their speech and related activity on social media sites will reflect upon their office and this department. Department personnel shall not post, transmit, or otherwise disseminate any information to which they have access as a result of their employment without written permission from the Public Information Officer or his or her designee. For safety and security reasons, department personnel are cautioned not to disclose their employment with this department nor shall they post information pertaining to any other member of the department without their permission. As such, department personnel are cautioned not to do the following:

## *Information Technology Use*

---

- a. Display department logos, uniforms, or similar identifying items on personal web pages.
- b. Post personal photographs or provide similar means of personal recognition that may cause them to be identified as an employee of this department. Deputies who are, or who may reasonably be expected to work in undercover operations, shall not post any form of visual or personal identification.

When using social media, department personnel should be mindful that their speech becomes part of the worldwide electronic domain. Therefore, adherence to the department's code of conduct is required in the personal use of social media. In particular, department personnel are prohibited from speech containing obscene or sexually explicit language, images, or acts and statements or other forms of speech that ridicule, malign, disparage, or otherwise express bias against any race, any religion, or any protected class of individuals. Speech involving themselves or other department personnel reflecting behavior that would reasonably be considered reckless or irresponsible. Engaging in prohibited speech noted herein, may provide grounds for undermining or impeaching an officer's testimony in criminal proceedings. Department personnel thus sanctioned are subject to discipline up to and including termination of office. Department personnel may not divulge information gained by reason of their authority; make any statements, speeches, appearances, and endorsements; or publish materials that could reasonably be considered to represent the views or positions of this department without express authorization. Department personnel should be aware that they may be subject to civil litigation for publishing or posting false information that harms the reputation of another person, group, or organization (defamation), publishing or posting private facts and personal information about someone without their permission that has not been previously revealed to the public, is not of legitimate public concern, and would be offensive to a reasonable person, using someone else's name, likeness, or other personal attributes without that person's permission for an exploitative purpose or publishing the creative work of another, trademarks, or certain confidential business information without the permission of the owner. Department personnel should be aware that privacy settings and social media sites are constantly in flux, and they should never assume that personal information posted on such sites is protected. Department personnel should expect that any information created, transmitted, downloaded, exchanged, or discussed in a public online forum may be accessed by the department at any time without prior notice.

2. Reporting violations—Any employee becoming aware of or having knowledge of a posting or of any website or web page in violation of the provision of this policy shall notify his or her supervisor immediately for follow-up action.

## Report Preparation

### 344.1 PURPOSE AND SCOPE

Report preparation is a major part of each deputy's job. The purpose of reports is to document sufficient information to refresh the deputy's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

#### 344.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

### 344.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.

#### 344.2.1 CRIMINAL ACTIVITY REPORTING

When an employee responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim is not desirous of prosecution is not an exception to documenting a report. The following are examples of required documentation:

- (a) In every instance where a felony has occurred, the documentation shall take the form of a written crime report.
- (b) In every instance where a misdemeanor crime has occurred and the victim desires a report, the documentation shall take the form of a written crime report. If the victim does not desire a report, the incident will be recorded on the dispatcher's log.
- (c) In every case where any force is used against any person by sheriff's personnel.

### 344.2.3 DEATH CASES

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigation Policy. A deputy handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

## *Report Preparation*

- (a) The injury is a result of drug overdose.
- (b) Attempted suicide.
- (c) The injury is major/serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

## **344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING**

In general, all deputies and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

### 344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

### 344.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

## **344.4 REPORT CORRECTIONS**

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor will mark the areas that need correction or addition and return the report to the deputy for correction. It shall be the responsibility of the originating deputy to ensure that any report returned for correction is processed in a timely manner.

## Media Relations

### 346.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

### 346.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff, however, in situations not warranting immediate notice to the Sheriff and in situations where the Sheriff has given prior approval, Undersheriffs, Sergeants and designated Public Information Officer(s) may prepare and release information to the media in accordance with this policy and the applicable law.

#### 346.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated office media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this office make any comment or release any official information to the media without prior approval from a supervisor or the designated office media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this office.
- (c) Under no circumstance should any member of this office make any comment(s) to the media regarding any law enforcement incident not involving this office without prior approval of the Sheriff.

### 346.3 MEDIA ACCESS

Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions:

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

be coordinated through the office Public Information Officer or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Sergeant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).
  - (c) No member of this office who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee.
  - (d) Media interviews with individuals who are in custody shall not be permitted without the approval of the Sheriff and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media should be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Office members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

### 346.3.1 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

### 346.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Office will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Sergeant. When requested, additional information may be made available (RCW 42.56.070(1)). This log will generally contain the following information:

- (a) The date, time, location, case number, type of crime, extent of injury or loss and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

- (b) The date, time, location, case number, name, birth date and charges for each person arrested by this office unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law.

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated office media representative, the Public Records Officer, or if unavailable, to the Sergeant. Such requests will generally be processed in accordance with the provisions of the Public Records Act (RCW Chapter 42.56.001 et seq.).

### 346.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this office (see the Records Maintenance and Release and Personnel Files policies). When in doubt, authorized and available legal counsel should be obtained.

### 352.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Sergeant's office for approval. In some instances, a mutual aid agreement or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this office, the Sergeant may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this office.

Deputies may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this office until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this office will not ordinarily be booked at this office. Only in exceptional circumstances, and subject to supervisor approval, will this office provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

#### 352.3.1 INITIATED ACTIVITY

Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Adams County Sheriff's Office shall notify his/her supervisor or the Sergeant and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

### 352.4 REQUESTING OUTSIDE ASSISTANCE

If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

The Investigations supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include, as applicable:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search, drive-by of the declared residence or address verification under RCW 9A.44.135.
  1. When notice is received that a sex offender is moving outside the jurisdiction of the Adams County Sheriff's Office, the Investigations supervisor is responsible for address verification until the registrant completes registration with a new residential address (RCW 9A.44.130(5)).
- (b) Review of information on the WASPC Sex Offender Information website.
- (c) Contact with a registrant's community correction officer.
- (d) Review any available Washington State database of felony firearm offenders.

Any discrepancies with sex/kidnapping offenders should be reported to ACCESS (A Central Computerized Enforcement Service System), which is administered by WSP, and, in the case of sex offenders only, to WASPC.

## *Registered Offender Information*

---

The Investigations supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Adams County Sheriff's Office personnel, including timely updates regarding new or relocated registrants.

### **356.4.1 OFFENDERS TRAVELING OUT OF THE COUNTRY**

When written notice is received from a registrant who intends to travel outside of the United States, the Sheriff shall notify the United States Marshals Service as soon as practicable after receipt of notification and also of any further notice of changes or cancellation of travel plans (RCW 9A.44.130(3)).

### **356.5 DISSEMINATION OF PUBLIC INFORMATION**

Members will not unilaterally make a public notification advising the community of a particular sex/kidnapping registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a sex/kidnapping registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Sheriff if warranted. A determination will be made by the Sheriff, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex/kidnapping registrants should be provided the WASPC Sex Offender Information website or the Adams County Sheriff's Office's website.

The Records Clerk shall release local sex/kidnapping registered offender information to residents in accordance with RCW 4.24.550 and in compliance with a request under the Public Records Act (RCW 42.56.001 et seq.).

Information pertaining to felony firearm offenders should not be disseminated to the public. All inquiries should be referred to WSP.

### **356.5.1 RELEASE NOTIFICATIONS FOR SEX OR KIDNAPPING OFFENDERS**

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The Adams County Sheriff's Office has no authority to direct where an offender may live.

### 356.5.2 MANDATORY NOTIFICATION

The Investigation Undersheriff shall ensure that:

- (a) A public notification is made for sex offenders who are classified as Risk Level III and who register in the County. The notice shall conform to the guidelines established in RCW 4.24.5501.
- (b) All information on sex/kidnapping offenders registered in the County is regularly updated and posted on the WASPC Sex Offender Information website (RCW 4.24.550(5)).

### 356.5.3 DISCRETIONARY DISSEMINATION FOR SEX OFFENDERS

Dissemination should be predicated upon the levels detailed below (RCW 4.24.550(3)):

- (a) Offenders classified as Risk Level I: The Office may disclose, upon request, relevant, necessary and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the sex offender resides, expects to reside or is regularly found, and to any individual who requests information regarding a specific offender.
- (b) Offenders classified as Risk Level II: In addition to the dissemination for Level I, the Office may also disclose relevant, necessary and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women or vulnerable adults, and neighbors and community groups near the residence where the sex offender resides, expects to reside or is regularly found.
- (c) Offenders classified as Risk Level III: In addition to the dissemination of Level I and Level II, the Office may also disclose relevant, necessary and accurate information to the public at large.
- (d) Homeless and transient sex offenders may present unique risks to the community due to the impracticality of localized notification. The Office may also disclose relevant, necessary and accurate information to the public at large for sex offenders registered as homeless or transient.

### 356.5.4 SCHOOL NOTIFICATIONS

The Sheriff has the responsibility of notifying the appropriate person at a school or other educational institution as set forth in RCW 9A.44.138 of any sex/kidnapping offender who attends or is employed there, and for providing the following information about the offender:

- Name
- Complete residential address
- Date and place of birth
- Place of employment

- Crime for which the person has been convicted
- Date and place of conviction
- Aliases

- Risk level classification

### **356.6 SEX OFFENDER RISK ASSESSMENT**

The Investigation Undersheriff shall establish a procedure to review and assign an initial risk level classification of sex offenders who have moved or are released into this jurisdiction and the risk assessment level has not already been assigned by the Washington Department of Corrections. That procedure shall address (RCW 4.24.550(6)):

- The circumstances under which the Adams County Sheriff's Office is authorized to assign its own risk level.
- Risk level classification criteria.
- What risk assessment tools may be used and how such tools are scored.
- Assessment of known aggravating or mitigating factors related to the risk posed by the offender to the community.
- Notification process following a change in the risk level classification.
- The process for an offender to petition for review of the risk level classification.

## Major Incident Notification

### 358.1 PURPOSE AND SCOPE

Incidents that are of significant nature and that fall into listed criteria require notification to certain members of this department. It is critical that staff members are informed of certain incidents in order to apprise their superiors and properly address inquiries from members of the press.

### 358.2 POLICY

The Adams County Sheriff's Office recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this department to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

### 358.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Sheriff and the affected Undersheriff. The following list of incident types is provided as a guide for notification and is not intended to be all-inclusive:

- Homicides.
- Traffic accidents with fatalities.
- Officer-involved shooting on- or off-duty (See the Officer-Involved Shootings and Deaths Policy for special notifications).
- Significant injury or death to employee on- or off-duty.

### 358.4.3 SHERIFF (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

## Death Investigation

### 360.1 PURPOSE AND SCOPE

The investigations of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

#### 360.1.1 DEATH INVESTIGATION POLICY

Death cases will be investigated as if a homicide has been committed. Death investigations take precedent over any other activity and require immediate response by Department members. All available manpower and resources will be utilized to handle death cases.

A. Accidental and natural deaths will be handled by the Deputy assigned. The duty supervisor and coroner will be notified when these cases occur.

B. In cases of homicide, suspicious death and suicide the duty supervisor will be contacted. The duty supervisor will contact or cause to be notified the Undersheriff or Sheriff.

C. A death of any Department member, whether on duty or off duty, will be immediately reported to the Section Head from which the affected member was presently assigned.

#### 360.1.2 DEATH INVESTIGATION PROCEDURE

The first Deputy on the death scene will take charge, charge; direct the activities of civilians, Department members and other agencies that may respond. The scene will be preserved and protected. An evaluation of the situation will be conducted and the appropriate Department supervisor notified.

A) If the death appears to be from suspicious circumstances and/or homicide, do the following:

- 1) Take immediate steps to secure and preserve the scene from contamination.
- 2) Immediately contact the duty supervisor.
- 3) If possible, separate and isolate any witnesses/suspects.
- 4) If sufficient manpower is at the scene, attempt to obtain brief witness statements surrounding the nature and cause of the death, to include possible known suspects or suspect description.
- 5) If suspect is not in custody, relay suspect description to Dispatch via radio for dissemination to responding officers/Deputies.
- 6) As soon as sufficient personnel are on scene to protect and preserve the scene, direct all other responding units to commence area searches/neighborhood canvasses in an effort to locate suspects pending the arrival of a supervisor.

B) If the initial evaluation indicates death from natural or accidental causes or suicide, and an on duty supervisor concurs, the following basic investigative steps should be followed:

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Death Investigation*

---

- 1) Interview and/or obtain statements from witnesses including friends, neighbors, relatives, firemen, ambulance attendants, medical personnel and funeral home employees.
- 2) Photograph the scene.
- 3) Identify and preserve evidence. Collect only if authorized to do so if the death is by accident, natural cause, anticipated or attended by a physician.
- 4) Note and record the physical condition and appearance of the deceased.
- 5) Determine the identity of any physicians who have treated the deceased during the past three (3) years. Obtain medical history, if possible.
- 6) Contact neighbors for information when death is suspicious or unattended.
- 7) Sketch crime scene on suspicious or accidental deaths.
- 8) Instruct funeral home personnel to extract body fluids from deceased.
- 9) Complete the Report before going off shift.

### 360.1.3 SUPERVISOR RESPONSIBILITIES

The notified supervisor will make the following determinations:

- A) If his/her personal response is required.
- B) If Investigators, crime laboratory or other support forces are needed.
- C) Instruct the Deputy to proceed with the investigation if the apparent circumstances of death allow (natural/accidental/ suicide absence any suspicion of foul play).
- D) Notify, or cause to be notified, the coroner.
- E) Notify, or cause to be notified, the Undersheriff in all cases of homicide, suspicious death and suicide.
- F) Next of kin has been notified.

### 360.1.4 DEATH INVESTIGATION REPORTS

In all types of death cases except physician attended/anticipated deaths as described in 360.1.6, there will be an Incident Report completed by the investigating Deputy. Reports are due by the shift completion. In all death cases, the written reports will state that the victim was pronounced dead by a competent person (doctor, nurse, EMT, coroner) or the victim showed unquestionable signs of death. In all other cases, an ambulance will have been summoned and emergency first aid will have been applied. It will be so noted in the report.

### 360.1.5 APPARENT NATURAL DEATHS

Trauma to the family due to loss of a loved one requires members to assist and provide sympathy and compassion to the survivor. If necessary, a family clergyman should be summoned. Steps should be taken to secure any residence left unoccupied, if possible.

## *Death Investigation*

---

### 360.1.6 PHYSICIAN ATTENDED AND ANTICIPATED DEATHS

Incident Reports are not required in death cases in which the death resulted from a disease likely to cause death (verified terminally ill patient) or when the decedent's physician, after being notified of the circumstances surrounding the death, is satisfied and willing to sign a death certificate.

### 360.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. EMS shall be called in all suspected death cases unless the death is obvious (decapitated, decomposed, etc.). Deputies are not authorized to pronounce death. A supervisor shall be notified in all death investigations.

#### 360.2.1 CORONER JURISDICTION OVER REMAINS

The coroner has jurisdiction of bodies of all deceased persons who come to their death suddenly in any of the following cases (RCW 68.50.010):

- (a) When in apparent good health without medical attendance within the thirty-six hours preceding death.
- (b) Where the circumstances of death indicate death was caused by unnatural or unlawful means.
- (c) Where death occurs under suspicious circumstances.
- (d) Where a coroner's autopsy or post mortem or coroner's inquest is to be held.
- (e) Where death results from unknown or obscure causes.
- (f) Where death occurs within one year following an accident.
- (g) Where the death is caused by any violence whatsoever.
- (h) Where death results from a known or suspected abortion; whether self-induced or otherwise.
- (i) Where death apparently results from drowning, hanging, burns, electrocution, gunshot wounds, stabs or cuts, lightning, starvation, radiation, exposure, alcoholism, narcotics or other addictions, tetanus, strangulations, suffocation or smothering.
- (j) Where death is due to premature birth or still birth.
- (k) Where death is due to a violent contagious disease or suspected contagious disease which may be a public health hazard.
- (l) Where death results from alleged rape, carnal knowledge or sodomy.
- (m) Where death occurs in a jail or prison.
- (n) Where a body is found dead or is not claimed by relatives or friends.

The body or human remains shall not be disturbed or moved from the position or place of death without permission of the coroner (RCW 68.50.050).

### 360.2.2 DEATH NOTIFICATION

When practical, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner may be requested to make the notification. The Coroner needs to know if notification has been made. Assigned detectives may need to talk to the next-of-kin.

### 360.2.3 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

### 360.2.4 SUSPECTED HOMICIDE

If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the supervisor shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

## Identity Theft

### 362.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

### 362.2 REPORTING

This department will initiate an incident report whenever a person reasonably suspects that his/her financial information or means of identification has been unlawfully obtained, used, or transferred to another person or entity in all cases where the victim resides or works within this jurisdiction, or where any part of the crime occurred within this jurisdiction. The employee receiving the report will ensure that the complainant receives a copy of the incident report (RCW 9.35.050).

In cases where the reporting party does not reside or work within this jurisdiction and there is no known or suspected criminal activity occurring within this jurisdiction the reporting party may be referred to the appropriate law enforcement agency having jurisdiction. If it is not reasonably practical for the reporting party to file a timely report with his/her home jurisdiction the receiving employee should take a courtesy incident report to be forwarded to the agency having jurisdiction.

Reports should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

The employee preparing the report should also cross-reference all other known reports made by the victim (e.g., US Secret Service, credit reporting bureaus, US Postal Service and DOL) with all known report numbers.

Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

## Limited English Proficiency Services

### 368.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 United States Code 2000d).

#### 368.1.1 DEFINITIONS

Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

**Limited English proficient (LEP)** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Adams County Sheriff's Office, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

### 368.2 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Limited English Proficiency Services*

---

- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

### **368.3 TYPES OF LEP ASSISTANCE AVAILABLE**

Adams County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

### **368.4 AUDIO RECORDINGS**

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

### **368.5 CONTACT AND REPORTING**

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

### **368.6 INVESTIGATIVE FIELD INTERVIEWS**

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Limited English Proficiency Services*

---

possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

### **368.7 CUSTODIAL INTERROGATIONS**

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

# Communications with Persons with Disabilities

## 370.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

### 370.1.1 DEFINITIONS

Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should be certified pursuant to RCW 2.42.110.

## 370.2 POLICY

It is the policy of the Adams County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

## 370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Undersheriff or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the County ADA coordinator regarding the Adams County Sheriff's Office's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Communications with Persons with Disabilities*

---

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to office services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Sergeant and 911 Systems Manager. The list should include information regarding the following:
  - 1. Contact information
  - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs and activities.

### **370.3.1 FIELD RESOURCES**

Individual deputies and employees are encouraged to utilize resources immediately available to them in any contact with a known or suspected disabled or impaired person. Examples of this would include such simple methods as:

- (a) Hand gestures or written communications exchanged between the employee and a deaf or hearing impaired individual.
- (b) Facing an individual utilizing lip reading and speaking slowly and clearly.
- (c) Slowly and clearly speaking or reading simple terms to any visually or mentally impaired individual.

### **370.4 FACTORS TO CONSIDER**

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

## *Communications with Persons with Disabilities*

---

- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

### **370.5 INITIAL AND IMMEDIATE CONSIDERATIONS**

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Adams County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

## *Communications with Persons with Disabilities*

---

### **370.6 TYPES OF ASSISTANCE AVAILABLE**

Adams County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

### **370.7 AUDIO RECORDINGS AND ENLARGED PRINT**

The Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

### **370.8 QUALIFIED INTERPRETERS**

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use office-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

## *Communications with Persons with Disabilities*

---

### **370.9 TTY AND RELAY SERVICES**

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

### **370.10 COMMUNITY VOLUNTEERS**

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

### **370.11 FAMILY AND FRIENDS**

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

### **370.12 REPORTING**

Whenever any member of this office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the

individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

### **370.13 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

#### **370.13.1 FIELD RESOURCES**

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

## *Communications with Persons with Disabilities*

---

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

### **370.14 CUSTODIAL INTERROGATIONS**

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

### **370.15 ARRESTS AND BOOKINGS**

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use office-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

### **370.16 COMPLAINTS**

The Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this office are able to do so. The Office may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the office ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this office.

## Child and Dependent Adult Safety

### 380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this office.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

### 380.2 POLICY

It is the policy of this office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Adams County Sheriff's Office will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

#### 380.2.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, dependent minor children.

Deputies should allow the arrestee reasonable time to arrange for care of minor children. Temporary placement of the child with family or friends may be appropriate. However, any decision should give priority to a child-care solution that is in the best interest of the child. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of minor children with a responsible party, as appropriate.
  1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent's judgment regarding arrangements for child care. It is generally best if the child remains with relatives or family friends the child knows and trusts. Consideration regarding the child's familiarity with the surroundings, comfort, emotional state and safety should be paramount.
  2. Except when a court order exists limiting contact, the deputy should attempt to locate and place dependent children with the non-arrested parent or guardian.
- (b) Provide for the immediate supervision of minor children until an appropriate caregiver arrives.
- (c) Notify the Department of Social & Health Services.
- (d) Notify the field supervisor or Sergeant of the disposition of minor children.

## *Child and Dependent Adult Safety*

---

If children are at school or at a known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the parent's arrest and of the arrangements being made for the care of the arrestee's children, and then record the result of such actions in the associated report.

### **380.3 PROCEDURES DURING AN ARREST**

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

#### **380.3.1 AFTER AN ARREST**

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered, children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
  - 1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen

the likelihood of call screening by the recipients due to calls from unknown sources.

- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
  - 1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Department of Social and Health Services, if appropriate.
- (e) Notify the field supervisor or Sergeant of the disposition of children and dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

Deputies shall promptly notify Child Protective Services (CPS) whenever a child under 13 years of age is present in a vehicle and his/her parent, guardian or legal custodian is arrested for a drug or alcohol driving offense in accordance with the office Child Abuse Policy (RCW 26.44.250).

### 380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

### 380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex

3. Age
  4. Special needs (e.g., medical, mental health)
  5. How, where and with whom or which agency the child was placed
  6. Identities and contact information for other potential caregivers
  7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
1. Name
  2. Sex
  3. Age
  4. Whether he/she reasonably appears able to care for him/herself
  5. Disposition or placement information if he/she is unable to care for him/herself

### **380.3.4 SUPPORT AND COUNSELING REFERRAL**

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

### **380.4 DEPENDENT WELFARE SERVICES**

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other office-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

### **380.5 TRAINING**

The Undersheriff is responsible to ensure that all members of this office who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

## Service Animals

### 382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Adams County Sheriff's Office recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

### 382.2 SERVICE ANIMALS

The ADA defines a service animal as any guide dog, signal dog or other animal individually trained to provide assistance to an individual with a disability. Service animals may be of any type or breed and need not be certified by any governmental agency or service group.

Some service animals, such as guide dogs, may be readily identifiable but many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist individuals with disabilities.

The following examples are just some of the ways service animals may be used to provide assistance:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors, or flipping switches for people with disabilities who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting people with physical disabilities with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities, or psychiatric disabilities, such as reminding a person with depression to take medication or to wake the person.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, find places or follow daily routines.

#### 382.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

### **382.3 EMPLOYEE RESPONSIBILITIES**

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Adams County Sheriff's Office affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, a deputy may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability.

If it is apparent or if the deputy is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the deputy should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The person should not be questioned

about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

## Off-Duty Law Enforcement Actions

### 386.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Adams County Sheriff's Office with respect to taking law enforcement action while off-duty.

### 386.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Deputies are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

### 386.3 FIREARMS

Deputies of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty deputies shall also carry their department-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication or any combination thereof that would tend to adversely affect the deputy's senses or judgment.

### 386.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Off-Duty Law Enforcement Actions*

---

- (c) The lack of equipment, such as handcuffs, OC or baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

### **386.4.1 INTERVENTION PROCEDURE**

If involvement is reasonably necessary, the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty deputy is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as an Adams County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

### **386.4.2 INCIDENTS OF PERSONAL INTEREST**

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

### **386.4.3 CIVILIANNONSWORN RESPONSIBILITIES**

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

### **386.4.4 OTHER CONSIDERATIONS**

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

## **386.5 REPORTING**

Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Sergeant as soon as practicable. The Sergeant shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

## Community Relations

### 387.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for community relationship-building.

Additional guidance on community relations and outreach is provided in other policies, including the:

- Hate Crimes Policy.

- Chaplains Policy.
- Patrol Function Policy.
- Suspicious Activity Reporting Policy.

### 387.2 POLICY

It is the policy of the Adams County Sheriff's Office to promote positive relationships between office members and the community by treating community members with dignity and respect and engaging them in public safety strategy development and relationship-building activities, and by making relevant policy and operations information available to the community in a transparent manner.

### 387.3 MEMBER RESPONSIBILITIES

Deputies should, as time and circumstances reasonably permit:

- (a) Make casual and consensual contacts with community members to promote positive community relationships (see the Contacts and Temporary Detentions Policy).
- (b) Become reasonably familiar with the schools, businesses, and community groups in their assigned jurisdictional areas.
- (c) Work with community members and the office community relations coordinator to identify issues and solve problems related to community relations and public safety.
- (d) Conduct periodic foot patrols of their assigned areas to facilitate interaction with community members. Deputies carrying out foot patrols should notify an appropriate supervisor and Dispatch of their status (i.e., on foot patrol) and location before beginning and upon completion of the foot patrol. They should also periodically inform Dispatch of their location and status during the foot patrol.

### 387.4 COMMUNITY RELATIONS COORDINATOR

The Sheriff or the authorized designee should designate a member of the Office to serve as the community relations coordinator. He/she should report directly to the Sheriff or the authorized designee and is responsible for:

- (d) Working with community groups, office members and other community resources to (RCW 43.101.240):
  - 1. Identify and solve public safety problems within the community.
  - 2. Organize programs and activities that help build positive relationships between office members and the community and provide community members with an improved understanding of office operations.

- (i) Informing the Sheriff and others of developments and needs related to the furtherance of the office's community relations goals, as appropriate.

### **387.5 SURVEYS**

The community relations coordinator should arrange for a survey of community members and office members to be conducted at least annually to assess the condition of the relationship between the Office and the community. Survey questions should be designed to evaluate perceptions of the following:

- (a) Overall performance of the Office
- (b) Overall competence of office members
- (c) Attitude and behavior of office members
- (d) Level of community trust in the Office
- (e) Safety, security or other concerns

A written summary of the compiled results of the survey should be provided to the Sheriff.

## *Community Relations*

---

### **387.6 COMMUNITY AND YOUTH ACTIVITIES AND PROGRAMS**

The community relations coordinator should organize or assist with programs and activities that create opportunities for office members and community members, especially youth, to interact in a positive setting. Examples of such programs and events include:

- (a) Office-sponsored athletic programs (e.g., baseball, basketball, soccer, bowling).
- (b) Police-community get-togethers (e.g., cookouts, meals, charity events).
- (c) Youth leadership and life skills mentoring.
- (d) School resource deputy/Drug Abuse Resistance Education (D.A.R.E.®) programs.
- (e) Neighborhood Watch and crime prevention programs.

### **387.7 INFORMATION SHARING**

The community relations coordinator should work with the Public Information Officer to develop methods and procedures for the convenient sharing of information (e.g., major incident notifications, significant changes in office operations, comments, feedback, positive events) between the Office and community members. Examples of information-sharing methods include:

- (a) Community meetings.
- (b) Social media (see the Office Use of Social Media Policy).
- (c) Office website postings.

Information should be regularly refreshed, to inform and engage community members continuously.

### **387.8 LAW ENFORCEMENT OPERATIONS EDUCATION**

The community relations coordinator should develop methods to educate community members on general law enforcement operations so they may understand the work that deputies do to keep the community safe. Examples of educational methods include:

- (a) Development and distribution of informational cards/flyers.
- (b) Office website postings.
- (c) Presentations to driver education classes.
- (d) Instruction in schools.
- (e) Office ride-alongs (see the Ride-Along Policy).
- (f) Scenario/Simulation exercises with community member participation.
- (g) Youth internships at the Office.
- (h) Citizen academies.

Instructional information should include direction on how community members should interact with the police during enforcement or investigative contacts and how community members can make

a complaint to the office regarding alleged misconduct or inappropriate job performance by office members.

### **387.9 SAFETY AND OTHER CONSIDERATIONS**

Office members responsible for community relations activities should consider the safety of the community participants and, as much as reasonably practicable, not allow them to be present in any location or situation that would jeopardize their safety.

Office members in charge of community relations events should ensure that participating community members have completed waiver forms before participation, if appropriate. A parent or guardian must complete the waiver form if the participating community member has not reached 18 years of age.

Community members are subject to a criminal history check before approval for participation in certain activities, such as citizen academies.

### **387.10 COMMUNITY ADVISORY COMMITTEE**

The Sheriff should establish a committee of volunteers consisting of community members, community leaders and other community stakeholders (e.g., representatives from schools, churches, businesses, social service organizations). The makeup of the committee should reflect the demographics of the community as much as practicable.

The committee should convene regularly to:

- (a) Provide a public forum for gathering information about public safety concerns in the community.
- (b) Work with the Office to develop strategies to solve public safety problems.
- (c) Generate plans for improving the relationship between the Office and the community.
- (d) Participate in community outreach to solicit input from community members, including youth from the community.

The Undersheriff should arrange for initial and ongoing training for committee members on topics relevant to their responsibilities.

The Sheriff may include the committee in the evaluation and development of office policies and procedures and may ask them to review certain personnel complaints for the purpose of providing recommendations regarding supervisory, training or other issues as appropriate.

#### **387.10.1 LEGAL CONSIDERATIONS**

The Sheriff and the community relations coordinator should work with the County Prosecutor as appropriate to ensure the committee complies with any legal requirements such as public notices, records maintenance and any other associated obligations or procedures.

## *Community Relations*

---

### **387.11 TRANSPARENCY**

The Office should periodically publish statistical data and analysis regarding the office's operations. The reports should not contain the names of deputies, suspects or case numbers. The community relations coordinator should work with the community advisory committee to identify information that may increase transparency regarding office operations.

### **387.12 TRAINING**

Subject to available resources, members should receive training related to this policy, including training on topics such as:

- (a) Effective social interaction and communication skills.
- (b) Cultural, racial and ethnic diversity and relations.
- (c) Building community partnerships.
- (d) Community policing and problem-solving principles.
- (e) Enforcement actions and their effects on community relations.

Where practicable and appropriate, community members, especially those with relevant expertise, should be involved in the training to provide input from a community perspective.

## Extreme Risk Protection Orders

### 388.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving extreme risk protection orders and accounting for the firearms obtained pursuant to those orders (RCW 7.94.010 et seq.).

#### 388.1.1 DEFINITIONS

Definitions related to this policy include:

**Extreme risk protection order** – An order prohibiting a named person from controlling, owning, purchasing, possessing, accessing, receiving, or otherwise having custody of any firearms.

**Ex parte extreme risk protection order** – An extreme risk protection order that has been issued in the absence of or without notification to the named person.

### 388.2 POLICY

It is the policy of the Adams County Sheriff's Office to petition for and serve extreme risk protection orders in compliance with state law and to properly account for firearms obtained by the Office pursuant to such orders.

### 388.3 EXTREME RISK PROTECTION ORDERS

#### 402.3.1 OTHER PROHIBITIONS

The Adams County Sheriff's Office also condemns the illegal use of an individual or group's attire, appearance, or mode of transportation, including the fact that an individual rides a motorcycle or wears motorcycle-related paraphernalia, as a factor in deciding to stop and question, take enforcement action, arrest, or search a person or vehicle with or without a legal basis under the United States Constitution or Washington State Constitution (RCW 43.101.419).

### **406.5 SEARCHES**

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

#### **406.5.1 CONSENT**

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

# Hazardous Material Response

## 412.1 PURPOSE AND SCOPE

Exposure to hazardous materials present potential harm to office members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

### 412.1.1 DEFINITIONS

Definitions related to this policy include:

**Hazardous material** - A substance which, by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

## 412.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond to and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

## 412.3 REPORTING EXPOSURE

Office members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the Sergeant as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

### 412.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

## *Hazardous Material Response*

---

To ensure the safety of members, PPE is available from supervisors. PPE items not maintained by this office may be available through the appropriate fire department or emergency response team.

### **412.4 POLICY**

It is the policy of the Adams County Sheriff's Office to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

### **412.5 CONSIDERATIONS**

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify Dispatch, appropriate supervisors, the appropriate fire department and hazardous response units.
  1. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
- (c) Wear personal protective equipment (PPE), being cognizant that some hazardous material can be inhaled.
- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
  1. Placards or use of an emergency response guidebook.
  2. Driver's manifest or statements or shipping documents from the person transporting the material.
  3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
    - (a) The type of material.
    - (b) How to secure and contain the material.
    - (c) Any other information to protect the safety of those present, the community and the environment.
- (f) Provide first-aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene and prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.
- (j) Activate automated community notification systems, if applicable.

## *Hazardous Material Response*

---

- (k) Dependent upon the substance and other specific conditions, consider initiating an emergency public notification or evacuation. The decision to initiate public notifications and/or evacuations shall be in accordance with the Adams County Sheriff's Office Local Emergency Planning Committee (LEPC) procedures.

## Hostage and Barricade Incidents

### 414.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

#### 414.1.1 DEFINITIONS

Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

### 414.2 POLICY

It is the policy of the Adams County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

### 414.3 COMMUNICATION

When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, office-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

#### 414.3.1 EMERGENCY COMMUNICATIONS

A supervisor may order the telephone company to cut, reroute or divert telephone lines in order to prevent a suspect from communicating with anyone other than designated personnel in a barricade or hostage situation (RCW 70.85.100).

## *Hostage and Barricade Incidents*

---

### **414.4 FIRST RESPONDER CONSIDERATIONS**

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

#### **414.4.1 BARRICADE SITUATION**

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.

## *Hostage and Barricade Incidents*

---

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

### 414.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the PIO.

## *Hostage and Barricade Incidents*

---

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

### **414.5 SUPERVISOR RESPONSIBILITIES**

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Crisis Response Unit response if appropriate and apprising the Crisis Response Unit Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the office Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

### **414.6 REPORTING**

Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

## Response to Bomb Calls

### 416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Adams County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

### 416.2 POLICY

It is the policy of the Adams County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

### 416.3 RECEIPT OF BOMB THREAT

Office members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement, and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established office evidence procedures.

The member receiving the bomb threat should ensure that the Sergeant is immediately advised and informed of the details. This will enable the Sergeant to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

### 416.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

#### 416.4.1 ADAMS COUNTY SHERIFF'S OFFICE FACILITY

If the bomb threat is against the Adams County Sheriff's Office facility, the Sergeant will direct and assign deputies as required for coordinating a general building search or evacuation of the sheriff's office, as he/she deems appropriate.

#### 416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Adams County Sheriff's Office that is not the property of this office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Sergeant deems appropriate.

#### 416.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Response to Bomb Calls*

---

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

### **416.5 PRIVATE FACILITY OR PROPERTY**

When a member of this office receives notification of a bomb threat at a location in the County of Adams County Sheriff's Office, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting sheriff's assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
  1. No evacuation of personnel and no search for a device.
  2. Search for a device without evacuation of personnel.
  3. Evacuation of personnel without a search for a device.
  4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Sergeant is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

#### **416.5.1 ASSISTANCE**

The Sergeant should be notified when sheriff's assistance is requested. The Sergeant will make the decision whether the Office will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility.

Should the Sergeant determine that the Office will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
  1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Response to Bomb Calls*

---

2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
  1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

### **416.6 FOUND DEVICE**

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
  1. Two-way radios
  2. Cell phones
  3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Sergeant including:
  1. The time of discovery.
  2. The exact location of the device.
  3. A full description of the device (e.g., size, shape, markings, construction).
  4. The anticipated danger zone and perimeter.
  5. The areas to be evacuated or cleared.

## *Response to Bomb Calls*

### **416.7 EXPLOSION/BOMBING INCIDENTS**

When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

#### **416.7.1 CONSIDERATIONS**

Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.

## Emergency Detentions

### 418.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may place an individual under an emergency detention.

### 418.2 POLICY

It is the policy of the Adams County Sheriff's Office to protect the public and individuals through legal and appropriate use of the emergency detention process.

### 418.3 AUTHORITY

A deputy may take a person into emergency detention when either (RCW 71.05.150; RCW 71.05.153; RCW 71.05.201; RCW 71.34.710; RCW 71.34.351):

- (a) There is reasonable cause to believe that a person is suffering from a behavioral health disorder (e.g., mental disorder, substance abuse disorder) and presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled
- (b) The deputy has received an order authorizing emergency detention from a court or a designated crisis responder

Persons taken into emergency detention should be transported to an appropriate facility as soon as practicable.

#### 418.3.1 VOLUNTARY EVALUATION

If a deputy encounters an individual who may qualify for emergency detention, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the deputies should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

If at any point the individual changes his/her mind regarding voluntary evaluation, deputies should proceed with the emergency detention process, if appropriate.

### 418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for emergency detention should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.

## *Emergency Detentions*

---

- (d) Community or other resources available to assist in dealing with behavioral health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Emergency detentions should be preferred over arrest for individuals with behavioral health disorders who are suspected of committing minor crimes or creating other public safety issues.

### **418.5 TRANSPORTATION**

When taking any individual into emergency detention, the transporting deputy should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual, and whether any special medical care is needed.

Deputies may transport individuals in a patrol vehicle and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Sergeant approval is required before transport commences.

### **418.6 TRANSFER TO APPROPRIATE FACILITY**

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntary treatment, the deputy should provide the staff member with the written application for an emergency detention and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

### **418.7 CRIMINAL OFFENSES**

Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken into emergency detention should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the emergency detention.
- (c) Facilitate the individual's transfer to the jail facility.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for emergency detention.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Emergency Detentions*

---

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this office to regain custody of the individual, office resources (e.g., posting a guard), and other relevant factors in making this decision.

### **418.8 FIREARMS AND OTHER WEAPONS**

Whenever an individual is taken into emergency custody, the handling deputies should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling deputies should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

### **418.9 TRAINING**

This office will endeavor to provide office-approved training on interaction with persons with behavioral health disorders, emergency detentions and crisis intervention.

## Citation Releases

### 420.1 PURPOSE AND SCOPE

See the Domestic Violence Policy for release restrictions related to those investigations.

### 420.5 CONSIDERATIONS

In determining whether to cite and release a person, deputies shall consider whether (Criminal Rules, CrRLJ 2.1(b)(2)):

- (a) The suspected offender has identified him/herself satisfactorily.
- (b) Detention appears reasonably necessary to prevent imminent bodily harm to the suspected offender or another, property damage or breach of the peace.

## Rapid Response and Deployment

### 424.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding deputies in situations that call for rapid response and deployment.

### 424.2 POLICY

The Adams County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Office in protecting themselves or others from death or serious injury.

### 424.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be made based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel, This does not preclude an individual deputy from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the deputies have the ability to effectively communicate with other personnel or resources.

## *Rapid Response and Deployment*

---

- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

### **424.4 CONSIDERATIONS**

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

### **424.5 PLANNING**

The Patrol Undersheriff should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.

## *Rapid Response and Deployment*

---

### **424.6 TRAINING**

The Undersheriff should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

### **424.7 SCHOOL NOTIFICATION**

The Patrol Undersheriff should establish protocols for public and private school notification in the event an incident reasonably appears to require a lockdown or evacuation. Protocols should include notification to all known schools in the vicinity of the incident that may be similarly threatened (RCW 28A.320.125).

## Immigration Violations

### 428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Adams County Sheriff's Office relating to immigration laws and interacting with federal immigration officials (RCW 43.10.315).

### 428.2 POLICY

It is the policy of the Adams County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

### 428.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Washington constitutions.

### 428.4 ENFORCEMENT

A deputy may detain an individual when there are facts supporting a reasonable suspicion that the individual entered into the United States in violation of a federal criminal law. Federal authorities shall be notified as soon as possible and the detained individual shall be immediately released if the federal authorities do not want the person held. A deputy should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

#### 428.4.1 IMMIGRATION CHECKS

Immigration status may be determined through any of the following sources:

- (a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien's immigration status (sometimes referred to as a 287(g) certified officer)
- (b) Immigration and Customs Enforcement (ICE)
- (c) U.S. Customs and Border Protection (CBP)

A deputy shall verify from a 287(g) certified officer, ICE or CBP whether a person's presence in the United States relates to a federal civil violation or a criminal violation.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person.

## *Immigration Violations*

---

In addition, the deputy should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

A deputy is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

### **428.4.2 SUPERVISOR RESPONSIBILITIES**

When notified that a deputy has detained a person and established probable cause to believe the person has violated a criminal immigration offense, the supervisor should:

- (a) Confirm that the detained person's immigration status was properly verified.
- (b) Ensure that the detained person is taken into custody when appropriate. Take any additional steps necessary that may include, but are not limited to:
  - 1. Transfer to federal authorities.
  - 2. Lawful arrest for a criminal offense or warrant.

### **428.5 FEDERAL REQUESTS FOR ASSISTANCE**

Requests by federal immigration officials for assistance from this office should be directed to a supervisor. The Office may provide available support services, such as traffic control or peacekeeping efforts.

### **428.6 INFORMATION SHARING**

No member of this office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; RCW 2.28.310):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in office records
- (c) Exchanging such information with any other federal, state, or local government entity

## Emergency Utility Service

### 430.1 PURPOSE AND SCOPE

The County Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Sheriff's Department. Requests for such service received by this department should be handled in the following manner.

#### 430.1.1 BROKEN WATER LINES

The County's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the County side of the meter, emergency personnel should be called as soon as practical by Dispatch.

#### 430.1.2 ELECTRICAL LINES

County Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, a deputy should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

#### 430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

#### 430.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.

### 430.2 TRAFFIC SIGNAL MAINTENANCE

The County of Adams County Sheriff's Office contracts with a private maintenance company to furnish maintenance for all traffic signals within the County, other than those maintained by the State of Washington.

#### 430.2.1 DEPUTY'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the deputy will advise the Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

## Aircraft Accidents

### 433.1 PURPOSE AND SCOPE

- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene office supervisor should ensure the accident is still appropriately investigated and documented.

### **437.2 REQUEST FOR HELICOPTER ASSISTANCE**

If a supervisor or deputy in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made through the Undersheriff or Sheriff.

## Contacts and Temporary Detentions

### 439.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

#### 439.1.1 DEFINITIONS

**Consensual encounter** - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

**Field interview (FI)** - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the deputy's suspicions.

**Field photographs** - Posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

**Pat-down search** - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others.

**Reasonable suspicion** - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

**Temporary detention** - When a deputy intentionally, through words, actions or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

### 439.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Adams County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Contacts and Temporary Detentions*

---

### **439.2.1 INITIATING A FIELD INTERVIEW**

When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the deputy.

### **439.3 PAT-DOWN SEARCHES**

Once a valid stop has been made, and consistent with the deputy's training and experience, a deputy may pat a suspect's outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to the following:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, pat-down searches should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

### **439.4 FIELD PHOTOGRAPHS**

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Contacts and Temporary Detentions*

---

### 439.4.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the deputy should have the individual read and sign the appropriate form accompanying the photograph.

### 439.4.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based on reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

### 439.4.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Sergeant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Sergeant should review and forward the photograph to one of the following locations:

- (a) If the photo and associated FI or memorandum is relevant to criminal organization/enterprise enforcement, the Sergeant will forward the photo and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

### 439.4.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Contacts and Temporary Detentions*

---

### **439.5 POLICY**

The Adams County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

### **439.6 WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
  - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
  - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, [officers/deputies] should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office members.
  - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

## Criminal Organizations

### 441.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Adams County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

#### 441.1.1 DEFINITIONS

Definitions related to this policy include:

**Criminal intelligence system** - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

### 441.2 POLICY

The Adams County Sheriff's Office recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this office to collect and share relevant information while respecting the privacy and legal rights of the public.

### 441.3 CRIMINAL INTELLIGENCE SYSTEMS

No office member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for office use.

Any criminal intelligence system approved for office use should meet or exceed the standards of 28 CFR 23.20 and RCW 43.43.762.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for office use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

#### 441.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this office, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting

## *Criminal Organizations*

---

documentation for an entry shall be retained by the Records Section in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Records Clerk may not purge such documents without the approval of the designated supervisor.

### 441.3.2 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information into a criminal intelligence system operated by the state patrol and authorized by RCW 43.43.762. Entries into such a database shall be based upon reasonable suspicion of criminal activity or actual criminal activity, and must be supported by documentation, where documentation is available (RCW 43.43.762(2)).

### 441.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the office-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

#### 441.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible office supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records Section or Evidence, but should be copies of, or references to, retained documents, such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Criminal Organizations*

---

### 441.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged in compliance with the office records retention schedule or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

### 441.5 INFORMATION RECOGNITION

Office members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Office supervisors who utilize an authorized criminal intelligence system should work with the Undersheriff to train members to identify information that may be particularly relevant for inclusion.

### 441.6 RELEASE OF INFORMATION

Office members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to office members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

### 441.7 CRIMINAL STREET GANGS

The Investigations supervisor should ensure that there are an appropriate number of office members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

## *Criminal Organizations*

---

### **441.8 TRAINING**

The Undersheriff should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises.

Training should include:

- (a) The protection of civil liberties
- (b) Participation in a multi-agency criminal intelligence system.
- (c) Submission of information into a multi-agency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.
- (f) All users of the Washington criminal street gang database shall receive training on its use prior to accessing the database (RCW 43.43.762).

## Sergeants / Corporal

### **443.1 PURPOSE AND SCOPE**

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with office policies, procedures, practices, functions and objectives. To accomplish this goal, a Supervisor heads each watch.

### **443.2 SUPERVISOR AVAILABILITY**

In cases where there is not a Supervisor on duty there will be one on standby who will make themselves available to answer calls or respond as needed. In rare cases where a Supervisor is not available or cannot be contacted, deputies should contact the Undersheriff or Sheriff.

---

## Mobile Audio Video

### 445.1 PURPOSE AND SCOPE

The Adams County Sheriff's Office has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist deputies in the performance of their duties. This policy provides guidance on the use of these systems.

#### 445.1.1 DEFINITIONS

Definitions related to this policy include:

**Activate** - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

**In-car camera system and Mobile Audio Video (MAV) system** - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

**MAV technician** - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

**Recorded media** - Audio-video signals recorded or digitally stored on a storage device or portable media.

### 445.2 POLICY

It is the policy of the Adams County Sheriff's Office to use mobile audio and video technology to more effectively fulfill the office's mission and to ensure these systems are used securely and efficiently.

### 445.3 DEPUTY RESPONSIBILITIES

Prior to going into service, each deputy will properly equip him/herself to record audio and video in the field. At the end of the shift, each deputy will follow the established procedures for providing to the Office any recordings or used media and any other related equipment. Each deputy should have adequate recording media for the entire duty assignment. In the event a deputy works at a remote location and reports in only periodically, additional recording media may be issued. Only Adams County Sheriff's Office identified and labeled media with tracking numbers is to be used.

At the start of each shift, deputies should test the MAV system's operation in accordance with manufacturer specifications and office operating procedures and training.

System documentation is accomplished by the deputy recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the deputy shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

---

### **445.4 ACTIVATION OF THE MAV**

The MAV system is designed to turn on whenever the unit's emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the deputy whenever appropriate. When audio is being recorded, the video will also record.

Whenever reasonably practicable, deputies shall inform any person being recorded that an audio recording is being made and shall ensure that such advisement informing the person is also recorded (RCW 9.73.090(1)(c)).

#### **445.4.1 REQUIRED ACTIVATION OF MAV**

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. A deputy may activate the system any time the deputy believes it would be appropriate or valuable to document an incident.

In some circumstances, it is not possible to capture images of the event due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
  - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
  - 2. Priority responses
  - 3. Vehicle pursuits
  - 4. Suspicious vehicles
  - 5. Arrests
  - 6. Vehicle searches
  - 7. Physical or verbal confrontations or use of force
  - 8. Pedestrian checks
  - 9. DWI/DUI investigations including field sobriety tests
  - 10. Consensual encounters
  - 11. Crimes in progress
  - 12. Responding to an in-progress call
- (b) All self-initiated activity in which a deputy would normally notify Dispatch
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
  - 1. Domestic violence calls
  - 2. Disturbance of peace calls

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

---

3. Offenses involving violence or weapons
  - (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording
  - (e) Any other circumstance where the deputy believes that a recording of an event would be appropriate

### 445.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if a deputy is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

### 445.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other deputies or during breaks, lunch periods, when not in service or actively on patrol.

No member of this office may surreptitiously record a conversation of any other member of this office except with a court order (RCW 9.73.090).

## 445.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Office. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the office MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of deputy conduct
- (c) By a supervisor to assess deputy performance
- (d) To assess proper functioning of MAV systems
- (e) By a office investigator who is participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By office personnel who request to review recordings
- (g) By a deputy who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment

- (h) By court personnel through proper process or with permission of the Sheriff or the authorized designee.
- (i) By the media personnel through proper process or with permission of the Sheriff or his/her the authorized designee.
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved deputy objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the deputy's objection.

No sound or video recording may be made available to the public until final disposition of any criminal or civil litigation which arises from the event or events that were recorded (RCW 9.73.090(1)(c)).

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Sergeant. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

### **445.6 DOCUMENTING MAV USE**

If any incident is recorded with either the video or audio system, the existence of the recording shall be documented in the deputy's report. If a citation is issued, the deputy shall make a notation on the back of the records copy of the citation indicating that the incident was recorded.

### **445.7 SUPERVISORY RESPONSIBILITIES**

Supervisory personnel who manage deputies using MVA equipment shall ensure that all deputies have read the operators manual for the MVA system and are trained on the requirements of RCW 9.73, the proper use of the MVA equipment and follow established procedures for the use and maintenance of MVA equipment, handling of video/audio recordings and the completion of MVA documentation.

Supervisory personnel shall ensure that repairs and replacement of damaged or non-functional MVA equipment is reported.

### **445.8 SYSTEM OPERATIONAL STANDARDS**

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds prior to an event.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Mobile Audio Video

---

- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating deputy's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.
- (e) Deputies using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.
- (g) Deputies shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

### **445.9 MAV TECHNICIAN RESPONSIBILITIES**

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
  - 1. Ensures it is stored in a secure location with authorized controlled access.
  - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
  - 1. Pursuant to a court order.
  - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
  - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the office evidence storage protocols and the records retention schedule.

## Portable Audio/Video Recorders

### 449.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this office while in the performance of their duties (RCW 10.109.010). Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Adams County Sheriff's Office facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

### 449.2 POLICY

The Adams County Sheriff's Office may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Office by accurately capturing contacts between members of the Office and the public.

### 449.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any office-issued device at any time, and any recording made while acting in an official capacity of the office, regardless of ownership of the device it was made on, shall remain the property of the Office. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

### 449.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Office, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

When using a portable recorder, the assigned member shall record his/her name, ACSO identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not

---

required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation (RCW 10.109.010).

### **449.5 ACTIVATION OF THE PORTABLE RECORDER**

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

No member of this office may record a face-to-face conversation without first announcing to everyone present that the conversation is going to be recorded and ensuring the announcement is recorded except pursuant to a warrant, or when the communication is of an emergency nature or relates to communications by a hostage holder or barricaded suspect (RCW 9.73.030).

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

#### **449.5.1 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER**

Washington law prohibits any individual from surreptitiously recording any conversation, except as provided in RCW 9.73.040, RCW 9.73.090 and RCW 9.73.210.

Members shall not surreptitiously record another office member without a court order unless lawfully authorized by the Sheriff or the authorized designee.

# Adams County Sheriff's Office

## *Portable Audio/Video Recorders*

---

### 449.5.2 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

### 449.5.3 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

### **449.6 PROHIBITED USE OF PORTABLE RECORDERS**

Members are prohibited from using office-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with a office-issued or personally owned recorder. Members shall not duplicate or distribute such recordings, except for authorized legitimate office business purposes. All such recordings shall be retained at the Office.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Sergeant. Any member who uses a personally owned recorder for office-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

### **449.7 IDENTIFICATION AND PRESERVATION OF RECORDINGS**

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Portable Audio/Video Recorders*

---

- (f) Disclosure may compromise an undercover deputy or confidential informant.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

### **449.8 REVIEW OF RECORDED MEDIA FILES**

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Office who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Sheriff or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

### **449.9 COORDINATOR**

The Sheriff or the authorized designee should appoint a coordinator responsible for (RCW 10.109.010):

- (a) Establishing procedures for the security, storage and maintenance of data and recordings.
- (b) Establishing procedures for transferring, downloading, tagging or marking events.
- (c) Establishing procedures for members communicating to non-English speakers, those with limited English proficiency or those who are deaf or hard of hearing that a portable recorder is being used.
- (d) Establishing procedures for accessing data and recordings.

- (e) Establishing procedures for logging or auditing access.

### **449.10 RETENTION OF RECORDINGS**

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 30 days.

#### **449.10.1 RELEASE OF AUDIO/VIDEO RECORDINGS**

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

### **449.11 TRAINING**

The Undersheriff should ensure that those members issued a portable recorder receive initial training upon issue and periodic training thereafter (RCW 10.109.010).

## Medical Marijuana

### 451.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this office with guidelines for handling and distinguishing between claims of medical marijuana use under Washington's Medical Use of Cannabis Act and criminal controlled substance violations (RCW 69.51A.005 et seq.).

#### 451.1.1 DEFINITIONS

Definitions related to this policy include (RCW 69.51A.010):

**Authorization** - Documentation that is signed and dated by a qualifying patient's health care professional, authorizing use of medical marijuana.

**Designated provider** - A person who:

- Is 21 years of age or older and is the parent or guardian of a qualifying patient who is 17 years of age or younger and holds a recognition card.
- Has been designated in writing by a qualifying patient to serve as the designated provider for that patient.
- Has an authorization from the qualifying patient's health care professional.
- Has been entered into the medical marijuana authorization database as being the designated provider to a qualifying patient and has been provided a recognition card.

An individual can act as a designated provider to no more than one patient at a time and is prohibited from consuming marijuana obtained for the use of the qualifying patient and may only provide marijuana to the patient designated to the provider.

**Medical use of marijuana** - The manufacture, production, possession, transportation, delivery, ingestion, application or administration of marijuana for the exclusive benefit of a qualifying patient in the treatment of his/her terminal or debilitating medical condition.

**Qualifying patient** - Any person who meets all of the following criteria:

- Has been diagnosed by his/her health care professional as having a terminal or a debilitating medical condition.
- Is a resident of the state of Washington at the time of such diagnosis.
- Has been advised by his/her health care professional about the risks and benefits of the medical use of marijuana.
- Has been advised by the health care professional that he/she may benefit from the medical use of marijuana or has been entered into the medical marijuana authorization database and has been provided a recognition card.
- Has an authorization from his/her health care professional.
- Is not under supervision for a crime that does not allow for the use of medical marijuana.

## *Medical Marijuana*

---

**Recognition Card** - A card issued to qualifying patients and designated providers by a marijuana retailer with a medical marijuana endorsement that has entered them into the medical marijuana authorization database.

### **451.2 POLICY**

It is the policy of the Adams County Sheriff's Office to prioritize resources to avoid making arrests related to marijuana that the arresting deputy reasonably believes would not be prosecuted by state or federal authorities.

Washington medical marijuana laws are intended to provide protection from prosecution for those who use, possess, deliver or produce marijuana to mitigate the symptoms of certain debilitating or terminal medical conditions. However, Washington medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana.

Deputies should exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both the individuals protected under Washington law and the resources of the Office.

### **451.3 INVESTIGATION**

Investigations involving the possession, delivery or production of marijuana generally fall into one of several categories:

- (a) No medicinal claim is made.
- (b) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts within the limits designated by RCW 69.51A.040.
- (c) A medicinal claim is made by a qualifying patient or designated provider who is in possession of amounts exceeding the limits designated by RCW 69.51A.040 or who presented no authorization when initially contacted.

#### **451.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM**

In any investigation involving the possession, delivery or production of marijuana where there is no claim that the marijuana is for medicinal purposes, the deputy should proceed with reasonable enforcement action. A medicinal defense may be raised at any time, so deputies should document any statements and observations that may be relevant to whether the marijuana is possessed or produced for medicinal purposes.

#### **451.3.2 MEDICAL CLAIMS BY QUALIFYING PATIENTS OR DESIGNATED PROVIDERS**

A qualifying patient or designated provider who was entered into the medical marijuana authorization database and who possesses a valid recognition card should not be arrested or cited if he/she possesses no more than six plants in his/her residence with up to 8 ounces of useable marijuana from these plants and any of the following (RCW 69.51A.040; RCW 69.51A.043):

- (a) 48 ounces of marijuana-infused product in solid form

## *Medical Marijuana*

---

- (b) 3 ounces of useable marijuana
- (c) 216 ounces of marijuana-infused product in liquid form
- (d) 21 grams of marijuana concentrates

A qualifying patient may be allowed to possess up to 15 plants with up to 16 ounces of useable marijuana in his/her residence for the personal medical use of the patient with appropriate health care professional authorization (RCW 69.51A.210).

Qualifying patients and designated providers may only purchase marijuana at a retail outlet at the same quantities as non-patients (RCW 69.50.360) if they do not have the appropriate authorization (RCW 69.51A.210). Qualifying patients and designated providers may purchase immature plants or clones as defined in RCW 69.50.101 and marijuana seeds from a licensed marijuana producer (RCW 69.51A.310).

If a person is both a qualifying patient and a designated provider for another, he/she may possess no more than double the amounts described above (RCW 69.51A.040(1)).

Deputies may take enforcement action against a designated provider even when the above thresholds are not exceeded if there is evidence that the provider has converted the marijuana for his/her personal use or benefit or has provided for more than one patient within a 15-day period (RCW 69.51A.040).

Deputies may take enforcement action against a qualifying patient even when the above thresholds are not exceeded if there is evidence that the patient possesses or uses the marijuana for his/her personal, non-medical use or benefit (RCW 69.51A.040).

### 451.3.3 EXCESS AMOUNTS OR NO AUTHORIZATION

A qualifying patient or designated provider may raise an affirmative defense to charges that the amount of marijuana in his/her possession exceeds the amount legally allowed by RCW 69.51A.040 or that he/she presented no authorization when initially contacted by law enforcement (RCW 69.51A.045).

Deputies should conduct a thorough investigation in such cases, but in general, should not arrest a subject for possession, delivery or production of marijuana if an excess amount appears reasonable based upon the above policy considerations. Similarly, if a deputy can verify that authorization exists, even though a recognition card was not presented or obtained by a qualified patient or designated provider, an arrest generally should not be made (RCW 69.51A.043).

All facts should be thoroughly documented and if evidence is not seized, it shall be photographed and detailed in the report.

### 451.3.4 ADDITIONAL CONSIDERATIONS

Prior to making a physical arrest or confiscating cannabis plants, usable cannabis, or product, deputies should consider the following:

- (a) Whenever the initial investigation reveals an amount greater than specified by law, deputies should, in anticipation of an affirmative defense, consider and document:

## Medical Marijuana

---

1. The medical condition itself.
  2. The quality of the marijuana (chemical content).
  3. The method of ingestion (e.g., smoking, eating, nebulizer).
  4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
  5. Whether the marijuana is being cultivated indoors or outdoors, and the climate.
- (b) Before proceeding with enforcement related to collective gardens, cooperatives, or commercial producers, deputies should consider conferring with appropriate legal counsel and the Washington State Liquor and Cannabis Board for license-related issues (WAC 314-55-410).
  - (c) Medical use and possession of marijuana authorized under the Washington medical marijuana statute does not support the forfeiture of property as set forth in the Asset Forfeiture Policy (RCW 69.51A.050).
  - (d) Laws and regulations do provide for the cultivation of industrial hemp. The Washington State Department of Agriculture should be contacted should questions arise regarding possible industrial hemp activity (RCW 15.140.030).
  - (e) A medical endorsement can be added to a marijuana retail license to allow a retailer to sell marijuana for medical use to qualifying patients and designated providers. Transaction limits apply (WAC 314-55-080; WAC 314-55-095).
  - (f) The Washington State Department of Health maintains a Medical Marijuana Authorization Database and regulates marijuana retail outlets with medical marijuana endorsements. This database may be accessed by authorized law enforcement officials for specific criminal investigations (WAC 246-71-010 et seq.).

### 451.4 EXCEPTIONS

This policy does not apply to the following offenses; deputies may take enforcement action if the person (RCW 69.51A.060):

- (a) Engages in the medical use of marijuana in a way that endangers the health or well-being of any person through the use of a motorized vehicle on a street, road, or highway, including violations of RCW 46.61.502 or RCW 46.61.504, or equivalent local ordinances.
- (b) Uses or displays medical marijuana in a manner or place open to the view of the public.
- (c) Produces fraudulent documentation.

### 451.5 FEDERAL LAW ENFORCEMENT

Deputies may exchange information regarding a marijuana investigation with federal law enforcement authorities when information is requested by federal law enforcement authorities or whenever the deputy reasonably believes federal law enforcement authorities would request the information if the authorities were aware of the information.

### **451.6 EVIDENCE SUPERVISOR RESPONSIBILITIES**

The Evidence Supervisor shall ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed.

Upon a determination by the prosecuting attorney that the person from whom marijuana, drug paraphernalia or related property was seized is entitled to possession under the law, the Evidence Supervisor should return to that person any usable marijuana, plants, drug paraphernalia or other seized property. That determination is the result of a decision not to prosecute, by the dismissal of charges or an acquittal.

The Evidence Supervisor may destroy marijuana that was alleged to be for medical purposes upon receipt of a court order.

The Evidence Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations Supervisor.

#### **451.6.1 RETURN OF MARIJUANA**

Regardless of the prosecution status or disposition of any related criminal case, this department will not return any marijuana seized as evidence unless presented with a valid court order requiring the return.

### **451.7 DISPOSITION OF MARIJUANA**

Washington State Initiative No. 502 (2012) made legal, the possession of certain amounts of marijuana for persons 21 years of age and older. The following, under Washington State law only, is considered LEGAL marijuana.

One ounce (28.3 grams) or less of marijuana;

Sixteen ounces or less of marijuana-infused product (in solid form);

Seventy-two ounces or less of marijuana-infused product (in liquid form);

Possession of marijuana exceeding the legal amounts described above, possession of marijuana by persons under the age of 21, and distribution of marijuana remain to be criminal offenses:

Possession of between 28.3 grams and 40 grams of marijuana will continue to be a misdemeanor crime;

Possession of more than 40 grams of marijuana continues to be a Class C felony crime;

Possession of any amount of marijuana by a person under 21 years of age will remain a crime;

Manufacturing and/or delivery of marijuana will continue to be a crime. The Washington State Liquor Control Board has until December 1, 2013, to develop specific regulations that will regulate and license producers, processors, and retailers. Even once these license provisions are in effect, manufacture and delivery by a person who is not licensed will be a crime.

Adams County SO WA Policy Manual

## *Medical Marijuana*

---

With these changes, deputies will be contacting subjects who may be in LEGAL possession of marijuana under state law. These guidelines should be followed by deputies absent extenuating circumstances and/or supervisory approval to deviate from them.

1. Marijuana and/or marijuana products found on the person of a suspect in custody should be seized, regardless of the amount, even if it is a LEGAL amount under state law.

If the seizure is made as EVIDENCE in a criminal investigation, the arresting deputy will enter the items into evidence according to our established policy and procedure.

If however, the seizure is not an evidentiary seizure; the items are to be entered into our property room as SEIZED PROPERTY.

Seized marijuana and marijuana products, not seized for evidentiary purposes in a criminal investigation, will be processed for destruction.

As it is a federal crime to possess and distribute marijuana, deputies and evidence specialists will not be returning marijuana or marijuana products to the owners (even if the quantity is lawful to possess by Washington State law).

2. If marijuana and/or marijuana products are found which appear to be a legal amount under Washington State law in an area controlled by the person placed in custody (not on his/her person, including, for example in a vehicle or residence), and there are no other persons under age 21 present, the marijuana should be left where it was discovered. If there are persons present under age 21, the marijuana and/or marijuana products should be seized per the guidelines listed in #1 above.

3. In the event that a deputy discovers a non-criminal amount of marijuana and/or marijuana products (by state standards) in the possession of an individual contacted by deputies, but not taken into custody, the deputy should not seize the marijuana. Instead, the deputy should leave the marijuana in the possession of the person contacted (i.e., in the vehicle, in the home, etc.).

4. Any LEGAL amount of marijuana found by our corrections staff during the jail booking process will be returned to the arresting/booking deputy or other law enforcement officer (LEO) for processing.

If the arresting/booking deputy is with the Adams County Sheriff's Office, the marijuana and/or marijuana product will be processed as per the procedure outlined above.

If the arresting LEO is other than a deputy with the Adams County Sheriff's Office, the LEO will be responsible for processing the marijuana and/or marijuana products as per their agency policy.

Under no circumstances will any marijuana and/or marijuana products be entered into inmate property.

5. There is no precedence for the conflict between state law and federal law created by the passage of I-502, and it is not possible to address every conceivable set of circumstances that may result from this conflict. When in doubt, check with a supervisor.

## Foot Pursuits

### 455.1 PURPOSE AND SCOPE

This policy provides guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot.

### 455.2 POLICY

It is the policy of this office that deputies, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to office members, the public or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances.

### 455.3 DECISION TO PURSUE

The safety of office members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and office members.

Deputies may be justified in initiating a foot pursuit of any individual that the deputy reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that a deputy must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place office members and the public at significant risk. Therefore, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, a deputy should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.

## Foot Pursuits

---

- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

### **455.4 GENERAL GUIDELINES**

When reasonably practicable, deputies should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The deputy is acting alone.
- (c) Two or more deputies become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The deputy is unsure of his/her location and direction of travel.
- (e) The deputy is pursuing multiple suspects and it is not reasonable to believe that the deputy would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the deputy renders him/her incapable of controlling the suspect if apprehended.
- (g) The deputy loses radio contact with the dispatcher or with assisting or backup deputies.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to deputies or the public.
- (j) The deputy reasonably believes that the danger to the pursuing deputies or public outweighs the objective of immediate apprehension.
- (k) The deputy loses possession of his/her firearm or other essential equipment.
- (l) The deputy or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is

# Adams County Sheriff's Office

## *Foot Pursuits*

---

no immediate threat to office members or the public if the suspect is not immediately apprehended.

- (o) The deputy's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

### **455.5 RESPONSIBILITIES IN FOOT PURSUITS**

#### **455.5.1 INITIATING DEPUTY RESPONSIBILITIES**

Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating deputy should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient deputies are present to safely apprehend the suspect.

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any deputy unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for deputies, suspects or members of the public.

#### **455.5.2 ASSISTING DEPUTY RESPONSIBILITIES**

Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

Adams County SO WA Policy Manual

## *Foot Pursuits*

---

### **455.5.3 SUPERVISOR RESPONSIBILITIES**

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established office guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

### **455.5.4 DISPATCH RESPONSIBILITIES**

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Sergeant as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

### **455.6 REPORTING REQUIREMENTS**

The initiating deputy shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and deputies.
- (f) Whether a suspect was apprehended as well as the means and methods used.
  - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

## *Foot Pursuits*

---

- (k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Assisting deputies taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating deputy need not complete a formal report.

## Spike Strips

### 456.1 PURPOSE AND SCOPE

Spike strips are a tire deflation device used to terminate or reduce the speed of a vehicle pursuit. The embedded spikes cause a controlled deflation of the tires, which allows the spike strip driver to maintain control of the vehicle at a reduced speed.

### 456.2 USE OF SPIKE STRIPS

Members of the department will receive training on the deployment of the spike strips. The deployment of a spike strip device on a moving vehicle during the course of a pursuit is considered a use of force and shall be used in accordance with the department's use of force policy. A spike strip device will be deployed only with the approval of a sergeant or higher-ranking officer. The sergeant or higher-ranking officer must give consideration to all available information and authorize the use of the spike strip device only when in his/her opinion the use of the spike strip device is necessary to bring a pursuit to an end.

A. No deputy shall deploy a spike strip device unless the following criteria are met.

1. The deputy has received the designated training for deployment of the spike strip device established by the department.
2. A sergeant or higher-ranking officer has authorized the deployment of the spike strip device. Exceptions from a sergeant or higher ranking officer's approval are justified when in the totality of the situation, or the circumstances surrounding the pursuit presents additional risks that clearly outweigh prior approval of the deployment of a spike strip device.
3. The deputy deploying the spike strip device must advise pursuing vehicles, by radio, that a spike strip device will be used, where the device will be used and any officer-controlled lane restrictions established.

B. With prior authorization, a spike strip device may be deployed in a stationary vehicle situations for the following purposes:

1. To prevent a vehicle from being moved by a suspect attempting to flee a scene.
2. To prevent movement of a vehicle that is, or possibly will be evidence.

C. When and where spike strips should NOT be deployed

1. To terminate pursuits involving motorcycles, other two wheel vehicles, or any vehicle transporting flammable or hazardous materials.
2. Curves or locations where the safety of oncoming traffic cannot be ensured (blind hills and curves).

D. Officer Safety Considerations: Deputies must use discretion in the proper positioning of the police vehicle to ensure their safety.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Spike Strips*

---

A. Whenever possible, deputies should place their police vehicle out of sight of the approaching suspect vehicle in order to reduce the chance of spike strip device avoidance by the suspect vehicle. If it is necessary to position your police vehicle on or alongside the roadway, the emergency lights shall be left on at all times.

B. The positioning of the police vehicle must allow for a lane of traffic to remain open, across which the spike strip device may be deployed.

Whenever the spike strips are deployed, the employee deploying the spike strips will complete a Law Incident Report, which will be forwarded to the Public Information Officer, via the chain of command.

## Public Recording of Law Enforcement Activity

### 464.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

### 464.2 POLICY

The Adams County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

### 464.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
  - 1. Tampering with a witness or suspect.
  - 2. Inciting others to violate the law.
  - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
  - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself or others.

### 464.4 OFFICER/DEPUTY RESPONSE

Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Public Recording of Law Enforcement Activity*

---

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

### **464.5 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Office members, such as how and where to file a complaint.

### **464.6 SEIZING RECORDINGS AS EVIDENCE**

Deputies should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
  1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
  1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
  2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain

the evidence is to transmit a copy of the recording from a device to a office-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

## Medical Aid and Response

### 465.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

### 465.2 POLICY

It is the policy of the Adams County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

### 465.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
  1. Signs and symptoms as observed by the member.
  2. Changes in apparent condition.
  3. Number of patients, sex and age, if known.
  4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
  5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Medical Aid and Response*

---

### **465.4 TRANSPORTING ILL AND INJURED PERSONS**

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

### **465.5 PERSONS REFUSING EMS CARE**

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with an emergency detention in accordance with the Emergency Detentions Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, the deputy should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

### **465.6 MEDICAL ATTENTION RELATED TO USE OF FORCE**

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

### **465.7 AIR AMBULANCE**

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Medical Aid and Response*

---

The Patrol Undersheriff should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Office should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One office member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

### **465.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE**

A semi-automatic external defibrillator or AED should only be used by members who have completed a course approved by the Washington State Department of Health (DOH) that includes instruction in CPR and the use of an AED (RCW 70.54.310).

#### **465.8.1 AED USER RESPONSIBILITY**

Members who are issued AEDs for use in office vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Undersheriff who is responsible for ensuring appropriate maintenance.

### **465.8.3 AED TRAINING AND MAINTENANCE**

The Undersheriff should ensure appropriate training is provided to members authorized to use an AED.

The Undersheriff is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines, and will retain records of all maintenance in accordance with the established records retention schedule (RCW 70.54.310).

## **465.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION**

Members may administer opioid overdose medication in accordance with protocol specified by the health care practitioner who prescribed the overdose medication for use by the member (RCW 69.41.095).

### **465.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES**

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. ### **465.10 ADMINISTRATION OF EPINEPHRINE**

The Sheriff shall designate a trained member to be responsible for the storage, maintenance and oversight of the epinephrine auto-injector devices pursuant to a prescription from an authorized health care provider as provided by RCW 70.54.440.

#### **465.10.1 EPINEPHRINE USER RESPONSIBILITIES**

Members who are qualified to administer epinephrine should handle, store and administer the medication consistent with their training. Trained members may administer epinephrine on the premises of the Adams County Sheriff's Office or provide an epinephrine auto-injector to a person for immediate self-administration when there is a good faith belief the person is experiencing anaphylaxis (RCW 70.54.440).

Any member who administers epinephrine should contact Dispatch as soon as possible and request response by EMS.

#### **465.10.2 EPINEPHRINE USE REPORTING**

Any member administering epinephrine should detail its use in an appropriate report. All uses shall be immediately reported to the DOH on the appropriate DOH form (RCW 70.54.440).

#### **465.10.3 EPINEPHRINE TRAINING**

The Undersheriff shall ensure that members authorized to use epinephrine auto-injector devices successfully pass a training course by a nationally recognized organization experienced in training emergency health treatment or an approved DOH training course and receive the appropriate certificate of completion prior to use (RCW 70.54.440).

### **465.11 SICK OR INJURED ARRESTEE**

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy's training.

### **465.12 FIRST AID TRAINING**

Subject to available resources, the Undersheriff should ensure deputies receive periodic first aid training appropriate for their position.

## Civil Disputes

### 466.1 PURPOSE AND SCOPE

This policy provides members of the Adams County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Washington law.

### 466.2 POLICY

The Adams County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

### 466.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

## *Civil Disputes*

---

### **466.4 COURT ORDERS**

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

#### **466.4.1 STANDBY REQUESTS**

Deputies responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items (RCW 26.50.080). Deputies should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or he/she may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

### **466.5 VEHICLES AND PERSONAL PROPERTY**

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

### **466.6 REAL PROPERTY**

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

### 466.6.1 REQUEST TO REMOVE TRESPASSER DECLARATION

Deputies possessing a lawful declaration signed under penalty of perjury and in the form required by law, may take enforcement action to remove a person from a residence when (RCW 9A.52.105):

- The person has been allowed a reasonable opportunity to secure and present evidence that the person is lawfully on the premises
- The deputy reasonably believe he/she has probable cause to believe the person is committing criminal trespass under RCW 9A.52.070

A deputy should give the trespasser a reasonable opportunity to vacate the premises before taking enforcement action.

## Mobile Digital Terminal Use

### 467.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Center (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between office members and Dispatch.

### 467.2 POLICY

Adams County Sheriff's Office members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

### 467.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

### 467.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Sergeants.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

#### 467.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Mobile Digital Terminal Use*

---

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

### **467.5 DOCUMENTATION OF ACTIVITY**

Except as otherwise directed by the Sergeant or other office-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the sheriff's radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

#### **467.5.1 STATUS CHANGES**

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the sheriff's radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

#### **467.5.2 EMERGENCY ACTIVATION**

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available deputy should respond in accordance with the Deputy Response to Calls Policy.

Members should ensure a field supervisor and the Sergeant are notified of the incident without delay.

Deputies not responding to the emergency shall refrain from transmitting on the sheriff's radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

### **467.6 EQUIPMENT CONSIDERATIONS**

#### **467.6.1 MALFUNCTIONING MDC**

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the sheriff's radio.

### 467.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

## First Amendment Assemblies

### 468.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

### 468.2 POLICY

The Adams County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

### 468.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe office members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

### 468.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating office performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

### 468.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

### 468.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

#### 468.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *First Amendment Assemblies*

---

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

### 468.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

## *First Amendment Assemblies*

---

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

### 468.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

### 468.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

### 468.7 USE OF FORCE

Use of force is governed by current office policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER (TM) devices should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *First Amendment Assemblies*

---

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this office shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

### **468.8 ARRESTS**

The Adams County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

### **468.9 MEDIA RELATIONS**

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

### **468.10 DEMOBILIZATION**

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

# Adams County Sheriff's Office

## *First Amendment Assemblies*

### **468.11 POST EVENT**

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

#### **468.11.1 AFTER-ACTION REPORTING**

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

### **468.12 TRAINING**

Office members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Office should, when practicable, train with its external and mutual aid partners.

## Crisis Intervention Incidents

### 469.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a deputy to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

#### 469.1.1 DEFINITIONS

Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

### 469.2 POLICY

The Adams County Sheriff's Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Office will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

### 469.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

## *Crisis Intervention Incidents*

---

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

### **469.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS**

The Sheriff should designate an appropriate Undersheriff to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide office interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

### **469.5 FIRST RESPONDERS**

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to deputies; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a deputy's authority to use reasonable force when interacting with a person in crisis.

Deputies are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A deputy responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup deputies and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the deputy.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

### **469.6 DE-ESCALATION**

Deputies should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding deputies generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

### **469.7 INCIDENT ORIENTATION**

When responding to an incident that may involve mental illness or a mental health crisis, the deputy should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous sheriff's response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

### **469.8 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Undersheriff.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

### **469.9 INCIDENT REPORTING**

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to office reporting procedures or other official mental health or medical proceedings.

#### **469.9.1 DIVERSION**

Individuals who are not being arrested should be processed in accordance with the Emergency Detentions Policy.

#### **469.9.2 SUICIDE THREATS OR ATTEMPTS**

Deputies should consider a referral to mental health services when a person has threatened or attempted suicide and the person does not qualify for emergency detention or voluntarily consent to immediate evaluation at a behavioral health facility (RCW 71.05.457).

- (a) Referrals should be made to the person by providing the name and phone number of the behavioral health agency and any available handouts.
- (b) The deputy may notify the behavioral health agency of the referral by phone or other method, in addition to preparing a written incident report.

Incident reports documenting a referral to a behavioral health agency should be sufficiently detailed regarding the nature of the incident and the person's behavior, to facilitate the behavioral health agency's prioritization and nature of their response. The deputy should promptly provide a copy of the report to the referred behavioral health agency (RCW 71.05.457).

## *Crisis Intervention Incidents*

---

### **469.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS**

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, a deputy should be promptly summoned to provide assistance.

### **469.11 EVALUATION**

The Undersheriff designated to coordinate the crisis intervention strategy for this office should ensure that a thorough review and analysis of the office response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, deputies or incidents and will be submitted to the Sheriff through the chain of command.

### **469.12 TRAINING**

In coordination with the mental health community and appropriate stakeholders, the Office will develop and provide comprehensive education and training to all office members to enable them to effectively interact with persons in crisis.

Training shall include mandated training in crisis intervention, certified by the Criminal Justice Training Commission, as required by Washington law (RCW 43.101.427; WAC 139-09-020 et seq.).

## Automated License Plate Readers

### 470.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPR is used by the Adams County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

### 470.2 ADMINISTRATION OF ALPR DATA

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administration Undersheriff. The Administration Undersheriff will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment and data.

### 470.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Office personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official office investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this office shall operate ALPR equipment, or access ALPR data, without first completing office-approved training.
- (e) If practicable, the deputy should verify an ALPR response through the Central Computerized Enforcement Service System (ACCESS) before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may retrieve ACCESS data unless otherwise authorized to do so.

### 470.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by an ALPR are for the official use of the Adams County Sheriff's Office, and because such data may contain confidential ACCESS information, it is not open to

public review. ALPR information gathered and retained by this office may be used and shared with prosecutors or others only as permitted by law.

The Administration Undersheriff is responsible to ensure proper collection and retention of ALPR data and for transferring ALPR data stored in office vehicles to the office server on a regular basis, not to exceed 30 days between transfers.

All ALPR data downloaded to the server shall be stored according to the [Washington State Law Enforcement Records Retention Schedule](#) and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action, or is subject to a lawful action to produce records. In such circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

### **470.5 ACCOUNTABILITY AND SAFEGUARDS**

All saved data will be closely safeguarded and protected by both procedural and technological means. The Adams County Sheriff's Office will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Clerk and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or office-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.

## Chapter 5 - Traffic Operations

## Traffic Function and Responsibility

### 500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This office provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

### 500.2 TRAFFIC DEPUTY DEPLOYMENT

Several factors are considered in the development of deployment schedules for deputies of the Adams County Sheriff's Office. Information provided by the Electronic Traffic Information Processing (eTRIP) data retrieval system is a valuable resource for traffic accident occurrences and deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

### 500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating deputy overall performance. The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Traffic Function and Responsibility*

---

### 500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

### 500.3.2 CITATIONS

Citations/Infractions may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation/infraction for a traffic violation. Deputies should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist.
- (c) Explanation of options as printed on the back of the citation/infraction being issued.

### 500.3.3 ARRESTS FOR TRAFFIC OFFENSES

Deputies may issue a traffic citation for any criminal traffic offense or infraction when such violations are committed in a deputy's presence or as allowed pursuant to RCW 10.31.100. With limited exceptions, the detention in such cases may not be for a period of time longer than is reasonably necessary to issue and serve a citation to the violator.

A traffic-related detention may expand to a physical arrest under the following circumstances:

- (a) When the deputy has probable cause to believe that a felony has been committed, whether or not it was in the deputy's presence
- (b) When the offense is one or more of the traffic violations listed in RCW 10.31.100
- (c) When a driver has been detained for a traffic offense listed in RCW 46.63.020 and fails to provide adequate identification or when the deputy has reasonable grounds to believe that the person to be cited will not respond to a written citation. In such cases, deputies should, when practicable, obtain the approval of a supervisor before making an arrest.

## **500.4 SUSPENDED OR REVOKED DRIVERS LICENSES**

If a deputy contacts a traffic violator who is also driving on a suspended or revoked license, the deputy should issue a traffic citation or make an arrest as appropriate.

### 500.4.1 SUSPENDED, REVOKED OR CANCELED COMMERCIAL LICENSE PLATES

If a deputy contacts a traffic violator who is operating a commercial truck, truck tractor or tractor with registration that a computer check confirms to be revoked, suspended or canceled, the deputy shall confiscate the license plates. The Office may either recycle or destroy the plates (RCW 46.32.100).

### **500.5 HIGH-VISIBILITY VESTS**

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of office members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery, and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic related assignments, high-visibility vests shall be worn at any time increased visibility would improve the safety or efficiency of the member.

#### **500.5.1 REQUIRED USE**

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests shall be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment.

Examples of when high-visibility vests shall be worn include traffic control duties, accident investigations, lane closures, and while at disaster scenes, or anytime high visibility is desirable.

When emergency conditions preclude the immediate donning of the vest, deputies shall retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes deputy might benefit from being readily identified as a member of law enforcement.

#### **500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS**

High-visibility vests shall be maintained in the vehicle of each patrol and investigation unit. Deputies will be responsible for maintaining the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

A supervisor should be promptly notified whenever a vest is damaged, lost, or in a condition that requires replacing.

### **500.6 HAZARDOUS ROAD CONDITIONS**

The Adams County Sheriff's Office will make all reasonable efforts to address all reported hazardous road conditions in a timely manner as circumstances and resources permit.

## Traffic Collision Reporting

### 502.1 PURPOSE AND SCOPE

The Adams County Sheriff's Office prepares traffic collision reports and as a public service makes traffic collision reports available to the community with some exceptions.

### 502.2 TRAFFIC COLLISION REPORTS

All traffic collision reports taken by members of this department shall be forwarded to their supervisor for approval and data entry into the Records Management System.

### 502.3 REPORTING SITUATIONS

#### 502.3.1 TRAFFIC COLLISIONS INVOLVING COUNTY VEHICLES

When ever a County-owned vehicle is involved in a traffic collision a supervisor will be immediately notified. When ever possible the collision will be investigated by an outside agency. In the case of a serious injury or death involved collision CBIT, Columbia Basin Investigative Team, will be notified and requested to do the investigation. Whenever there is damage to a County vehicle, a Vehicle Damage Report shall be completed and forwarded to the Undersheriff, and faxed to Adams County Public Works.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

#### 502.3.2 TRAFFIC COLLISIONS WITH SHERIFF'S OFFICE EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Adams County Sheriff's Office resulting in a serious injury or fatality, the Sergeant or the supervisor, may notify the Washington State Patrol, or the Columbia Basin Investigative Team for assistance in the investigation.

The term serious injury is defined as any injury that may result in a fatality.

#### 502.3.3 TRAFFIC COLLISIONS WITH OTHER COUNTY EMPLOYEES OR OFFICIALS

The supervisor or on-duty Sergeant may request assistance from the Washington State Patrol for the investigation of any traffic collision involving any County official or employee where a serious injury or fatality has occurred.

#### 502.3.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

Traffic collision reports shall not be taken for traffic collisions occurring on private property, unless there is a death or injury to any person involved, a hit and run violation, or RCW violation. An Incident Report shall be taken.

#### 502.3.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Traffic Collision Reporting*

---

- (a) When there is a death or injury to any persons involved in the collision.
- (b) When there is an identifiable violation of the Revised Code of Washington.
- (c) Property damage exceeding the dollar amount currently established by WSP.
- (d) When a report is requested by any involved driver.

In all cases where a traffic collision report is required by policy, the current state authorized form will be used to document the collision (RCW 46.52.070).

### **502.4 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION**

In the event of a serious injury or death related traffic collision, the Sergeant shall notify the Undersheriff to relate the circumstances of the traffic collision and seek assistance. In the absence of a Traffic Deputy the Sergeant or any supervisor may assign an accident investigator or patrol deputy to investigate the traffic collision.

## Vehicle Towing and Release

### 510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Adams County Sheriff's Office.

### 510.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows.

#### 510.2.1 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Office to assume responsibility for a vehicle involved in a collision, the deputy shall request the dispatcher to call the official towing garage for the County of Adams County Sheriff's Office. The deputy will then store the vehicle using the Uniform Washington State Tow/Impound and Inventory Record.

#### 510.2.2 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Office should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or to comply with posted signs.

#### 510.2.3 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

Whenever a stolen vehicle is impounded by the Adams County Sheriff's Office, personnel will promptly attempt to notify the reporting agency of the recovery and request what actions be taken as to processing, impounding and owner notification. (RCW 7.69.030(7))

### 510.3 TOWING SERVICES

The County of Adams County Sheriff's Office has a list of available tows these tows will be used on a rotational basis.

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Vehicle Towing and Release*

---

- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

Nothing in this policy shall require the Department to tow a vehicle.

### **510.4 STORAGE AT ARREST SCENES**

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this office to provide reasonable safekeeping for the arrestee's vehicle. The vehicle shall be stored whenever it is mandated by law, needed for the furtherance of an investigation or prosecution of the case, or when the Community Caretaker Doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed, or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

No impound should occur if other alternatives are available that would ensure the vehicle's protection. Factors that should be considered by deputies in determining whether to impound a vehicle pursuant to this policy include:

- (a) Whether the offense for which the subject was arrested mandates vehicle impound (e.g., commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor (RCW 9A.88.140(2))).
- (b) Whether someone is available at the scene of the arrest to whom the vehicle could be released.
- (c) Whether the vehicle is impeding the flow of traffic or is a danger to public safety.
- (d) Whether the vehicle can be secured.
- (e) Whether the detention of the arrestee will likely be of such duration as to require protection of the vehicle.
- (f) Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).
- (g) Whether the owner/operator requests that the vehicle be stored.
- (h) Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored, the handling employee shall note in the report that the owner was informed that the Office will not be responsible for theft or damages to the vehicle.

### **510.5 VEHICLE INVENTORY**

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. A locked vehicle trunk shall not be opened, even if it may be opened without a key from an

---

accessible area of the passenger compartment. Locked or closed containers located within the passenger compartment should be inventoried as a sealed unit, absent exigent circumstances.

Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in sheriff's custody, to provide for the safety of deputies, and to protect the Office against fraudulent claims of lost, stolen, or damaged property.

### **510.6 SECURITY OF VEHICLES AND PROPERTY**

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, deputies should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

## Traffic Citations

### **516.1 PURPOSE AND SCOPE**

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

### **516.2 RESPONSIBILITIES**

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

### **516.3 DISMISSAL OF TRAFFIC CITATIONS**

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Adams County Prosecutor's Office.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the deputy may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the deputy shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Undersheriff for review.

### **516.4 VOIDING TRAFFIC CITATIONS**

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Records section.

### **516.5 CORRECTION OF TRAFFIC CITATIONS**

When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The letter and citation will then be forwarded to the Records section who will forward it to the appropriate court.

### **516.6 DISPOSITION OF TRAFFIC CITATIONS**

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Upon separation from employment with this department, all employees issued traffic citations books shall return any unused citations to the Records Section.

### **516.7 JUVENILE CITATIONS**

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Refer to Chapter 421.

## Disabled Vehicles

### 520.1 PURPOSE AND SCOPE

This office has adopted the following policy on assisting motorists in disabled vehicles within this jurisdiction.

### 520.2 DEPUTY RESPONSIBILITY

When an on-duty deputy observes a disabled vehicle on the roadway, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available deputy to respond for assistance as soon as practical.

### 520.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by office personnel will be contingent on the time of day, the location, the availability of office resources, and the vulnerability of the disabled motorist.

#### 520.3.1 MECHANICAL REPAIRS

Office personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

#### 520.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this office by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

#### 520.3.3 RELOCATION OF MOTORIST

The relocation of a motorist with a disabled vehicle should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The office member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

### 520.4 POLICY

It is the policy of the Adams County Sheriff's Office to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

## Unauthorized 24 Hour Vehicle Violations

### 524.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of unauthorized vehicles parked in violation of 24 hour time limitations.

### 524.2 MARKING VEHICLES

Vehicles suspected of being subject to removal from a highway after being left unattended for 24 hours shall be marked and noted on the Adams County Sheriff's Office Marked Vehicle Card. No case number is required at this time (RCW 46.55.010(14)).

A notification sticker shall be applied in a visible location and a visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card (RCW 46.55.085(1)).

All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 24-hour investigation period, the vehicle shall be re-marked for another 24-hour period and a Marked Vehicle Card completed and forwarded to the Traffic Bureau.

#### 524.2.1 MARKED VEHICLE FILE

The Traffic Bureau shall be responsible for maintaining a file for all Marked Vehicle Cards.

Parking Control Officers assigned to the Traffic Bureau shall be responsible for the follow up investigation of all 24-hour unauthorized vehicle violations noted on the Marked Vehicle Cards. If a marked vehicle has current Washington registration plates, the Parking Control Officers shall check the records to learn the identity of the last owner of record. The Parking Control Officers shall make a reasonable effort to contact the owner by telephone and provide notice that if the vehicle is not removed within twenty-four hours from the time the sticker was attached, the vehicle may be taken into custody and stored at the owner's expense (RCW 46.55.085(2)).

#### 524.2.2 VEHICLE STORAGE

A deputy may store any vehicle not removed 24 hours after marking (RCW 46.55.085(3)).

The deputy authorizing the storage of the vehicle shall complete a uniform impound authorization and inventory form. The completed form shall be submitted to the Records Section immediately following the storage of the vehicle (RCW 46.55.075(2)).

## Vehicle Seizure and Forfeiture

### 525.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure and forfeiture of vehicles associated with the arrest of subjects for driving under the influence (RCW 46.61.502) or physical control of a vehicle while under the influence (RCW 46.61.504).

### 525.2 SUSPENSION OF WASHINGTON DRIVER LICENSES

RCW 46.61.5058 provides for the forfeiture of any vehicle when the driver of such vehicle has been arrested for driving under the influence or physical control of a vehicle while under the influence, if such person has a prior offense within seven years as defined in RCW 46.61.5055.

#### 525.2.1 ADMINISTRATIVE RESPONSIBILITIES

All procedures and administrative responsibilities associated with this policy are handled by the Traffic Division.

- (a) The arrestee has a prior offense within seven years as defined in RCW 46.61.5055,
- (b) The arrestee must be provided with a office form to notify the arrestee, in writing, that it is unlawful to transfer, sell or encumber in any way the subject's interest in the vehicle in which they were driving or had physical control when the violation occurred, and
- (c) The vehicle is not a rental (RCW 46.61.5058(1)(b)).

The vehicle should be impounded as provided under the authority of RCW 46.55.113(1).

#### 525.3.1 PHYSICAL SEIZURE OF VEHICLE

Physical seizure of the vehicle shall occur only upon the following circumstances:

- (a) Upon conviction of either driving under the influence or physical control of a vehicle while driving under the influence where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055 and the person driving has a financial interest in the vehicle.
- (b) Upon a court order.
- (c) If there is reasonable cause to believe that the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding, the deputy may seize the vehicle immediately.

Any vehicle that is seized pursuant to any of the above subsections should immediately be impounded and held pending further court action (RCW 46.61.5058(3)).

## Chapter 6 - Investigation Operations

## Investigation and Prosecution

### 600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

### 600.2 POLICY

It is the policy of the Adams County Sheriff's Office to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

### 600.3 INITIAL INVESTIGATION

#### 600.3.1 DEPUTY RESPONSIBILITIES

A deputy responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
  - 1. An initial statement from any witnesses or complainants.
  - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the deputy shall:
  - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
  - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
  - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Sergeant.
  - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
  - 5. Collect any evidence.
  - 6. Take any appropriate law enforcement action.
  - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

#### 600.3.2 CIVILIAN MEMBER RESPONSIBILITIES

A civilian member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take

any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of a deputy shall be requested.

### **600.4 CUSTODIAL INTERROGATION REQUIREMENTS**

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. See the Temporary Custody of Juveniles Policy for juvenile requirements.

#### **600.4.1 AUDIO/VIDEO RECORDINGS**

Any custodial interrogation of a juvenile or an adult suspected of a felony conducted at a place of detention (as defined by RCW 10.122.020) shall be electronically recorded (audio and video). This includes any required warnings, advice of the rights of the individual being questioned, and waiver of rights. Consent to the electronic recording is not required, but the deputy shall inform the suspect that they are being recorded (RCW 10.122.030).

A custodial interrogation at any place other than a place of detention shall be recorded by audio means at a minimum (RCW 10.122.030).

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigations supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

#### **600.4.2 DOCUMENTATION**

If a custodial interrogation at a place of detention occurs without electronically recording it in its entirety, the deputy shall prepare a written or electronic report explaining the reason and summarize the custodial interrogation process and the individual's statements. This report shall be completed as soon as practicable after completing the interrogation (RCW 10.122.030).

If the custodial interrogation occurs outside a place of detention, the deputy shall complete a report as soon as practicable explaining the decision and summarize the custodial interrogation process and the individual's statements (RCW 10.122.030).

#### **600.4.3 EXCEPTIONS**

Exceptions to the recording requirements apply in the following circumstances:

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Investigation and Prosecution*

---

- (a) When spontaneous utterances or statements are made outside the course of a custodial interrogation, or a statement made in response to a question asked routinely during the processing of the arrest of an individual (RCW 10.122.030).
- (b) Exigent circumstances exist that prevent a deputy from electronically recording an interrogation. In those cases, the deputy shall record electronically an explanation of the exigent circumstances before conducting the interrogation, if feasible, or as soon as practicable after the interrogation is completed (RCW 10.122.040).
- (c) The individual indicates a refusal to participate or further participate in the electronic recording. When feasible, the agreement of the individual to participate in the interrogation without recording or further participate should be recorded electronically (RCW 10.122.060).
- (d) The deputy conducting an interrogation has no reason to believe the individual being interrogated committed an act that requires electronic recording of the interrogation (RCW 10.122.080).
  - 1. If during the interrogation, the individual being interviewed reveals facts and circumstances that give the deputy conducting the interview a reason to believe that an act was committed that requires an electronic recording, the continued interrogation shall be recorded.
- (e) The deputy or the deputy's supervisor reasonably believes the electronic recording would disclose the identity of a confidential informant or jeopardize the safety of the deputy, the individual being interrogated, or another person (RCW 10.122.090).
  - 1. If feasible and consistent with the safety of a confidential informant, an explanation of the basis for the belief that electronic recording would disclose the informant's identity must be electronically recorded at the time of the interrogation or if not feasible as soon as practicable after the interrogation is completed.
- (f) The equipment malfunctions (RCW 10.122.100).

### 600.4.4 RECORDING PROCEDURES

The Sheriff should designate a member of the Office to be responsible for electronic recordings. Responsibilities should include but are not limited to (RCW 10.122.150):

- (a) Developing protocols on how a recording is made, including the following:
  - 1. Standards for angles, focus, and field of vision to promote accurate recording.
- (b) Developing procedures for the collection and review of recordings or absence of recordings by supervisors.
- (c) Assigning a specific supervisor responsibility to promote accountability, including but not limited to:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
  - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
  - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

### **600.6 COMPUTERS AND DIGITAL EVIDENCE**

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

### **600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES**

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty

and for purposes related to the mission of this office. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using office equipment.

Information obtained via the internet should not be archived or stored in any manner other than office-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

### **600.7.1 ACCESS RESTRICTIONS**

Information that can be accessed from any office computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

### **600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION**

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal counsel before any such interception.

### **600.8 MODIFICATION OF CHARGES FILED**

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Undersheriff or the Sheriff. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

#### **608.3.1 JUVENILE INFORMANTS**

The use of juvenile informants under the age of 13-years is prohibited.

### **608.4 GUIDELINES FOR HANDLING CONFIDENTIAL INFORMANTS**

- (h) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

### **608.5 NARCOTICS INFORMANT PAYMENT PROCEDURES**

- The extent of the informant's personal involvement in the case.
- The significance, value or effect on crime.
- The amount of assets seized.
- The quantity of the drugs seized.
- The informant's previous criminal activity.

### 608.5.3 PAYMENT PROCESS

A check shall be requested, payable to the case agent. The case number shall be recorded justifying the payment. The Sheriff and the County Executive's signatures are required for disbursements over \$500. Payments \$500 and under may be paid in cash out of the Investigation Buy/Expense Fund. In such cases, the confidential informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the confidential informant's file.

# Eyewitness Identification

## 610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this office employ eyewitness identification techniques.

### 610.1.1 DEFINITIONS

Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

## 610.2 POLICY

The Adams County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

## 610.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

## 610.4 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

## *Eyewitness Identification*

---

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

### 610.4.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the person composing the lineup and the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the member presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the employee presenting a lineup to a witness should not know which photograph or person is the suspect.

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The employee presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating deputy should contact the appropriate prosecuting attorney before proceeding.

### 610.4.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the deputy should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
  1. The length of time the witness observed the suspect.
  2. The distance between the witness and the suspect.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Eyewitness Identification*

---

3. Whether the witness could view the suspect's face.
  4. The quality of the lighting when the suspect was observed by the witness.
  5. Whether there were distracting noises or activity during the observation.
  6. Any other circumstances affecting the witness's opportunity to observe the suspect.
  7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
  - (d) When feasible, deputies should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
  - (e) A person should not be shown to the same witness more than once.
  - (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.
  - (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
  - (h) If a witness positively identifies an individual as the perpetrator, deputies should not conduct any further field identifications with other witnesses for that suspect. In such instances deputies should document the contact information for any additional witnesses for follow up, if necessary.

### **610.5 DOCUMENTATION**

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

### **610.6 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS**

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect.

In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably

## *Eyewitness Identification*

stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

### **610.7 FIELD IDENTIFICATION CONSIDERATIONS**

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
  - 1. The length of time the witness observed the suspect.
  - 2. The distance between the witness and the suspect.
  - 3. Whether the witness could view the suspect's face.
  - 4. The quality of the lighting when the suspect was observed by the witness.
  - 5. Whether there were distracting noises or activity during the observation.
  - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
  - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

## *Eyewitness Identification*

---

- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

## Brady Material Disclosure

### 612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

#### 612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Adams County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

### 612.2 POLICY

The Adams County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Adams County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

### 612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Office case file.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Brady Material Disclosure*

---

### **612.4 DISCLOSURE OF REQUESTED INFORMATION**

If a member of this office is a material witness in a criminal case, a person or persons designated by the Sheriff shall examine the personnel file and/or internal affairs file of the deputy to determine whether they contain *Brady* information. If *Brady* information is located, the following procedure shall apply:

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and office member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or office counsel should be requested to file a motion in order to initiate an in-camera review by the court.
  1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that material ordered released will be copied and released to the parties filing the motion.
  1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

The person or persons designated by the Sheriff should periodically examine the personnel files and/or internal affairs files of all deputies who may be material witnesses in criminal cases to determine whether they contain *Brady* information. The obligation to provide *Brady* information is ongoing. If any new *Brady* information is identified, the prosecuting attorney should be notified.

### **612.5 INVESTIGATING BRADY ISSUES**

If the Office receives information from any source that a member may have issues of credibility, dishonesty, or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy (RCW 10.93.150).

### **612.6 TRAINING**

Office personnel should receive periodic training on the requirements of this policy.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Brady Material Disclosure*

---

### **612.7 BRADY PROCESS**

The Sheriff shall select a member of the Office to coordinate requests for *Brady* information. This person shall be directly responsible to the Administration Undersheriff or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the County Prosecutor's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure (RCW 10.93.180).
- (b) Reporting to the appropriate prosecutor of any jurisdiction where a deputy may testify (RCW 10.93.180):
  - 1. Any act by A deputy that may be potentially exculpatory to a criminal defendant and/or misconduct that a deputy engaged in that affects their credibility within 10 days of discovery of the act.
  - 2. Information about a newly hired deputy with a prior potential impeachment disclosure within 10 days of hiring.
- (c) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
  - 1. Updating this list whenever potential *Brady* information concerning any office member becomes known to the Office or is placed into a personnel or internal affairs file.

### **612.8 SUBPOENA PROCESSING**

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

### 613.2 POLICY

The Adams County Sheriff's Office recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Adams County Sheriff's Office that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

### 613.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

#### 613.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- (a) Real or personal property subject to forfeiture identified in a court order authorizing seizure.
- (b) Property subject to forfeiture without a court order when the property is lawfully seized incident to an arrest, the service of a search warrant, or the service of an administrative inspection warrant.
- (c) Property subject to forfeiture can also be seized without a court order when:
  1. There is probable cause to believe that the property was used or is intended to be used for illegal gambling (RCW 9.46.231).
  2. There is probable cause to believe that the property was used or is intended to be used for the commercial sexual abuse of a minor (RCW 9.68A.100; RCW 9.68A.101) or promoting prostitution in the first degree (RCW 9A.88.070; RCW 9A.88.150).

4. There is probable cause to believe that the property was used or is intended to be used in violation of the Uniform Controlled Substances Act (RCW 69.50.505).
5. There is probable cause to believe that the property was used or is intended to be used for poaching/wildlife crimes (RCW 77.15.070).

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

### 613.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Property from an "innocent owner," or a person who had no knowledge of the offense or who did not consent to the property's use.
- (c) No vehicle or other conveyance based on a misdemeanor involving marijuana (RCW 69.50.505).

### 613.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the deputy making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the deputy must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The deputy will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

## *Asset Forfeiture*

---

Deputies who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

### **613.5 MAINTAINING SEIZED PROPERTY**

The Evidence Supervisor is responsible for ensuring compliance with the following:

- (c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
- (d) Reviewing each seizure-related case and deciding whether the seizure is more appropriately made under state or federal seizure laws. The forfeiture reviewer should contact federal authorities when appropriate.
- (e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- (f) Ensuring that seizure forms are available and appropriate for office use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to deputies. The forms should be available in languages appropriate for the region and should contain spaces for:

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and County financial directives.

### **613.7 DISPOSITION OF PROPERTY**

No member of this office may use property that has been seized for forfeiture until the forfeiture action has been completed and the Sheriff has given written authorization to retain the property for official use. No office member involved in the decision to seize property should be involved in any decision regarding the disposition of the property.

## Operations Planning and Deconfliction

### 614.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

#### 614.1.1 DEFINITIONS

Definitions related to this policy include:

**High-risk operations** - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by deputies on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

### 614.2 POLICY

It is the policy of the Adams County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

### 614.3 OPERATIONS DIRECTOR

The Sheriff will designate a member of this office to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

### 614.4 RISK ASSESSMENT

#### 614.4.1 RISK ASSESSMENT FORM PREPARATION

Deputies assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the deputy should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the deputy should also submit information to these resources.

The deputy should gather available information that includes, but is not limited to:

# Adams County Sheriff's Office

## *Operations Planning and Deconfliction*

---

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to deputies and others (e.g., making an off-site arrest or detention of the subject of investigation).

### 614.4.2 RISK ASSESSMENT REVIEW

Deputies will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

### 614.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
  - 1. Tactical Response Team (TRT)
  - 2. Additional personnel
  - 3. Outside agency assistance
  - 4. Special equipment
  - 5. Medical personnel
  - 6. Persons trained in negotiation
  - 7. Additional surveillance

8. Canines
  9. Evidence or analytical personnel to assist with cataloguing seizures
  10. Forensic specialists
  11. Specialized mapping for larger or complex locations
- (b) Contact the appropriate office members or other agencies as warranted to begin preparation.
  - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
  - (d) Coordinate the actual operation.

### **614.5 DECONFLICTION**

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The deputy who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The deputy should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

### **614.6 OPERATIONS PLAN**

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
  1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
  2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
  4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed deputies should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
  2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control Procedures policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

### 614.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

### 614.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

## *Operations Planning and Deconfliction*

---

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.
  - 1. Exceptions may be made by the operations director for deputies who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
  - 1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to deputies arriving at the location.
  - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
  - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

### **614.8 TRT PARTICIPATION**

If the operations director determines that TRT participation is appropriate, the director and the TRT supervisor shall work together to develop a written plan. The TRT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the TRT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the deputies present.

### **614.9 MEDIA ACCESS**

No advance information regarding planned operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

### **614.10 OPERATIONS DEBRIEFING**

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any TRT debriefing.

---

### **614.11 TRAINING**

The Undersheriff should ensure deputies and TRT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

## Sexual Assault Investigations

### 615.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notification requirements are addressed in the Child Abuse and Adult Abuse policies.

#### 615.1.1 DEFINITIONS

Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in RCW 9A.44.010 et seq. and RCW 9A.64.020.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

### 615.2 POLICY

It is the policy of the Adams County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

### 615.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with the SART or other multidisciplinary investigative teams as applicable.

## *Sexual Assault Investigations*

---

### **615.4 REPORTING**

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

### **615.5 VICTIM INTERVIEWS**

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of the SART should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim Witness Assistance Policy.

#### **615.5.1 VICTIM PERSONAL REPRESENTATIVE AND ADVOCATE**

A victim may choose a personal representative to accompany him/her to the hospital or other health care facility and to any proceeding concerning the alleged sexual assault, including interviews. A personal representative includes a friend, relative, attorney, or employee or volunteer from a community sexual assault program or specialized treatment service provider (RCW 70.125.030; RCW 70.125.060).

The victim may also choose to consult with a sexual assault survivor's advocate throughout the investigatory process of the case. The assigned investigator should ensure the advocate has access to the victim during the process (RCW 70.125.110).

#### **615.5.2 POLYGRAPH EXAMINATION OF VICTIM**

Victims of alleged sex offenses shall not be asked or required to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of the offense. The refusal of a victim to submit to a polygraph or other truth telling device shall not by itself prevent the investigation, charging or prosecution of the offense (RCW 10.58.038; 34 USC § 10451).

### **615.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE**

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

## *Sexual Assault Investigations*

---

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing. Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

### 615.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following:

- (a) Sexual assault examination kits shall be submitted to an approved lab within 30 days with a request for testing prioritization when either of the following conditions are met (RCW 5.70.040):
  1. A related report or complaint is received by the Office alleging a sexual assault or other crime has occurred and the victim has consented to the submission.
  2. The victim is an unemancipated person 17 years or age or younger.
- (b) Facilitate the collection of an unreported sexual assault kit from a collecting entity when this office has jurisdiction to investigate any related criminal allegations (RCW 5.70.030).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

### 615.6.2 STATEWIDE SEXUAL ASSAULT KIT TRACKING SYSTEM

Members investigating a sexual assault should ensure that biological evidence is tracked appropriately in the statewide sexual assault kit tracking system (RCW 35.21.195; RCW 36.28.200).

### 615.6.3 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim Witness Assistance Policy.

## *Sexual Assault Investigations*

---

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

### **615.7 DISPOSITION OF CASES**

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations supervisor.

Classification of a sexual assault case as unfounded requires the Investigations supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

### **615.8 CASE REVIEW**

The Investigations supervisor should ensure cases are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

#### **615.8.1 RETENTION**

The Investigations supervisor should ensure evidence, investigatory reports, and records related to violent or sex offenses are appropriately marked for retention under RCW 5.70.010.

### **615.9 RELEASING INFORMATION TO THE PUBLIC**

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

### **615.10 TRAINING**

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
  1. Initial response to sexual assaults.
  2. Legal issues.

# Adams County Sheriff's Office

3. Victim advocacy.
4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
  1. Interviewing sexual assault victims.
  2. SART.
  3. Medical and legal aspects of sexual assault investigations.
  4. Serial crimes investigations.
  5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
  6. Techniques for communicating with victims to minimize trauma.
  7. The course provided by the Washington State Criminal Justice Training Commission on investigating and prosecuting sexual assault cases developed pursuant to RCW 43.101.270.
  8. Proper protocol for the use of the statewide sexual assault kit tracking system (RCW 35.21.195; RCW 36.28.200).

## Warrant Service

### 616.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this office. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol deputies.

### 616.2 POLICY

It is the policy of the Adams County Sheriff's Office to balance the safety needs of the public, the safety of office members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

### 616.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

### 616.4 SEARCH WARRANTS

Deputies should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the deputy will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

### 616.5 ARREST WARRANTS

If a deputy reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the deputy should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

---

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

### **616.6 WARRANT PREPARATION**

A deputy who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

### **616.7 HIGH-RISK WARRANT SERVICE**

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of deputies deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is video-recorded when practicable and reasonable to do so. The warrant service may be audio-recorded when announcing to everyone present that the conversation is going to be recorded and said announcement is recorded except if allowed by the warrant (RCW 9.73.030).

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Warrant Service

---

- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

### **616.8 DETENTIONS DURING WARRANT SERVICE**

Deputies must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, deputies must be mindful that only reasonable force may be used and weapons should be displayed no longer than the deputy reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Deputies should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

### **616.9 ACTIONS AFTER WARRANT SERVICE**

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

### **616.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS**

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Warrant Service*

---

- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Adams County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Adams County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Sergeant should assume this role.

If deputies intend to serve a warrant outside Adams County Sheriff's Office jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Deputies will remain subject to the policies of the Adams County Sheriff's Office when assisting outside agencies or serving a warrant outside Adams County Sheriff's Office jurisdiction.

### **616.11 MEDIA ACCESS**

No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

### **616.12 TRAINING**

The Undersheriff should ensure deputies receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

- (a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.
- (b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

### 700.3.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to real or personal property belonging to the County, it shall be the responsibility of the employee present or the employee responsible for the property to make a verbal report to his/her immediate supervisor as soon as circumstances permit. These written reports, accompanied by the supervisor's written report, shall promptly be forwarded to the Undersheriff.

## Personal Communication Devices

### 702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Office or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs) wireless capable tablets and similar wireless two-way communications and/or portable internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the internet.

#### 702.1.1 PRIVACY POLICY

Any employee utilizing any computer, internet service, phone service or other wireless service provided by or funded by the Department expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communication utilizing such service might otherwise have, including as to the content of any such communication. The Department also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored through the use of such service.

### 702.2 POLICY

The Adams County Sheriff's Office allows members to utilize office-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Office, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

#### 702.2.1 USE WHILE DRIVING

The use of a PCD while driving can cause unnecessary distractions and presents a negative image to the public. Deputies shall not be exempt from following the state law on the use of PCD when driving. Where practical, deputies should stop the vehicle at an appropriate location to complete their communication. Deputies shall not use cellular phones or other personal communication devices while driving unless the telephone is specifically designed and configured to allow hands-free listening and talking.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Personal Communication Devices*

---

### **702.3 PRIVACY EXPECTATION**

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

### **702.4 OFFICE-ISSUED PCD**

Depending on a member's assignment and the needs of the position, the Office may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Office-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Sheriff or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Office and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Sheriff or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

### **702.5 PERSONALLY OWNED PCD**

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Office accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any office business-related communication.
  - 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Sheriff.
- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Office, without the express authorization of the Sheriff or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Office to access the PCD to inspect and copy data to meet the needs of the Office, which may include litigation, public records retention and release

obligations and internal investigations. If the PCD is carried on-duty, members will provide the Office with the telephone number of the device.

- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Adams County Sheriff's Office and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in office business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty office-related business activities in any manner shall promptly provide the Office with a copy of such records to ensure accurate record keeping.

### **702.6 USE OF PCD**

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct office business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of the radio is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, making audio or video recordings or making copies of any such picture or recording media unless it is directly related to official office business. Disclosure of any such information to any third party through any means, without the express authorization of the Sheriff or the authorized designee, may result in discipline.
- (f) Members will not access social networking sites for any purpose that is not official office business.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Personal Communication Devices*

---

- (g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

### **702.7 SUPERVISOR RESPONSIBILITIES**

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and take prompt corrective action if a member is observed or reported to be improperly using a PCD.
  - 1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
  - 2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Sheriff or the authorized designee.

### **702.8 USE WHILE DRIVING**

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Deputies operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles other than authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use and the use complies with RCW 46.61.672. Hands-free use should be restricted to business-related calls or calls of an urgent nature.

### **702.9 OFFICIAL USE**

Members are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other office communications network.

## Vehicle Maintenance

### 703.1 PURPOSE AND SCOPE

Employees are responsible for assisting in maintaining Office vehicles so that they are properly equipped, properly maintained, properly refueled and present a clean appearance.

### 703.2 DEFECTIVE VEHICLES

When a office vehicle becomes inoperative or in need of repair that affects the safety of the vehicle, that vehicle shall be removed from service for repair. Proper documentation shall be promptly completed by the employee who first becomes aware of the defective condition, describing the correction needed. The paperwork shall be promptly forwarded to vehicle maintenance for repair.

#### 703.2.1 REMOVAL OF WEAPONS

All firearms, weapons and control devices shall be removed from a vehicle and properly secured, in the office armory or at the deputies residence if off duty, prior to the vehicle being released for maintenance, service or repair.

### 703.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all office vehicles for emergency purposes and to perform routine duties.

Deputies shall inspect the patrol vehicle at the beginning of the shift and ensure that the following equipment, at a minimum, is present in the vehicle:

- 1 First aid kit
- 1 Fingerprint kit
- 1 Fire extinguisher
- Personal Protective Equipment
- Road flares or traffic cones
- Traffic Vests

#### 703.3.2 UNMARKED VEHICLES

An employee driving unmarked department vehicles shall ensure that the minimum following equipment is present in the vehicle:

- 1 First aid kit
- Road flares or traffic cones
- 1 Fingerprint kit
- 1 Fire extinguisher

### **703.4 VEHICLE REFUELING**

Absent emergency conditions or supervisor approval, deputies driving patrol vehicles shall not place a vehicle in service that has less than one-quarter tank of fuel. Whenever practicable, vehicles should be fully fueled when placed into service and refueled before the level falls below one-quarter tank.

Vehicles shall only be refueled at an authorized location.

### **703.5 WASHING OF VEHICLES**

All units shall be kept clean at all times and weather conditions permitting, shall be washed as necessary to enhance their appearance.

Employees using a vehicle shall remove any trash or debris at the end of their shift. Confidential material should be placed in a designated receptacle provided for the shredding of this matter.

### **703.6 VEHICLE MAINTENANCE**

## Vehicle Use

### 704.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure office vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of office vehicles and shall not be construed to create or imply any contractual obligation by the County of Adams County Sheriff's Office to provide assigned take-home vehicles.

### 704.2 POLICY

The Adams County Sheriff's Office provides vehicles for office-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Office, requirements for tactical deployments and other considerations.

### 704.3 USE OF VEHICLES

#### 704.3.1 VEHICLES SUBJECT TO INSPECTION

#### 704.3.2 INSPECTIONS

Members shall be responsible for inspecting the interior and exterior of any assigned vehicle before taking the vehicle into service and at the conclusion of their shifts. Any previously unreported damage, mechanical problems, unauthorized contents, or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this office shall be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner, or arrestee, the transporting member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All office vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. No member assigned to or operating such vehicle shall be entitled to any expectation of privacy with respect to the vehicle or its contents.

#### 704.3.3 MOBILE DATA CENTER

Members assigned to vehicles equipped with a Mobile Data Center (MDC) shall log onto the MDC with the required information when going on-duty. If the vehicle is not equipped with a working MDC, the member shall notify Dispatch. Use of the MDC is governed by the Mobile Data Center Use Policy.

### 704.3.4 VEHICLE LOCATION SYSTEM

Patrol and other vehicles, at the discretion of the Sheriff, may be equipped with a system designed to track the vehicle's location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Undersheriff approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

### 704.3.5 KEYS

Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

Members shall not duplicate keys. The loss of a key shall be promptly reported in writing through the member's chain of command.

### 704.3.6 AUTHORIZED PASSENGERS

Members operating office vehicles shall not permit persons other than County personnel or persons required to be conveyed in the performance of duty, or as otherwise authorized, to ride as passengers in the vehicle, except as stated in the Ride-Along Policy.

### 704.3.7 ALCOHOL

Members who have consumed alcohol are prohibited from operating any office vehicle unless it is required by the duty assignment (e.g., task force, undercover work). Regardless of assignment, members may not violate state law regarding vehicle operation while intoxicated.

### 704.3.8 PARKING

Except when responding to an emergency or when urgent office-related business requires otherwise, members driving office vehicles should obey all parking regulations at all times.

Office vehicles should be parked in assigned stalls. Members shall not park privately owned vehicles in stalls assigned to office vehicles or in other areas of the parking lot that are not so designated unless authorized by a supervisor. Privately owned motorcycles shall be parked in designated areas.

## **704.4 INDIVIDUAL MEMBER ASSIGNMENT TO VEHICLES**

Office vehicles may be assigned to individual members at the discretion of the Sheriff. Vehicles may be assigned for on-duty and/or take-home use. Assigned vehicles may be changed at any time. Permission to take home a vehicle may be withdrawn at any time.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

### 704.4.1 ON-DUTY USE

Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other office members at the discretion of the Sheriff or the authorized designee.

Residence in the County of Adams County Sheriff's Office is a prime consideration for assignment of a take-home vehicle. Members who reside outside the County of Adams County Sheriff's Office may be required to secure the vehicle at a designated location or the Office at the discretion of the Sheriff.

Criteria for use of take-home vehicles include the following:

- (a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Sheriff or a Undersheriff gives authorization.

Unmarked vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a supervisor.

### **704.6 DAMAGE, ABUSE, AND MISUSE**

When any office vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any office vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format, and forwarded to the Sergeant. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

### **704.7 TOLL ROAD USAGE**

Authorized on-duty emergency vehicles are exempt from incurring toll road charges. An authorized emergency vehicle is an on-duty vehicle of the Office which is equipped with emergency lights and siren and used to respond to emergency calls (WAC 468-270-030; WAC 468-270-085; WAC 468-270-105).

To avoid unnecessary toll road charges, all members operating office vehicles on a toll road shall adhere to the following:

## Cash Handling, Security and Management

### 705.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure office members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

### 705.2 POLICY

It is the policy of the Adams County Sheriff's Office to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of office operations and ensure the public trust.

### 705.3 PETTY CASH FUNDS

The Sheriff shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

### 705.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

### 705.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Sheriff, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Sheriff.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Sheriff or the County.

Cash in excess of \$1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

# Personal Protective Equipment

## 706.1 PURPOSE AND SCOPE

This policy identifies the different types of personal protective equipment (PPE) provided by the Office as well the requirements and guidelines for the use of PPE.

### 706.1.1 DEFINITIONS

Definitions related to this policy include:

**Personal protective equipment (PPE)** - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

**Respiratory PPE** - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

## 706.2 POLICY

The Adams County Sheriff's Office endeavors to protect members by supplying certain PPE to members as provided in this policy.

## 706.3 DEPUTY RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Accident, Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

## 706.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in WAC 296-817-200.

## 706.5 EYE PROTECTION

#### **706.7.1 RESPIRATORY PROTECTION USE**

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (WAC 296-842-18010):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.
- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.
- (d) The member needs to readjust his/her respirator.

- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per office-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

### 706.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances:

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.

## **Chapter 8 - Support Services**

## Communication Operations

### 800.1 PURPOSE AND SCOPE

This policy establishes guidelines for the basic functions of Dispatch. It addresses the immediate information needs of the Office in the course of its normal daily activities and during emergencies.

### 800.2 POLICY

It is the policy of the Adams County Sheriff's Office to provide 24-hour telephone service to the public for information and for routine or emergency assistance. The Office provides two-way radio capability for continuous communication between Dispatch and office members in the field.

### 800.3 DISPATCH SECURITY

The communications function is vital and central to all emergency service operations. The safety and security of Dispatch, its members and its equipment must be a high priority. Special security procedures should be established in a separate operations manual for Dispatch.

Access to Dispatch shall be limited to Dispatch members, the Sergeant, command staff and office members with a specific business-related purpose.

### 800.4 CALL HANDLING

This office provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Communication Operations*

---

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

### **800.4.1 EMERGENCY CALLS**

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding office members and affected individuals.

Emergency calls should be dispatched immediately. The Sergeant shall be notified of pending emergency calls for service when office members are unavailable for dispatch.

### **800.4.2 NON-EMERGENCY CALLS**

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

## **800.5 RADIO COMMUNICATIONS**

The sheriff's radio system is for official use only, to be used by dispatchers to communicate with office members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:

- (a) Members acknowledging the dispatcher with their radio identification call signs and current location.
- (b) Dispatchers acknowledging and responding promptly to all radio transmissions.
- (c) Members keeping the dispatcher advised of their status and location.
- (d) Member and dispatcher acknowledgements shall be concise and without further comment unless additional information is needed.

The 911 Systems Manager shall be notified of radio procedure violations or other causes for complaint. All complaints and violations will be investigated and reported to the complainant's supervisor and processed through the chain of command.

### **800.5.1 FEDERAL COMMUNICATIONS COMMISSION COMPLIANCE**

Adams County Sheriff's Office radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Communication Operations*

---

### **800.5.2 RADIO IDENTIFICATION**

Radio call signs are assigned to office members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the office member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate office member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the office station name or number.

### **800.6 CONFIDENTIALITY**

Information that becomes available through Dispatch may be confidential or sensitive in nature. All members of Dispatch shall treat information that becomes known to them as confidential and release that information in accordance with the Protected Information Policy.

Automated data, such as DOL records, warrants, criminal history information, records of internal sheriff's files or medical information, shall only be made available to authorized law enforcement personnel. Prior to transmitting confidential information via the radio, an admonishment shall be made that confidential information is about to be broadcast.

### **800.7 DOCUMENTATION**

It shall be the responsibility of Dispatch to document all relevant information on calls for service or self-initiated activity. Dispatchers shall attempt to elicit, document and relay as much information as possible to enhance the safety of the member and assist in anticipating conditions that may be encountered at the scene. Desirable information would include, at a minimum:

- Incident control number.
- Date and time of request.
- Name and address of the reporting person, if possible.
- Type of incident reported.

## Property and Evidence

### 802.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and those persons authorized to remove and/or destroy property.

### 802.2 DEFINITIONS

**Property** - Includes all items of evidence, items taken for safekeeping and found property.

**Evidence** - Includes items taken or recovered in the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

**Safekeeping** - Includes the following types of property:

- Property obtained by the Office for safekeeping, such as a firearm
- Personal property of an arrestee not taken as evidence
- Property taken for safekeeping under authority of a law

**Found Property** - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

#### 802.2.1 PRIMARY ISSUES

The primary issues of the operational procedure are to standardize the handling of evidence and property by members of the Sheriff's Office and to be in compliance with all applicable legal statutes. This operating procedure is the overall general procedural guideline for handling evidence. Other operational procedures detail specific procedures for unique or complex situations involving evidence. The following is a guideline list of laws that pertain to evidence. The list is not all inclusive, however, the statutes listed below are the primary guidelines for handling evidence and property by members of the Sheriff's Office.

RCW 9.41 Firearms RCW 46.55.090 Property from Impounded Vehicles Disposed of by Tow Companies RCW 63.40 Unclaimed Property in the Hands of the Sheriff RCW 69.50.505 Uniformed Controlled Substances Act RCW 69.50.511 Clean Up of Hazardous Substances Reference Document: Washington State Patrol Physical Evidence Handbook

#### 802.2.2 EVIDENCE PRESERVATION

The value of any item of evidence is to link it to a person, place or an event. It is extremely important that any item of evidence be preserved in a fashion that will facilitate establishing the link either by laboratory testing or by other testimony. Certain specific preservation requirements are found in the reference document, Washington State Patrol Physical Evidence Handbook. The following are additional and/or general requirements for the preservation of evidence.

A) Security at Crime Scenes - The movement of items of potential evidentiary value is a constant concern for Deputies. Every effort should be made to preserve evidence in its original location and

## *Property and Evidence*

---

configuration. The responsibility for preserving evidence at a crime scene is normally that of the first arriving unit. It can also be the responsibility of the person making the first contact with the reporting party by merely advising that person or persons to leave everything exactly the way it was following the incident or upon discovery of the incident. The issue of security at major crime scenes such as a homicide falls within separate operational guidelines however, the primary issue is that the first arriving law enforcement officer has the responsibility for securing any crime scene and assuring that nothing is disturbed until evidence processing begins.

B) Photography - No effort should be made to move any article of evidence until it has been photographed in place. Photographs should be taken showing the overall scene, the locations of specific items of evidence with reference points in the photos and close up photos of the item of evidence. A device showing scale should also be placed in photos where the size of the object is an issue. In cases where a large number of evidentiary items are seized it may be necessary to use numbering or lettering that is visible in the photo to show the different items of evidence and their respective locations to each other or a common reference point.

C) Sketching and Measurements - Sketching, taking measurements, and/or describing where an item of evidence was located is as important as photographing evidence. The combination of photographs and written documentation is the appropriate way to preserve scene evidence until it is collected. The complexity of the process for documenting a location of a piece of evidence is dependent on the crime. The location of a rock found in a yard at the scene of vandalism may not need to be described in as much detail as the location of a knife in a homicide, however, both items should be photographed with reference points and their locations documented. Measurements should be taken to physically locate evidence in such a fashion as to be able to return at a later date and reestablish where a piece of evidence was found or seized from.

D) Contamination Considerations - There are inherent risks when dealing with evidence due to the physical elements existing and handling by technicians. Every consideration should be made to preserve any item of evidence in its original configuration or the configuration that will best facilitate any subsequent testing or analysis. Handling of evidence should be minimal and only what is required to package and transport the evidence to the secure evidence storage facility. All evidence, with the exception of hairs, fibers & serological evidence, possess the potential for containing latent fingerprint evidence and should be handled accordingly.

1) Environmental Considerations - Outdoor crime scenes create the highest risk for the loss of trace evidence or the degradation of serological evidence. Environmental conditions such as, rain, wind, snow, etc., can markedly degrade certain items of evidence to the point that they may lose their highest potential value. If an item of evidence has been identified in an outdoor crime scene that has the potential for containing trace evidence of any kind that item of evidence should be protected from the environment by covering the item. Photographs will need to be taken with and without the protective covering. The covering used should not physically touch the item; merely shield it from environmental elements. A paper cup over a spent shell casing that may have latent fingerprint value is an example of proper shielding from rain or snow.

## *Property and Evidence*

---

2) Contamination from Other Sources - One of the primary considerations when examining any item of evidence is the ability to scientifically connect that item to a person, place or thing. Every precaution should be taken to avoid contact between knowns and unknowns to prevent cross contamination. Items of evidence from a victim in an assault case should be maintained and packaged separate from any suspect evidence. Individual items of evidence taken from a victim in a sexual assault case should also be maintained and packaged in separate paper bags, not combined. It may become extremely important in the prosecution of a sexual assault case as to what item of clothing and where on that item of clothing semen stains were found that were later matched to a suspect through DNA testing.

3) Personal Contamination Considerations - Universal precautions shall be taken by any member of the Adams County Sheriff's Office when dealing with serological type evidence. Every effort will be made to minimize the risk of exposure to employees from any item of evidence that may contain harmful pathogens.

### **802.3 PROPERTY HANDLING**

Any employee who first comes into possession of any property, shall retain such property in his/her possession until it is properly tagged and placed in the designated property locker or storage room along with the property form. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. The property form must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the item.

#### **802.3.1 PROPERTY BOOKING PROCEDURE**

All property must be booked prior to the employee going off-duty. Employees booking property shall observe the following guidelines:

- (a) Complete the property form describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.
- (b) Mark each item of evidence with the booking employee's initials and the date booked using the appropriate method so as not to deface or damage the value of the property.
- (c) Complete an evidence/property tag and attach it to each package or envelope in which the property is stored.
- (d) Place the case number in the upper right-hand corner of the bag.
- (e) The original property form shall be submitted with the case report. A copy shall be placed with the property in the temporary property locker or with the property if property is stored somewhere other than a property locker.
- (f) When the property is too large to be placed in a locker, the item may be retained in the supply room. Submit the completed property record into a numbered locker indicating the location of the property.

### 802.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a separate property record.

The deputy seizing the narcotics and dangerous drugs shall place them in the designated locker accompanied by two copies of the form for the Records Section and Detectives. The remaining copy will be detached and submitted with the case report.

### 802.3.3 EXPLOSIVES

Deputies who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Sergeant. The Bomb Squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling, and disposal of all suspected explosives.

Explosives will not be retained in the sheriff's facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The evidence officer is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

### 802.3.4 EXCEPTIONAL HANDLING

Certain property items require a separate process. The following items shall be processed in the described manner:

- (a) Bodily fluids such as blood or semen stains shall be air dried prior to booking.
- (b) License plates found not to be stolen or connected with a known crime, should be released directly to the evidence officer, or placed in the designated container for return to the Department of Motor Vehicles. No formal property booking process is required.
- (c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the evidence officer, or placed in the bicycle storage area until a evidence officer can log the property.
- (d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking deputy and the supervisor. The Sergeant shall be contacted for cash in excess of \$1,000 for special handling procedures.

County property, unless connected to a known criminal case, should be released directly to the appropriate County department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

### 802.3.5 PROPERTY SUBJECT TO FORFEITURE

Whenever property seized by the Office is subject to forfeiture, specific notification procedures must be followed. It shall be the responsibility of the assigned deputy, detective, or the evidence officer to ensure that the following notifications are completed.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Property and Evidence*

---

The owner of the property will be notified of the seizure and intended forfeiture of the seized property within 15 days following the seizure. Notification includes any person having any known right or legal interest in the seized property, including any community property interest. The notice of the seizure may be made by any method authorized by law (RCW 10.105.010).

The notification will include the legal reason for the seizure and information regarding how to appeal the pending forfeiture.

Notification procedures for property seized under Asset Forfeiture (RCW 69.50.505) are detailed in the Asset Forfeiture Policy.

### 802.3.6 FIREARMS

No firearm will be entered into evidence in a loaded configuration. All firearms seized will be immediately unloaded and made safe by the deputy seizing the weapon or a qualified technician. If, due to corrosion or some other physical restriction, a firearm cannot be unloaded then the shift supervisor will be notified. Consulting with trained firearms instructors or technicians may be necessary to render the firearm safe. If it is absolutely impossible to unload a firearm prior to entering the firearm into evidence then the following procedure shall be followed.

- 1) A tag will be attached to the firearm indicating in large bold lettering that the firearm is loaded.
- 2) An Inter-Office memorandum shall be written describing the situation. One copy shall be provided to the Evidence Custodian and three copy to the appropriate supervisor.
- 3) A telephone call may also be placed to the Evidence Custodian after hours.

### 802.3.7 ITEMS THAT MAY CONTAIN BLOODBORNE PATHOGENS

It is necessary in criminal investigations to handle, package and preserve certain articles that may contain body fluids that have a risk of containing bloodborne pathogens. Deputies and/or employees of the Sheriff's Office who are required to handle such items shall take universal precautions outlined in the Bloodborne Pathogen Policy. Any item entered into evidence that contains the risk of exposure to bloodborne pathogens shall be marked by placing a Biohazard sticker on the container that the item is packaged in and/or clearly marking the container as Biohazard.

### 802.3.8 DOCUMENTS

Documents are frequently entered into evidence that necessitate review by follow-up investigators or prosecutors or other persons who are entitled to review the content of the document. Latent fingerprint impressions may also be a concern in certain situations involving documents. The following procedure is established to facilitate a timely review of information from documents.

- 1) Photo Copies - Any document entered into evidence shall first be photocopied. The photocopy of the document shall be placed in the case report file and the original document seized shall be entered into evidence.

## *Property and Evidence*

---

### 802.3.9 LATENT FINGERPRINT EVIDENCE

Any latent fingerprint lifts made during investigation of an event will be placed on the appropriate latent cards. The lift cards will be mounted onto a white piece of paper and placed into a manila envelope with the proper labeling. Multiple lifts may be placed onto three mounting sheet and numbered for easy identification.

### 802.3.10 EVIDENCE SEALING REQUIREMENTS

Different requirements exist for the sealing of certain kinds and configurations of evidence. The majority of items entered into evidence are a size that allows them to be placed into a similar sized bag or container. Sealing is accomplished by simply folding the top edge of the bag and sealing it with evidence tape. Larger items that will not fit into a paper bag need not be sealed into a separate container unless they have the potential for being transferred to a criminal laboratory for testing or examination. Any evidence that may be transferred to criminal laboratories for testing or analysis shall be sealed in a separate container with evidence tape with the seizing Deputy's initials and date written across or on the evidence tape. Items that have the potential for laboratory examination or testing shall be individually packaged. An example would be when paraphernalia, ID, money and drugs are seized the money shall be in a separate envelope and the drugs shall be in a separate envelope. Certain specific items such as money and/or drugs require extra measures of sealing and security.

A) Money - The collection, preservation and disposition of monies entered into evidence requires the utmost care be taken to assure accuracy and security. Any monies taken into evidence shall be counted by no less that two persons at the time the money is seized or as soon as possible. The monies will be counted first by three Deputy and then the second person will verify the amount by counting the money again. Money shall be placed in its own separate envelope and sealed with evidence tape immediately after the money has been counted and the count verified. The initials of both persons who have counted the money shall be placed on the tape.

B) Drugs - The collection, preservation and disposition of illegal drugs also requires the utmost care be taken to assure accuracy and security. Any illegal drugs entered into evidence will be placed in its own separate container and sealed with evidence tape. The date and initials of the Deputy taking custody of the evidence shall be written on or across the evidence tape. An exception to this procedure pertains to large amounts of marijuana plants that are collected in large canvas style bags. Sealing requirements for the large bags consist of twisting the top of the bag and securing it with wire, string, or tape and attaching an evidence tag. There is no requirement for evidence tape on the large cloth bags containing marijuana plants.

C) Jewelry and Other Items of High Value - Expensive jewelry and other small items of high value are also required to be in separate evidence containers and sealed with evidence tape.

D) Opening a Sealed Container - If it is necessary to open a container that has been sealed with evidence tape for later viewing or testing, the following procedure will be followed:

1) The original evidence tape with seizing Deputies initials shall not be tampered with in any way.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Property and Evidence*

---

- 2) A new opening will be made in the sealed container and that opening shall be sealed with evidence tape after the viewing or testing.
- 3) The person breaking the seal and resealing the container shall place his/her initials across the new seal and the date.
- 4) A notation will be made in the case report indicating when, why and who entered the sealed container.

### 802.3.11 CHAIN OF CUSTODY

It is imperative that a documented chain of custody be maintained whenever a piece of property or evidence changes custody. The seizing Deputy becomes the first Sheriff's Office employee in the chain of custody of any piece of evidence or property. A signature on the Evidence Sheet is required each time an item of evidence or property physically changes hands from three person to another.

### 802.3.12 CRIME SCENE DIGITAL PHOTOGRAPHS

Digital photographs are important in documenting crime scenes, accidents, recovered stolen property or anytime the deputy needs additional documentation. Those photographs need to be handled and stored as any evidence item would be. The following is the procedure for secure storage and distribution of digital photographs:

- A) The digital photograph shall be downloaded as soon possible to the I: drive on the county computer network.
- B) Each deputy has been assigned a folder for digital photographs and shall be titled by the appropriate case number.
- C) One CD shall be made for the Prosecutors Office. The CD's must be completed, with a photo log, when submitting the case report.
- D) The Evidence Sheet shall be completed and the CD and sheet submitted to the Evidence Custodian in the same as other evidence.

### 802.3.13 FOUND PROPERTY

Found property surrendered to the Office shall be handled as required by RCW 63.21.050.

## **802.4 PACKAGING OF PROPERTY**

Certain items require special consideration and shall be booked separately as follows:

- (a) Narcotics and dangerous drugs.
- (b) Firearms (ensure they are unloaded and booked separately from ammunition).
- (c) Property with more than one known owner.
- (d) Fireworks.
- (e) Contraband.

Currently there are two locations where property and/or evidence is stored. The main property room is at the Ritzville Office. The second property room is at the Othello Sub-station.

1) Ritzville Office - The main property storage for the Adams County Sheriff's Office is located in Ritzville. The main property room is secured from unauthorized entry by door lock key control. The main property room is alarmed, and monitored by video surveillance 24 hrs a day. Outside the main property room is an area designated for evidence intake to be used by the deputies. The intake area contains evidence sheets and lockers to secure the evidence until it is relinquished to the Evidence Custodian. The Evidence Custodian (s) controls the keys to the lockers.

2) Othello Office - The second property room is located at the Othello Sub-Station. The property room is secured by door lock key control. The property room is alarmed with an audible and telephone dial out alarm, 24 hours a day. The intake area contains evidence sheets and lockers to secure the evidence until it is relinquished to the Evidence Custodian. The keys to the lockers are controlled by the Deputy submitting the evidence until relinquished to the Evidence Custodian, and then controlled by the Evidence Custodian.

A) Large Objects - There will be situations when objects are seized that do not fit into the evidence lockers. The evidence custodian shall be notified as to the location of the object. It is permissible to leave those items temporary holding areas, with approval of the appropriate supervisor. The temporary holding area should be as secure as possible. No item will be left in a temporary holding area without being properly marked, bagged and/or tagged. There are no exceptions to this rule.

B) Vehicles - Any vehicle taken by a deputy as evidence shall have an Evidence Sheet completed. The Evidence Sheet shall have the license information, VIN, color, and the registered owner information. The Evidence Sheet will be placed in the Evidence Custodians mail basket. The keys for the vehicle shall be packaged separately with its own Evidence Sheet.

C) Main Property Room - A location has been designed and constructed for permanent, secure long-term storage of evidence and property. The location is known as the Main Property Room.

Access is controlled by means of a twenty-four hour monitored alarm and key control. There are only two persons for the Adams County Sheriff's Office designated as Evidence Custodians. Special locks are installed and any key made for the Main or secondary Property Room locks must be by prior approval of the Sheriff. 2) Evidence Room Entry Log - Every person shall be required to sign in and out of the Main and secondary Property Room on the Evidence Room Entry Log. 3) Access by Others - It is recognized that certain persons may have a need to enter the Main and secondary Property Room in certain situations. Staff level personnel, Prosecutors, Detectives and Deputies may have the need to be in the Main and secondary Property Room in the performance of their normal duties. The area is approved for vehicles, bicycles or other large objects that will not be damaged by weather. There is also a storage unit at the same location for items that may be damaged by weather. The storage unit is for short-term storage only with prior approval of the appropriate supervisor.

### **802.6 PROPERTY CONTROL**

The design of those locations shall be in such a fashion as to limit access and will be secured by both physical and electronic safeguards.

A) Physical Safeguards - Any room designated for evidence storage shall have a minimum number of doors for ingress and egress, two being the most desirable. Windows in the designated room are not recommended. This policy is not meant to conflict with or supersede any existing building or fire codes.

1) Doors - Doors on rooms designated as evidence storage rooms shall be either metal in design or solid core wood with fire resistant characteristics.

2) Door Locks - Locks will be installed in such a fashion as to prevent unauthorized entry without a key.

- 2) Alarm Activation/Deactivation - Any alarm installed for security of evidence rooms shall be designed in such a fashion that will permit activation and/or deactivation by key, keyboard coding or switch. Keys and/or entry codes will be issued and maintained the same as with any evidence room key.
- 3) Alarm Response - Any activation of an evidence room alarm shall be immediately reported to the 911 dispatch center who will dispatch investigating units and advise the shift supervisor of the alarm.
- 4) Electronic Surveillance - Security of evidence rooms may be augmented by means of electronic visual surveillance equipment. If such surveillance equipment is used, it shall be installed to facilitate 24 hour monitoring. Visual surveillance equipment shall not replace 24 hour entry/exit alarm devices.

### 802.6.2 TRANSFER OF EVIDENCE TO CRIME LABORATORY

Only persons designated as Evidence Custodians shall have unescorted access to rooms designated as permanent evidence storage rooms. All other persons shall be escorted while in the evidence rooms unless their particular job description warrants them being in an evidence room without escort from an Evidence Custodian.

- A) Evidence Custodians - Persons designated as Evidence Custodians shall be appointed by the Sheriff. The minimum designation shall be two persons and any additions will only be that which is necessary to efficiently manage the workload.
- B) Key Control - The only persons who shall have keys for permanent evidence storage locations will be the persons designated as Evidence Custodians. This includes keys for entry and alarm keys. A contracted locksmith shall control keys and duplicates shall not be made without written authorization of the Sheriff or Undersheriff.

The evidence officer shall obtain the signature of the person to whom property is released, and the reason for release. Any employee receiving property shall be responsible for such property until it is properly returned to property or properly released to another authorized person or entity.

### 802.6.4 AUTHORITY TO RELEASE PROPERTY

The Investigations shall authorize the disposition or release of all evidence and property coming into the care and custody of the Office.

### 802.6.5 RELEASE OF PROPERTY

The Adams County Sheriff's Office shall make every effort to return personal property that is in the possession of this office when such property is not considered evidence of a crime or is no longer needed as evidence. In such cases, the evidence officer shall make a reasonable attempt to identify the lawful owner and provide written notice via US Mail within 15 days after the property is authorized to be released.

If the property remains unclaimed beyond sixty days after the initial written notice to the property owner, or, in the case of property held as evidence, sixty days from the date when the case has been finally adjudicated and the property has been released as evidence by order of the court, the Office may (RCW 63.32.010; RCW 63.40.010):

- (a) At any time thereafter sell the property at public auction to the highest and best bidder for cash. The disposition of all proceeds from such auctions shall be accounted for and recorded according to law (RCW 63.32.030).
- (b) Retain the property for the use of the Office subject to giving notice in the manner prescribed in RCW 63.32.020 (or RCW 63.40.020) and the right of the owner, or the owner's legal representative, to reclaim the property within one year after receipt of notice, without compensation for ordinary wear and tear if, in the opinion of the Sheriff, the property consists of firearms or other items specifically usable in law enforcement work, provided that at the end of each calendar year during which there has been such a retention, the Office shall provide the County's elected body and retain for public inspection a list of such retained items and an estimation of each item's replacement value. At the end of the one-year period any unclaimed firearm shall be disposed of pursuant to RCW 9.41.098(2).
- (c) Destroy an item of personal property at the discretion of the Sheriff if he/she determines that the following circumstances have occurred:
  1. The property has no substantial commercial value, or the probable cost of sale exceeds the value of the property; and
  2. The item has been unclaimed by any person after notice procedures have been met, as prescribed in this section; and
  3. The Chief of Police has determined that the item is unsafe and unable to be made safe for use by any member of the general public.

If the item is not unsafe or illegal to possess or sell, it may, after satisfying the notice requirements as prescribed in RCW 63.32.020, be offered by the Sheriff to bona fide dealers, in trade for law enforcement equipment. Such equipment shall be treated as retained property for purpose

of annual listing requirements of the RCW. Such items may be destroyed at the discretion of the Sheriff if he/she believes that it has been, or may be used in a manner that is illegal (RCW 63.32.010).

The evidence officer shall release the property upon proper identification being presented by the owner for which an authorized release has been received. A signature of the person receiving the property shall be recorded on the original property form. After release of all property entered on the property control card, the card shall be forwarded to the Records Section for filing with the case. If some items of property have not been released the property card will remain with the Evidence. Upon release, the proper entry shall be documented in the Property Log.

### 802.6.6 DISPUTED CLAIMS TO PROPERTY

Occasionally more than one party may claim an interest in property being held by the Office, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a valid court order or other undisputed right to the involved property.

All parties should be advised that their claims are civil and in extreme situations, legal counsel for the Office may wish to file an interpleader to resolve the disputed claim.

### 802.6.7 CONTROL OF NARCOTICS AND DANGEROUS DRUGS

The Investigations will be responsible for the storage, control, and destruction of all narcotics and dangerous drugs coming into the custody of this office.

### 802.6.8 PROPERTY DEPICTING A MINOR ENGAGED IN SEXUALLY EXPLICIT CONDUCT

No property or material that depicts a minor engaged in sexually explicit conduct shall be copied, photographed, or duplicated. Such material shall remain under the control of this office or the court and shall be made reasonably available for inspection by the parties to a criminal proceeding involving the material. The defendant may only view these materials while in the presence of his/her attorney or an individual appointed by the court either at this office or a neutral facility as approved by the court (RCW 9.68A.170). Any request for inspecting such material should be brought to the attention of the assigned investigator or an investigation supervisor.

### 802.6.9 RESEARCH REASON FOR IMPOUND

Each piece of evidence or property that is entered into the evidence system will have a specific reason. Property is taken into custody, in most cases, as evidence of a particular crime, found property with known or unknown owner, or for safekeeping. The first step in determining final disposition is to establish, by reading the associated report or evidence sheet, the reason the item was impounded.

A) Felony Crimes Arrest Made - In cases where an arrest or arrests have been made for a felony charge it is necessary to communicate with the particular prosecutor who is handling the case, to make a determination as to when the evidence can be disposed of. The SCOMIS and DISCUS databases can also be utilized to determine the status of a case. The general rule is that evidence should not be disposed of until ninety (90) days have elapsed after final adjudication of the case,

including appeal time, for each defendant charged or ninety (90) days after judgment and sentence has been signed in cases when a guilty plea has been entered.

B) Felony Crimes No Arrest/s Made - In cases where evidence has been taken into custody and there have been no arrests or significant leads, the evidence must be retained until the statute of limitations for charging the particular crime has expired.

C) Felony Drug Arrests that involve Civil Seizures - Most felony drug cases that involve arrests and the seizure of property necessitate considerations for the criminal aspects of the case as well as the civil forfeiture issues. Formal notice of seizure must be served within fifteen days of the seizure on the arrestees in drug cases that involve seizure of property. The arrestee has 45 days to respond to the notice. The arrestee may request a hearing to contest the seizure. The guidelines for disposing of evidence with regard to the criminal aspect of the case are the same as with any other felony case with arrests made. The following considerations need to be made with regard to the civil forfeiture aspect of the case;

1) Was the seizure notice served within the 15-day time limit? If not, then the property may have to be returned unless it is unsafe or illegal to possess.

2) Did the arrestee respond within the 45-day limit? If not then the property can be deemed forfeited, by signed documentation, and the property disposed of either by destruction, auction, or retention by the law enforcement agency.

3) If the seizure is contested then a hearing may be held or a negotiated agreement may be arrived at. Communications with the person handling the forfeiture process must be accomplished to determine how and when final disposition can be made.

D) Misdemeanor Crimes Arrest/s Made - The same restrictions apply as with evidence seized in felony crimes and arrests have been made. The minimum time period prior to disposition is 90 days after final adjudication of the case including appeal time or after judgment and sentence has been signed.

E) Misdemeanor Crimes No Arrest/s Made - The same restrictions apply as with evidence seized in felony crimes and no arrest has been made or significant leads exist the evidence must be retained until the statute of limitations for charging the particular crime has expired.

F) Found Property Known Owner - Property that is found and turned over to the Sheriff's Office is normally entered into evidence per policy. Contact will be made as soon as possible with the owner of the property requesting that he or she make an appointment and come to the Sheriff's Office and claim the property. If immediate contact cannot be made then a certified letter will be sent to the last known address of the owner advising them that property has been found and that the owner has sixty (60) days to claim and take away the property from the Sheriff's Office. If, after receipt of the letter, the owner fails to retrieve the property the Sheriff's Office may dispose of the property either by auction, destruction or retention.

G) Found Property Unknown Owner - Every effort will be made to identify the owner of any found property that is turned over to the Sheriff's Office. The property must be maintained for at least

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Property and Evidence*

---

60 days after being turned over to the Sheriff's Office before it can be disposed of. Disposition is pursuant to state law and can be by auction, destruction or retention of the law enforcement agency.

H) Safekeeping - There will be cases where Deputies take property into their custody for safekeeping. These cases may involve removing firearms or other weapons from a persons custody due to a temporary situation that is potentially dangerous due to an emotional crisis. A determination will have to be made by supervisory personnel as to when the situation has changed enough to warrant return of the property.

I) Court Ordered Custody - There will be cases where the courts have ordered that a particular item or items be remanded to the custody of the Sheriff's Office. In most cases the court will have also specified a return date. Communications with the court is necessary when an item has been ordered remanded to Sheriff's custody and no return date has been specified.

J) Recovered Stolen Property - Recovered stolen property may be returned to the owner as soon as possible after the following has been accomplished;

1) The Prosecutor has been contacted, advised of the intent to release, and has given his approval of the release,

2) Photographs have been taken of the property including any identifying numbers,

3) A detailed list of the property and descriptions has been made,

4) A receipt has been signed by the Sheriffs employee releasing the property and also signed by the property owner or his/her designated representative,

5) The owner must be advised that he/she must maintain custody of the property until after criminal proceedings have been completed and they may be required to produce the item/s in court.

K) Recovered Stolen Property New Owner - An insurance company becomes the legal owner of recovered stolen property when an insurance company has paid a claim to an insured client for loss of the same property. All the same rules apply in regard to advisement and notice of recovery.

### 802.6.10 PREPARATIONS TO DESTROY EVIDENCE

No item of evidence will be destroyed until the required research has been accomplished, the same as with items sold or returned. The below listed procedure will be followed after research is complete.

The yellow Evidence/Property Sheet shall be signed by the Undersheriff or the Sheriff. The yellow Evidence/Property Sheet shall provide the information needed for the Undersheriff or Sheriff to determine that the recommended disposition is the correct action to take.

Evidence tags shall remain on each item until the moment of destruction, this is to facilitate relating any particular piece of evidence back to the original report and original Evidence Sheet at any time up until the moment of destruction. The tag will be attached to the Evidence Sheet upon destruction.

An example would be to remove all stocks and grip parts and then destroy the firearm by the use of a cutting torch or smashing parts to the point that they are not repairable.

### 802.6.12 DISPOSITION EXCEPTION-COURT ORDERS

Exceptions to the rules may be due to court order or mutual agreement of both the prosecution and defense attorneys. There are times when evidence can be disposed of prior to final adjudication when stipulations are made. There may also be situations where a victim may be granted possession of his/her property prior to any court actions.

## **802.7 DISPOSITION OF PROPERTY**

### 802.7.2 VIEWING OF EVIDENCE

### 812.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

### 812.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
  1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
  2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, deputies should document the following in related reports:
  1. Where the computer was located and whether or not it was in operation.
  2. Who was using it at the time.
  3. Who claimed ownership.

## *Computers and Digital Evidence*

---

4. If it can be determined, how it was being used.
  - (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

### **812.2.1 BUSINESS OR NETWORKED COMPUTERS**

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

### **812.2.2 FORENSIC EXAMINATION OF COMPUTERS**

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Evidence to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.

- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

### **812.4 SEIZING PCDS**

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Deputies should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

### **812.5 DIGITAL EVIDENCE RECORDED BY OFFICERS**

Deputies handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

## Animal Control

### 821.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

### 821.2 POLICY

It is the policy of the Adams County Sheriff's Office to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

### 821.3 PATROL RESPONSIBILITIES

Animal control services are generally the primary responsibility of Patrol and include the following:

- (a) Animal-related matters during periods when Patrol is available.
- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Patrol is available for investigation and resolution.
- (c) Follow-up on animal-related calls, such as locating owners of injured animals.

### 821.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.
- (e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
  - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
  - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.

## *Animal Control*

---

3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

### **821.5 ANIMAL CRUELTY COMPLAINTS**

Laws relating to the cruelty to animals should be enforced, including but not limited to RCW 9.08.070 (cruelty to pets), RCW 16.52.117 (animal fighting), RCW 16.52.205 (animal cruelty) and RCW 16.52.320 (cruelty to livestock).

- (a) An investigation should be conducted on all reports of animal cruelty.
- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

#### **821.5.1 REMOVAL OF ANIMALS**

A deputy who has probable cause to believe that an animal is subject to cruelty may obtain a warrant for removal of the animal when there is no responsible person to assume care of the animal and a good faith effort to contact the animal's owner has first been attempted. If an animal is in immediate life-threatening condition, a warrant need not be obtained. The animal may be removed to a suitable place for feeding and care or placed under the custody of Patrol (RCW 16.52.085).

When an animal is removed, written notice shall be provided to the owner regarding the circumstances of the removal and the legal remedies available to the owner. The notice shall be given by posting at the place of the seizure, by delivery to a person residing at the place of seizure or by registered mail if the owner is known (RCW 16.52.085).

The deputy who removed the animal may authorize an examination by a veterinarian to determine whether neglect or abuse is sufficient to require removal of the animal (RCW 16.52.085).

#### **821.5.2 ANIMALS EXPOSED TO EXCESSIVE HEAT OR COLD, LACK OF VENTILATION OR LACK OF NECESSARY WATER**

Deputies may, in exigent circumstances, enter a vehicle or enclosed space other than a residence to save the life of an animal suffering harm from exposure to excessive heat or cold or lack of necessary ventilation or water when there is no person present in the immediate area who has access to the vehicle or enclosed space and is willing to immediately remove the animal (RCW 16.52.340).

In all other cases, a court order should be obtained when necessary to enter a vehicle or structure to protect the life of an animal.

### **821.6 ANIMAL BITE REPORTS**

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

# Adams County Sheriff's Office

### **821.7 STRAY DOGS**

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the appropriate shelter/holding pen.

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

### **821.8 DANGEROUS ANIMALS**

In the event responding members cannot fulfill a request for service because an animal is difficult or dangerous to handle, the Sergeant will be contacted to determine available resources, including requesting the assistance of animal control services from an allied agency.

### **821.9 PUBLIC NUISANCE CALLS RELATING TO ANIMALS**

Members should diligently address calls related to nuisance animals (e.g., barking dogs), as such calls may involve significant quality-of-life issues.

### **821.10 DECEASED ANIMALS**

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity.

Deceased animals on public property should be removed, sealed in a plastic bag, and properly disposed of by the responding member.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased animal.

### **821.11 INJURED ANIMALS**

When a member becomes aware of an injured domesticated animal, all reasonable attempts should be made to contact an owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

### **821.12 DESTRUCTION OF ANIMALS**

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal shall only be euthanized with the approval of a supervisor and whenever possible, in consultation with a licensed veterinarian and the owner of the animal (RCW 16.52.210).

These individuals should not be in temporary custody at the Office unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

### 905.3.2 SUPERVISION IN TEMPORARY CUSTODY

An authorized office member capable of supervising shall be present at all times when an individual is held in temporary custody. The member responsible for supervising should not have other duties that could unreasonably conflict with his/her supervision. Any individual in custody must be able to summon the supervising member if needed. If the person in custody is deaf or hard of hearing or cannot speak, accommodations shall be made to provide this ability.

At least one female office member should be present when a female adult is in temporary custody. In the event that none is readily available, the female in custody should be transported to another facility or released pursuant to another lawful process.

The deputy should specifically ask if the individual is contemplating suicide and evaluate him/her for obvious signs or indications of suicidal intent.

The receiving deputy should ask the arresting deputy if there is any statement, indication or evidence surrounding the individual's arrest and transportation that would reasonably indicate the individual is at risk for suicide or critical medical care. If there is any suspicion that the individual may be suicidal, he/she shall be transported to the appropriate jail or the appropriate mental health facility.

The deputy should promptly notify the Sergeant of any conditions that may warrant immediate medical attention or other appropriate action. The Sergeant shall determine whether the individual will be placed in a cell, immediately released or transported to jail or other facility.

#### **905.4.1 SCREENING AND PLACEMENT**

The deputy responsible for an individual in custody shall:

- (a) Advise the Sergeant of any significant risks presented by the individual (e.g., suicide risk, health risk, violence).
- (b) Evaluate the following issues against the stated risks in (a) to determine the need for placing the individual in a single cell:

The Undersheriff will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to office members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

### 905.5.4 ORTHOPEDIC OR PROSTHETIC APPLIANCE

Subject to safety and security concerns, individuals shall be permitted to retain an orthopedic or prosthetic appliance. However, if the appliance presents a risk of bodily harm to any person or is a risk to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.

### 905.5.6 RELIGIOUS ACCOMMODATION

Subject to available resources, safety and security, the religious beliefs and needs of all individuals in custody should be reasonably accommodated. Requests for religious accommodation should generally be granted unless there is a compelling security or safety reason and denying the request is the least restrictive means available to ensure security or safety. The responsible supervisor should be advised any time a request for religious accommodation is denied.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

## Evaluation of Employees

### 1002.1 PURPOSE AND SCOPE

The Office's employee performance evaluation system is designed to record work performance for both the Office and the employee, providing recognition for good work and developing a guide for improvement.

### 1002.2 POLICY

The Adams County Sheriff's Office utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Office evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

### 1002.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

## *Evaluation of Employees*

---

Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

### **1002.4 FULL TIME PROBATIONARY PERSONNEL**

Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed monthly for all full-time civilian personnel during the probationary period.

Sworn personnel are on probation for 12 months after completion of Basic Law Enforcement Academy before being eligible for certification as permanent employees. Probationary deputies are evaluated daily, weekly and monthly during the probationary period.

### **1002.5 FULL-TIME PERMANENT STATUS PERSONNEL**

Permanent employees are subject to three types of performance evaluations:

**Regular** - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire except for employees who have been promoted in which case an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

**Transfer** - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the current supervisor with input from the previous supervisor.

**Special** - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

#### **1002.5.1 RATINGS CRITERIA**

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

**Outstanding** - Is actual performance well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

**Exceeds Standards** - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

**Meets Standards** - Is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Evaluation of Employees*

---

**Needs Improvement** - Is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

**Unsatisfactory** - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

Space for written comments is provided at the end of the evaluation in the rater comments section. This section allows the rater to document the employee's strengths, weaknesses, and suggestions for improvement. Any rating under any job dimension marked unsatisfactory or outstanding shall be substantiated in the rater comments section.

### **1002.6 EVALUATION INTERVIEW**

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Permanent employees may also write comments in the Employee Comments section of the performance evaluation report.

### **1002.7 EVALUATION REVIEW**

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's supervisor (Undersheriff). The Undersheriff shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Undersheriff shall evaluate the supervisor on the quality of ratings given.

### **1002.8 EVALUATION DISTRIBUTION**

The original performance evaluation shall be maintained in the employee's personnel file in the office of the Sheriff for the tenure of the employee's employment.

### **1002.9 REMEDIAL TRAINING**

When an employee fails to perform a job function at the level prescribed in this policy manual, remedial training may be necessary to ensure that employee has the knowledge and skills necessary to perform at an acceptable level.

Whenever an employee receives an evaluation rating of needs improvement or unacceptable, receives a Special Evaluation to document a performance deficiency or is receiving discipline for a performance deficiency, the supervisor should consider whether remedial training would be appropriate to assist the employee in improving their performance.

- (c) If the employee fails to provide a timely written response or expresses no desire to respond, the employee's date and signature shall be affixed to the PIP as agreement to its terms.

All members and all retired deputies with an identification card issued by the Office shall immediately notify their supervisors (retired deputies should immediately notify the Sergeant or the Sheriff) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired deputy from possessing a firearm or requires suspension or revocation of applicable Criminal Justice Training Commission (CJTC) certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing his/her duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on his/her own time and at his/her own expense.

Affected members shall notify the Sergeant or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

#### 1012.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

## Sick Leave

### 1014.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the County personnel manual or applicable labor agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) or the Washington Paid Family and Medical Leave program (PFML) (29 USC § 2601 et seq.; RCW 50.04.010 et seq.).

### 1014.2 POLICY

It is the policy of the Adams County Sheriff's Office to provide eligible employees with a sick leave benefit.

### 1014.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences (RCW 49.46.210). Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both (WAC 296-128-750).

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity, or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

#### 1014.3.1 NOTIFICATION

All members should notify the Sergeant or appropriate supervisor as soon as they are aware that they will not be able to report to work and within one hour before the start of their scheduled shifts, unless it is not practicable to do so. If it is impracticable and a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (WAC 296-128-650).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Office with no less than 10 days' notice of the impending absence (WAC 296-128-650).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Members should maintain a level of health and fitness equal to the standards of entry with the Department. If a question arises as to a member's ability to perform regular duties due to an apparent low level of health or fitness, the member may be required to submit to a physician's examination and to bring his or her health or fitness level to an acceptable standard as determined by the consulting physician, the Civil Service Commission and/or the Department.

## **SHIFTS/SHIFT SCHEDULING**

### **1015.1 SCHEDULES-METHOD OF ASSIGNMENT**

The Adams County Sheriff's Office Patrol personnel normally work an eight-hour day, five days on and two days off.

The Patrol schedule follows a 56-day rotation in which members will rotate on the designated Friday in a forward shift flow, such as days to relief, relief to nights and nights to days.

Patrol Sergeants rotate through the established supervisors' positions on the same 56-day rotation.

The special assignment positions may be exempt from the rotational process and may be assigned to permanent shifts, but may be subject to schedule/shift adjustment to supplement basic scheduling needs.

#### **1015.1.1 WORKING A FULL SHIFT**

Members are required to remain on duty for their entire assigned shift unless excused by their supervisor or higher-ranking personnel. During the shift, members will carry out their sworn and/or assigned duties to the best of their ability. If any members must leave duty before the end of shift due to illness or other circumstances, the members must inform and receive approval from a supervisor before leaving. If a supervisor is not available, the member will advise the dispatcher and will inform a supervisor as soon as possible. Leaving early without authorization will be deemed neglect of duty and will be grounds for disciplinary action.

#### **1015.1.2 SHIFT SCHEDULES**

Shift schedules are maintained for Patrol in which members work varying shifts. A master schedule for Patrol is maintained in the computer. Master schedules are the official Department schedules. The master schedule is posted with all shift changes. Members who are aware of discrepancies or errors in the master schedule shall notify their supervisor as soon as practical.

Schedules may be posted at each office.

#### **1015.1.3 SCHEDULING/POSTING OF SHIFT SCHEDULES**

Based on the shifts worked by Patrol, the Undersheriff shall fill out an annual schedule and distribute the schedule to all supervisors. It shall be the responsibility of the Sergeants to follow the described procedures to maintain the schedule throughout the year.

**SHIFT TRADES**-Two members may agree in writing, solely at their option and with the written approval of each supervisor, to substitute for three another during scheduled hours of work. Substitution may be denied on a case-by-case basis due to operational need, overtime or other scheduling impacts. Even though three-member substitutes for another, each member will be credited as if each member has worked the normal work schedule and as if the substitution had not occurred. The hours worked during the substitution shall be excluded from the hours for which the substituting member would otherwise be entitled for purposes of overtime and wage computations.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *SHIFTS/SHIFT SCHEDULING*

---

Each agreement to substitute must be separately approved by each participating employee's supervisor, must be made for the convenience of the employees, and must not be required by the Department. The Department shall have no obligation to keep track of substitutions, or to ensure that a substitution is reciprocated.

### 1015.1.4 SUPERVISORY AND MEMBER RESPONSIBILITIES

- 5) Post all schedule changes, which the supervisor approves, on the master schedule at least seven days in advance of the change.
- 6) Notify members of the change by electronic mail or verbal communication.
- 7) Ensure that the affected employee is notified of the change in a timely manner. Refer to current CBA.

#### A) Member responsibilities:

- 1) Check the master schedules on a regular basis.
- 2) Notify the supervisor of any discrepancies and/or errors to the master schedule.

### 1016.1.1 DEFINITIONS

Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Adams County Sheriff's Office. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

## 1016.2 POLICY

The Adams County Sheriff's Office is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

## 1016.3 EXPOSURE CONTROL OFFICER

The Sheriff will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes (WAC 296-823-100 et seq.):

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that office members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:

  - (c) A plan for the distribution and use of personal protective equipment (PPE) related to communicable diseases.
  - (d) Directions for appropriate labeling of contaminated items.
  - (e) Rules regarding worksite maintenance.
  - (f) Rules regarding waste.
  - (g) Confidentiality requirements and medical protocols.
  - (h) Maintenance of training and medical records.
2. The Washington Industrial Safety and Health Act (RCW 49.17.010 et seq.; WAC 296-800-110 et seq.).
  3. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).

The ECO should also act as the liaison with the Washington Division of Occupational Safety and Health (DOSH) and may request voluntary compliance inspections. The ECO should annually review and update the exposure control plan and review implementation of the plan (WAC 296-823-11010).

### 1016.3.1 USE OF WASTE CONTAINERS

Deputies shall dispose of biohazards with the on-scene fire response vehicle, or at the attending clinic/hospital with its approval, or in an appropriately marked biohazard waste container at the station immediately upon arrival.

The biohazard waste container located at the station shall be collapsible, leak-proof, red or appropriately labeled with a biohazard warning, and routinely emptied (WAC 296-823-14060).

### 1016.3.2 DECONTAMINATION OF SKIN AND MUCOUS MEMBRANES

Personnel shall wash their hands immediately (on-scene if possible), or as soon as possible following the removal of potentially contaminated gloves. Antibacterial soap and warm water or an approved disinfectant shall be used to wash three's hands, paying particular attention to the fingernails.

If an employee's intact skin contacts someone else's blood or bodily fluids or other potentially infectious materials, the employee shall immediately wash the exposed part of his/her body with soap and warm water and/or an approved disinfectant, as soon as possible. If the skin becomes grossly contaminated, body washing shall be followed by an approved hospital strength disinfectant. If large areas of the employee's skin are contaminated, the employee shall shower as soon as possible, using warm water and soap and/or an approved disinfectant. Medical treatment should be obtained.

Contaminated non-intact skin (e.g., injured skin, open wound) shall be cleaned using an approved disinfectant and then dressed or bandaged as required. Medical treatment is required.

### 1016.3.3 SHARPS AND ITEMS THAT CUT OR PUNCTURE

All personnel shall avoid using or holding sharps (needles) unless needed to do so while assisting medical personnel, or collecting them for evidence. Unless required for evidentiary reasons related to evidence preservation, employees are not to recap sharps. If recapping is necessary, a three-handed method shall be employed to avoid a finger prick. Disposal, when possible, shall be into a puncture proof biohazard container.

All sharps and items that cut or puncture (e.g., broken glass, razors, and knives) shall be treated cautiously to avoid cutting, stabbing, or puncturing three's self or any other person. In addition, if a sharp object contains known or suspected blood or other bodily fluids, that item is to be treated as a contaminated item. If the item is not evidence, touching it with the hands shall be avoided. Rather, use a device such as tongs, or a broom and a dustpan to cleanup debris. If the material must be hand held, protective gloves must be worn.

### 1016.3.4 DISPOSABLE PROTECTIVE EQUIPMENT

Contaminated disposable supplies (gloves, dressings, CPR mask) shall be transported with the patient or suspect in the ambulance or sheriff's vehicle. The waste material shall then be disposed of in a biohazard waste container at the hospital or sheriff's station. Disposable gloves are to be worn while placing the waste into the waste biohazard container, placing the gloves in with the waste when through (WAC 296-823-15030).

### 1016.3.5 DECONTAMINATION OF PPE

After using any reusable PPE, it shall be washed or disinfected and stored appropriately. If it is non-reusable (e.g., disposable gloves), it shall be discarded in a biohazard waste container as described in this policy.

Any PPE that becomes punctured, torn or loses its integrity, shall be removed as soon as feasible. The employee shall wash up and replace the PPE if the job has not been terminated. If this situation resulted in a contaminated non-intact skin event, the measures above shall be implemented.

Contaminated reusable PPE that must be transported prior to cleaning it shall be placed into a biohazard waste bag and transported in the ambulance, paramedic truck or sheriff's vehicle. Gloves shall be worn while handling the biohazard waste bag and during placement into the biohazard waste container, and then included in with the waste (WAC 296-823-15030).

### 1016.3.6 DECONTAMINATION OF NON-DISPOSABLE EQUIPMENT

Contaminated non-disposable equipment (e.g., flashlight, gun, baton, clothing, portable radio) shall be decontaminated as soon as reasonably practicable. If it is to be transported, it shall be done by first placing it into a biohazard waste bag.

Grossly contaminated non-disposable equipment items shall be transported to a hospital, fire station or sheriff's station for proper cleaning and disinfecting. Porous surfaces such as nylon bags and straps shall be brushed and scrubbed with a detergent and hot water, laundered and allowed to dry. Non-porous surfaces (e.g., plastic or metal) shall be brushed and scrubbed with detergent and hot water, sprayed with a bleach solution, rinsed and allowed to dry. Delicate equipment

(e.g., radios) should be brushed and scrubbed very carefully using a minimal amount of a type of germicide that is approved by Environmental Protection Agency (EPA).

Pay close attention to handles, controls, portable radios and corners (tight spots) when cleaning equipment. Equipment cleaning shall not be done in the kitchen, bathrooms or other areas not designated as the cleaning/decontamination area.

Contaminated equipment should be cleaned using an approved EPA germicide or a 1:100 solution of chlorine bleach (one-quarter cup of bleach per one gallon of water), while wearing disposable gloves and goggles. Large particles of contaminants such as vomit, feces or blood clots should first be removed using a disposable towel or other means to prevent direct contact, and properly disposed (WAC 296-823-14055).

### **1016.4 EXPOSURE PREVENTION AND MITIGATION**

#### **1016.4.1 GENERAL PRECAUTIONS**

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or office vehicles, as applicable.

The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

### **1020.5 DOCUMENTATION**

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Office should audit the log and send an audit report to the Sheriff or the authorized designee.

### 1020.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
  - 1. The original complaint form will be directed to the Sergeant of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
  - 2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Undersheriff or the Sheriff, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
  - 1. Follow-up contact with the complainant should be made within 24 hours of the Office receiving the complaint.
  - 2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Sergeant.
- (d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Sergeant and Sheriff are notified via the chain of command as soon as practicable.
- (e) Promptly contacting the Personnel and the Sergeant for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
- (f) Forwarding unresolved personnel complaints to the Sergeant, who will determine whether to contact the complainant or assign the complaint for investigation.
- (g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.
- (h) Investigating a complaint as follows:
  - 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

- (g) Any employee refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
  - 1. An employee should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the employee may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
  - 2. No information or evidence administratively coerced from an employee may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of employees and witnesses. The employee may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided to the employee prior to any subsequent interview.
- (i) All employees subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved employees shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

### 1020.6.3 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

### 1020.6.4 DISPOSITIONS

**Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

**Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

### 1020.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

### 1020.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Office, the Sheriff or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any office badge, identification, assigned weapons and any other office equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

### 1020.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Adams County Sheriff's Office may release information concerning the arrest or detention of any member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

### **1020.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES**

Each level of command should review and include their comments in writing before forwarding the report. The Sheriff may accept or modify any classification or recommendation for disciplinary action.

#### **1020.10.1 UNDERSHERIFF RESPONSIBILITIES**

Upon receipt of any completed personnel investigation, the Undersheriff of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Undersheriff may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Sheriff, the Undersheriff may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Sheriff, the Undersheriff shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

Once the member has completed his/her response or if the member has elected to waive any such response, the Sheriff shall consider all information received in regard to the recommended discipline. The Sheriff shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Sheriff has issued a written decision, the discipline shall become effective.

### 1020.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Sheriff or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

### **1020.11 PRE-DISCIPLINE EMPLOYEE RESPONSE**

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Sheriff after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Sheriff to consider.
- (d) In the event that the Sheriff elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Sheriff on the limited issues of information raised in any subsequent materials.

### **1020.13 POST-DISCIPLINE APPEAL RIGHTS**

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, memorandum of understanding and/or personnel rules.

In the event of punitive action against an employee covered by civil service, the appeal process shall be in compliance with RCW 41.12.090 and RCW 41.14.120.

### **1020.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS**

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. The CJTC shall be notified within 15 days of an initial disciplinary decision made by the Office for alleged behavior or conduct by a deputy that is noncriminal and may result in revocation of certification (RCW 43.101.135).

The CJTC shall also be notified regarding any decision to discipline a deputy for failure to intervene or for failure to report an incident of excessive force or any wrongdoing by another peace officer for determination of suspension or revocation of certification (RCW 10.93.190).

The Office shall, upon request of the CJTC, provide such additional documentation or information as the commission deems necessary to determine whether the separation or event provides grounds for suspension or revocation of the peace officer's certification (RCW 43.101.135).

## Seat Belts

### 1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in office vehicles.

#### 1022.1.1 DEFINITIONS

Definitions related to this policy include:

**Child restraint system** - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and regulations set forth in 49 CFR 571.213 and RCW 46.61.687(6).

### 1022.2 POLICY

It is the policy of the Adams County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

### 1022.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this office while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Office, are properly restrained (RCW 46.61.688; RCW 46.61.687).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the office member or the public. Members must be prepared to justify any deviation from this requirement.

### 1022.4 TRANSPORTING CHILDREN

A child restraint system shall be used for all children of an age, height or weight for which such restraints are required by law (RCW 46.61.687).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side air bag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

Adams County SO WA Policy Manual

## *Seat Belts*

---

### **1022.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES**

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any office vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints (WAC 204-41-030).

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

### **1022.6 INOPERABLE SEAT BELTS**

Office vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Office vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

### **1022.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS**

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

### **1022.8 VEHICLE AIRBAGS**

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

### 1024.2 POLICY

While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures. It is the policy of this department that all uniformed personnel shall wear their issued body armor while on duty and in uniform.

#### 1024.2.1 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained as required by this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted for fit, cleanliness, signs of damage, abuse and wear.

#### 1024.2.2 CARE, MAINTENANCE AND REPLACEMENT OF BODY ARMOR

Members should routinely inspect personal body armor for signs of damage and for general cleanliness.

Because dirt and perspiration may erode ballistic panels, each deputy shall be responsible for cleaning personal body armor in accordance with the manufacturer's instructions. Deputies are responsible for the proper storage, maintenance and care of body armor in accordance with manufacturer's instructions.

Deputies are responsible for reporting damage or excessive wear to the ballistic panels or cover to their supervisor and the individual responsible for the uniform supply function.

- (b) Whenever feasible, the supervisor should make a preliminary determination of the level of inability of the employee to perform the essential duties required of the job.
- (c) In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to obtain sufficient information regarding the nature of the concern to enable the Department to assess options and react responsibly to assure the safety of the employee, other members of the Department and the public, while complying with the employee's legal rights.

### **1032.4 RELIEF FROM DUTY**

Any employee suffering from a work or non-work related condition which warrants a temporary relief from duty may be entitled to be placed on family medical leave under state and/or federal law. Consult with Administration to assure proper notification and compliance with family medical leave rights. Employees who are relieved from duty for medical reasons may be eligible for workers compensation payments or may be required to use sick leave or other paid time off consistent with applicable policies.

### **1032.5 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS**

- (a) Whenever circumstances reasonably indicate that an employee is unfit for duty, the Sheriff may serve that employee with a written order to undergo a physical and/or psychological examination to determine the level of the employee's fitness for duty. ## *Fitness for Duty*

---

- 16 hours in one day (24 hour) period, or
- 30 hours in any 2 day (48 hour) period, or
- 84 hours in any 7 day (168 hour) period.

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

### **1032.7 APPEALS**

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty exam shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

## Meal Periods and Breaks

### 1034.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all Sheriff's Office employees that has been established by the Sheriff.

#### 1034.1.1 MEAL PERIODS

Sworn employees shall remain on duty subject to call during meal breaks.

Uniformed deputies shall take their breaks within the assigned patrol areas unless on assignment outside of the County.

The time spent for the meal period shall not exceed 30 minutes.

#### 1034.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the mid point, for each four-hour work period. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Field deputies will take their breaks in their assigned areas, subject to call and shall monitor their radios. If employee is going to be available by cell phone, the employee shall notify dispatch.

## Lactation Break Policy

### 1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

### 1035.2 POLICY

It is the policy of this office to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to two years after the child's birth (29 USC § 207; RCW 43.10.005).

### 1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Lactation breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid.

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break and such breaks may be reasonably delayed if they would seriously disrupt office operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

### 1035.4 PRIVATE LOCATION

The Office will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be sanitary, shielded from view, and free from intrusion from co-workers and the public (29 USC § 207; RCW 43.70.640; RCW 43.10.005).

Employees occupying such private areas shall either secure the door or otherwise make it clear that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.

## Payroll Records

### 1036.1 PURPOSE AND SCOPE

### 1036.2 POLICY

The Adams County Sheriff's Office maintains timely and accurate payroll records.

### 1036.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

### 1036.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the County payroll procedures.

### 1036.5 RECORDS

The Administration Undersheriff shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

## Overtime Payment Requests

### 1038.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Collective Bargaining Agreement or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

#### 1038.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than three hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 24 hours of compensatory time, as stated in the Collective Bargaining Agreement.

### 1038.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administration Section. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

#### 1038.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime, or at the beginning of the next working shift and turn them in to their immediate supervisor or the Sergeant.

#### 1038.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

### 1038.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Collective Bargaining Agreement provides that a minimum number of hours will be paid, (e.g., two hours for Court, etc). The supervisor will enter the actual time worked.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## Overtime Payment Requests

---

### 1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest half of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>
1 to 30 minutes	.5 hour
30 to 60minutes	1.0 hour

### 1038.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other deputy, the Sergeant or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

## Outside Employment

### 1040.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Sheriff prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Sheriff in accordance with the provisions of this policy.

#### 1040.1.1 DEFINITIONS

**Outside Employment** - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

### 1040.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Sheriff. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an inter-office memo which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Sheriff for consideration.

If approved, the employee will be provided with a copy of the approved IOM.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial.

#### 1040.2.1 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Sheriff may, at his/her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Outside Employment*

---

- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subjected to similar restrictions as those applicable to the employee's regularly assigned duties until the employee has been cleared to return to full duty status.

### **1040.3 PROHIBITED OUTSIDE EMPLOYMENT**

The Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which, in its view, would:

- (a) Involve the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involve the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- (c) Involve the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Involve time demands that would render performance of the employee's duties for this department less efficient or render the employee unavailable for reasonably anticipated overtime assignments and other job-related demands that occur outside regular working hours.

#### **1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT**

Because it would further create a potential conflict of interest, no member of this Department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Sheriff in advance of the desired service. Such outside overtime will be assigned, monitored and paid through the Department.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employees working outside overtime shall be subject to the following conditions:
  1. The deputy(s) shall wear the departmental uniform/identification.

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Outside Employment*

---

2. The deputy(s) shall be subject to the rules and regulations of this department.
3. No deputy may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
5. Outside security services shall not be subject to the collective bargaining process.
6. No deputy may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Sheriff.

### 1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment and should be reported as time worked on employee time records.

### 1040.3.3 SPECIAL RESTRICTIONS

Except for emergency situations or with prior authorization from the Division Commander, undercover deputies or deputies assigned to covert operations shall not be eligible to work in a uniformed or other capacity which might reasonably disclose the deputy's status as a law enforcement officer.

## **1040.4 DEPARTMENT RESOURCES**

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

### 1040.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest. Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to Policy Manual § 1040.2.2(c).

## *Outside Employment*

---

### **1040.5 MATERIAL CHANGES OR TERMINATION OF OUTSIDE EMPLOYMENT**

If an employee terminates his/her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Sheriff through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees are also required to disclose material changes in outside employment that occur after approval of outside employment has been granted to the Sheriff in writing. For the purpose of this policy, such changes include any material change in the number of hours, type of duties or demands of outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

### **1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY**

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Sheriff whether such outside employment should continue.

In the event the Sheriff determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the County's professional medical advisors.
- (b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- (c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Adams County Sheriff's Office, a request (in writing) may be made to the Sheriff to restore the permit.

# Occupational Disease and Work-Related Injury Reporting

## 1042.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, post-traumatic stress disorder (PTSD), and work-related injuries.

### 1042.1.1 DEFINITIONS

Definitions related to this policy include:

**Occupational disease or work-related injury** - An injury, disease, PTSD, or infection while acting in the course of employment (RCW 51.08.013; RCW 51.08.100; RCW 51.08.140; RCW 51.08.142).

## 1042.2 POLICY

The Adams County Sheriff's Office will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (RCW 51.28.010 et seq.).

## 1042.3 RESPONSIBILITIES

### 1042.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate.

### 1042.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Countywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and the Accident, Illness and Injury Prevention policies apply and take additional action as required.

### 1042.3.3 UNDERSHERIFF RESPONSIBILITIES

The Undersheriff who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Sheriff, the County's risk management entity, and the Administration Undersheriff to ensure any required Department of Labor and Industries reporting is made as required in the accident, illness and injury prevention plan identified in the Accident, Illness and Injury Prevention Policy.

# Adams County Sheriff's Office

## *Occupational Disease and Work-Related Injury Reporting*

---

### 1042.3.4 SHERIFF RESPONSIBILITIES

The Sheriff shall review and forward copies of the report to the Personnel. Copies of the report and related documents retained by the Office shall be filed in the member's confidential medical file.

### **1042.4 OTHER DISEASE OR INJURY**

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Undersheriff through the chain of command and a copy sent to the Administration Undersheriff.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

#### 1042.4.1 RECEIPT OF COMPENSATION BENEFITS

Employees who receive time loss compensation for injuries or illness (other than LEOFF I) are provided sick leave benefits in addition to those benefits up to their regular salary. However, WAC 356 18 080 allows that employees may elect to receive only time loss compensation rather than utilize any available sick leave credits.

Employees who receive compensation for time lost under the plan, who are on sick leave, are required to return the check, endorsed to the County. The funds shall be used to "buy back" those amounts of sick leave used by the employee, which are refunded by the benefits paid by the plan.

A) Employees who have used all their sick leave benefits and are expending accumulated vacation or compensatory time may elect to keep the funds paid under the plan or to "buy back" vacation or compensatory time.

### **1042.5 SETTLEMENT OFFERS**

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

#### 1042.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

## Personal Appearance Standards

### 1044.1 PURPOSE AND SCOPE

In order to project uniformity and neutrality toward the public and other members of the office, employees shall maintain their personal hygiene and appearance in a manner that projects a professional image appropriate for this office and for their assignment.

Hairstyles of all members shall be neat in appearance. For male sworn members, hair must not extend below the top edge of the uniform collar while assuming a normal stance.

#### 1044.2.6 JEWELRY

For the purpose of this policy, jewelry refers to rings, earrings, necklaces, bracelets, wristwatches, and tie tacks or tie bars. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Sheriff or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle or engaging in outside employment, or may otherwise limit them in employing their peace officer powers.

## Brady Evidence and Law Enforcement

### 1059.1 PURPOSE AND SCOPE

This Policy addresses Brady information that may be in the possession of law enforcement agencies. It sets forth law enforcement duties and procedures regarding disclosure of information about law enforcement employee/officer witnesses pursuant to the Brady rule. It is intended to meet prosecutorial obligations and preserve the constitutional due process rights of defendants, while permitting efficient and effective law enforcement investigation and prosecution of criminal cases. This policy is intended to function in conjunction with established Brady policies/procedures applicable to prosecutors. Law enforcement agencies should be familiar with the Brady policies of the prosecuting attorneys in their jurisdiction.

### II. BACKGROUND

### III. THE BRADYRULE

The prosecution must disclose to the defense evidence that is favorable to a defendant. *Brady v. Maryland*, 373 U.S. 83 (1963). This duty to disclose such evidence is applicable even though there has been no request by the accused. *United States v. Agurs*, 427 U.S. 97, 107 (1976). The rule encompasses material exculpatory evidence including impeachment evidence. *United States v. Bagley*, 473 U.S. 667, 676 (1985). Evidence is material "if there is a reasonable probability that had the evidence been disclosed to the defense, the result of the proceeding would have been different," i.e. prejudice to the defendant must have occurred as a result. *Kyles v. Whitley* 514 U.S. 419, 433-434 (1995). Suppression by the prosecution of material exculpatory evidence violates due process where the evidence is material either to guilt or to punishment irrespective of the good faith or bad faith of the prosecution. Thus, violations can occur whether the State willfully or inadvertently suppressed the evidence. *Strickler v. Greene*, 527 U.S. 263, 280-281 (1999). In order to ensure compliance with these rules, the United States Supreme Court has urged the "careful prosecutor" to err on the side of disclosure. *Kyles v. Whitley*, 514 U.S. 419, 440 (1995).

### IV. DEFINITIONS – WHAT IS BRADY EVIDENCE

**Recurring Government Witness** Recurring government witness are those law enforcement employees/officers for whom it is reasonable to believe will or may be called to testify more than once or on a regular basis.

**Exculpatory Evidence** Evidence is exculpatory if it is evidence that is favorable to the defendant, is material to the guilt, innocence, or punishment of the defendant, and impeachment evidence that may impact the credibility of a government witness, including a police officer. Exculpatory evidence must be disclosed. **Materiality** Evidence is material only if there is a reasonable probability that had the evidence been disclosed to the defense the result of the proceeding would have been different. A "reasonable probability" is established when the failure to disclose the evidence could reasonably be taken to put the whole case in such a different light as to undermine confidence in the verdict. Such evidence must have a specific, plausible connection to the case, and must

## *Brady Evidence and Law Enforcement*

---

demonstrate more than minor inaccuracies. Evidence is material if it is facially apparent as exculpatory.

**Impeachment Evidence** Evidence that might be used to impeach a witness is exculpatory evidence and must be disclosed to the defense by the prosecutor. Impeachment evidence is evidence that demonstrates that a witness is biased or prejudiced against a party, has some other motive to fabricate testimony, has a poor reputation for truthfulness or has past specific incidents that are probative of the witness' truthfulness or untruthfulness. Prior inconsistent statements are impeachment evidence. Impeachment evidence that is merely cumulative (i.e. duplicative to evidence already provided or presented) or impeaches on a collateral issue need not be disclosed. Admissibility of impeachment evidence is determined on a case by case basis by the courts. Therefore even evidence that is likely to be inadmissible can still be considered Brady information, and thus be required to be submitted to the prosecutor.

### **IV. LAW ENFORCEMENT AGENCY DUTIES**

**Generally** Law enforcement officers must collect and document exculpatory and impeachment information discovered pursuant to administrative and criminal investigations and provide the same to the prosecution. Law enforcement agencies with information that could impeach any non-law enforcement witness must provide that information to the prosecution as well.

**Training** All employees must be properly trained on the department's obligation to disclose Brady information. For the purposes of this model policy, employee means anyone employed by the agency who may be called to testify under oath. However, the existence of the policy and a copy should be made known and available to all employees.

**Employer - Employee Agreements regarding Law Enforcement Conduct** Law enforcement agencies shall investigate all complaints regarding their officers in accordance with their established policies. If an agreement, settlement or other understanding is reached between an agency and an employee regarding a complaint, investigation or response, the agency should consider the impact of the subject matter of the complaint, investigation or response on the employee's ability to serve as a witness in any criminal proceeding for any jurisdiction.

### **V. LAW ENFORCEMENT AGENCY RESPONSE TO BRADY INFORMATION REQUEST**

**CATEGORIES OF EVIDENCE AND PROCEDURES** Agencies must review all their internal investigation files to determine if any possible Brady information exists on any of their employees who may be called as witnesses by the prosecution. If such information exists, they must submit the information to the prosecutor. The prosecution is under a continuing duty to disclose Brady information and therefore agencies must also notify the prosecutor any time they become aware of new Brady information.

If an agency receives a request from a prosecutor for possible Brady information on an employee/officer the law enforcement agency shall comply with the request as soon as practicable and according to the policies and procedures below:

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Brady Evidence and Law Enforcement*

---

**Substantiated/Sustained Findings of Misconduct Related to Dishonesty** Law enforcement shall disclose to the prosecution as Brady material information regarding any final determination by the Chief Law Enforcement Executive of a substantiated or sustained finding related to an employee's/officer's dishonesty or untruthfulness, regardless of whether or not discipline was given. Agencies should follow their current policies regarding document retention for substantiated/sustained/founded findings and disciplinary processes.

**Criminal Convictions** Law enforcement shall disclose to the prosecution as Brady material information regarding criminal convictions of an employee/officer related to dishonesty or untruthfulness, if known.

**Unsubstantiated Finding** There is no requirement that law enforcement provide prosecutors with information concerning unsubstantiated findings about an employee? In-Lieu-of Actions/Agreements Actions / agreements such as resignation, demotion, retirement or separation from service of an employee/deputy in lieu of disciplinary action do not control whether information is Brady information ((may be Brady information if it is relevant to the case at hand)). Each law enforcement executive should consult with the appropriate legal counsel in making a determination if information not related to substantiated findings is potential Brady information or in cases where he or she is uncertain regarding what action to take.

**Current or Ongoing Investigations** Pending criminal or administrative investigations are considered preliminary in nature, and the prosecution should be notified of their existence. Law enforcement has an obligation to communicate confirmed or acknowledged Brady information which occurs during the course of a criminal or administrative investigation. U.S v. Olsen 704 F.3d 1172 (2013) (( and the prosecution has no obligation to communicate preliminary, challenged or speculative information to the defense counsel, US. v. Agurs, 427 U.S. 97, 109, fn. 16 (1976))). Each chief law enforcement executive should consult with the appropriate legal counsel in making a determination if information not related to substantiated findings is potential Brady information or in cases where he or she is uncertain regarding what action to take.

**Expert Witnesses** Law enforcement information regarding agency employee expert witnesses may be considered Brady evidence. Any final agency determination of a substantiated or sustained finding related to an expert witness's unsatisfactory employment performance that compromises the expert's conclusions or ability to serve as an expert witness, regardless of whether or not discipline was given, must be turned over to the prosecution.

**Other Potential Brady or Relevant Information** Each law enforcement executive should consult with appropriate legal counsel in making a determination if evidence not related to substantiated or sustained findings of dishonesty or untruthfulness is potential Brady information. This may include evidence related to current or ongoing investigations, disciplinary actions, in-lieu-of actions, and employment agreements or when he or she is uncertain regarding what action to take. It is also best practice to consult with legal counsel in cases regarding potential disclosure of other evidence that may be relevant in a case (such as excessive use of force findings in current cases with allegations of excessive use of force, findings of bias etc.),

## *Brady Evidence and Law Enforcement*

---

**What is Not Brady Information** Allegations that are not substantiated, are not credible, without merit, false or have been determined to be unfounded are not Brady information.

**Notification to Subject Employee/Officer** If potential Brady information is found in law enforcement agency files, the agency shall notify the employee/officer who is the subject of the potential Brady information, consistent with agency policy. The employee/officer notification shall include the opportunity to review the information that has been presented to the prosecutor. The notification shall comply with all policies and procedures, collective bargaining agreements and other regulations applicable to the agency and employee/officer. If the possible Brady information identifies any other individual who may have privacy rights to the information, the agency shall notify that person, consistent with agency policy, of the agency's provision of the information to the prosecutor and/or court.

**Record Keeping** If the information is provided to the prosecutor and determined to be Brady information, the law enforcement agency should note in the employee/officer file that such information was subject to disclosure. In cases where a court determines that information must be disclosed to the prosecution and defense, the agency should note in the file that the information was subject to disclosure and maintain a copy of the court order with the information in the file. If the court determines that the information should not be disclosed to the prosecution and defense, the agency should note in the file that the information was not subject to disclosure and include a copy of the court's finding in the file.

# Employee Speech, Expression and Social Networking

## 1060.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

### 1060.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

## 1060.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Adams County Sheriff's Office will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

## 1060.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Adams County Sheriff's Office employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, an employee's family or associates.

- Otherwise disclosing where another deputy can be located off-duty.

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Adams County Sheriff's Office or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Adams County Sheriff's Office and tends to compromise or damage the mission, function, reputation or professionalism of the Adams County Sheriff's Office or its employees. Examples may include:

- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Adams County Sheriff's Office.
- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department

for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee (RCW 9A.68.020).

- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Adams County Sheriff's Office on any personal or social networking or other website or web page, without the express authorization of the Sheriff.

  2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

### 1060.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Adams County Sheriff's Office or identify themselves in any way that could be reasonably perceived as representing the Adams County Sheriff's Office in order to do any of the following, unless specifically authorized by the Sheriff:

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized

bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

### **1060.5 PRIVACY EXPECTATION**

Members forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department e-mail system, computer network or any information placed into storage on any department system or device.

This includes records of all key strokes or web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks. However, the Department shall not require a member to disclose a personal user name or password, or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Chapter 330, Laws of 2013).

### **1060.6 CONSIDERATIONS**

- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

### **1060.7 TRAINING**

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

## Grievance Procedure

### 1061.1 PURPOSE AND SCOPE

It is the policy of this office that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Office's philosophy is to promote a free verbal communication between employees and supervisors.

#### 1061.1.1 GRIEVANCE DEFINED

**Grievance** - Is any dispute involving the interpretation or application of any of the following documents by the person affected:

- The employee bargaining agreement (Memorandum of Understanding).
- This Policy Manual.
- County rules and regulations covering personnel practices or working conditions.

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to allegations of discrimination or harassment subject to the Discriminatory Harassment Policy. Also outside the category of grievances are personnel complaints regarding any allegation of misconduct or improper job performance against any office employee that, if true, would constitute a violation of office policy or federal, state, or local law set forth in the Personnel Complaints Policy.

### 1061.2 PROCEDURE

Except as otherwise required under a collective bargaining agreement, if an employee believes that he/she has a grievance as defined above, then that employee shall observe the following procedure:

- (a) Attempt to resolve the issue through informal discussion with immediate supervisor.
- (b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Undersheriff of the affected section or bureau.
- (c) If a successful resolution is not found with the Undersheriff, the employee may request a meeting with the Sheriff.
- (d) If the employee and the Sheriff are unable to arrive at a mutual solution, then the employee shall proceed as follows:
  1. Submit in writing a written statement of the grievance and deliver one copy to the Sheriff and another copy to the immediate supervisor and include the following information:
    - (a) The basis for the grievance (i.e., what are the facts of the case).

# Adams County Sheriff's Office

Adams County SO WA Policy Manual

## *Grievance Procedure*

---

- (b) Allegation of the specific wrongful act and the harm done.
- (c) Identification of the specific policies, rules or regulations or allegedly violated.
- (d) What remedy you are seeking or goal you would like to accomplish from this grievance.
- (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.
- (f) The Sheriff will receive the grievance in writing. The Sheriff and the County Executive will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the County Executive is considered final.

### **1061.3 EMPLOYEE REPRESENTATION**

Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

### **1061.4 GRIEVANCE RECORDS**

At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to Administration for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the County Executive's office to monitor the grievance process.

### **1061.5 GRIEVANCE AUDITS**

The Undersheriff shall perform an annual audit of all grievances filed the previous calendar year to evaluate whether or not any policy/procedure changes or training may be appropriate to avoid future filings of grievances. The Undersheriff shall record these findings in a confidential and generic memorandum to the Sheriff without including any identifying information from any individual grievance. If the audit identifies any recommended changes or content that may warrant a critical revision to this policy manual, the Undersheriff should promptly notify the Sheriff.

## Performance History Audits

### 1062.1 PURPOSE AND SCOPE

This policy provides guidance for the use of performance history audits. Performance history audits can help identify commendable performance as well as provide early recognition of training needs and other potential issues. This policy addresses the responsibilities, performance indicators and components of the audit, and handling of collected data.

### 1062.2 POLICY

The Adams County Sheriff's Office collects data to assist supervisors with evaluating the performance of their employees. While it is understood that the statistical compilation of data may be helpful to supervisors, the Office recognizes that it cannot account for, and must carefully balance such data with the many variables in law enforcement, such as:

- Ability to detect crime.
- Work ethic.
- Assignment and shift.
- Physical abilities (ability to perform the job-related physical tasks).
- Randomness of events.

### 1062.3 RESPONSIBILITIES

Under the authority of the Administration Undersheriff, the Undersheriff is responsible for collecting performance indicators and other relevant data. The data will be compiled to generate quarterly performance history audit reports that will be provided to the appropriate Undersheriff. The Undersheriff will utilize confidential methods to compile and track information regarding performance indicators for each deputy during each quarter in order to prepare the report. Though generated quarterly, each report should contain data from a one-year time period.

The Administration Undersheriff should forward a copy of each performance history audit report to the County Prosecutor for review and retention as attorney work product and confidential personnel information.

### 1062.4 COMPONENTS OF PERFORMANCE HISTORY AUDITS

Performance history audits should include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring

- (g) Prosecuting attorney case rejections and the reasons.
- (h) Intentional or unintentional firearm discharges (regardless of injury).
- (i) Vehicle collisions.
- (j) Missed court appearances.
- (k) Documented counseling.

### 1062.4.2 DATA ANALYSIS

The Administration Undersheriff will review each performance history audit report and determine whether it should be provided to the deputy's immediate supervisor for further consideration.

### 1062.4.3 EMPLOYEE REVIEW

Upon receipt of a performance history audit report, the supervisor will carefully review the report with the deputy to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline. The deputy shall date and sign the report and should be provided with a copy of the report upon request.

If a supervisor determines that a deputy's performance warrants action beyond informal counseling, the supervisor shall advise the Undersheriff of such recommendation. If the Undersheriff concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.

If discipline or other adverse action is initiated against a deputy as a result of a performance history audit, the a deputy shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

### 1062.4.4 FOLLOW-UP MONITORING

Depending upon the results of each performance history audit, a determination should be made by the Administration Undersheriff, after discussion with the deputy's immediate supervisor, about the need, type and duration of any follow-up. Performance indicators and data analysis will generally provide the basis upon which such decisions should be made.

The Sheriff may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

#### 1062.1.1 DEFINITIONS

Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

### 1062.2 POLICY

It is the policy of the Adams County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this office to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

### 1062.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Sergeant and Dispatch.
  1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Sergeant should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Sergeant or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Sheriff or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Office Liaison as soon as practicable (see the

Notifying Survivors section and the Office Liaison and Hospital Liaison subsections in this policy).

### **1062.4 NOTIFYING SURVIVORS**

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Sheriff or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Sheriff, Sergeant or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Office Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in office vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

- (j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Office Liaison.
- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Office Liaison.
- (m) Inform the Sheriff or the authorized designee once survivor notifications have been made so that other Adams County Sheriff's Office members may be apprised that survivor notifications are complete.

### 1062.4.1 OUT-OF-AREA NOTIFICATIONS

The Office Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Office Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the office member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Office Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Office to pay travel expenses without the authorization of the Sheriff.

### 1062.5 NOTIFYING OFFICE MEMBERS

Supervisors or members designated by the Sheriff are responsible for notifying office members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Office regarding the deceased member or the incident.

### 1062.6 LIAISONS AND COORDINATORS

The Sheriff or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

### 1063.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their PPE prior to working in the field. Members shall complete the appropriate form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

### 1063.8 INVESTIGATIONS

Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

- (a) A visit to the accident scene as soon as possible.
- (b) An interview of the injured member and witnesses.
- (c) An examination of the workplace for factors associated with the accident/exposure.
- (d) Determination of the cause of the accident/exposure.
- (e) Corrective action to prevent the accident/exposure from reoccurring.
- (f) Documentation of the findings and corrective actions taken.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Occupational Disease and Work-Related Injury Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.

### 1063.9 TRAINING

The Administration Undersheriff shall work with the Undersheriff to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices (WAC 296-800-14020). Training shall be provided:

- (a) To supervisors to familiarize them with the safety and health hazards to which members under their immediate direction and control may be exposed.
- (b) To all members with respect to hazards specific to each member's job assignment.
- (c) To all members given new job assignments for which training has not previously been provided.
- (d) Whenever new substances, processes, procedures or equipment are introduced to the workplace and represent a new hazard.
- (e) Whenever the Office is made aware of a new or previously unrecognized hazard.

Records Retention Schedule.pdf**

**This schedule applies to: Law Enforcement Agencies**

**Scope of records retention schedule**

This records retention schedule covers the public records of local law enforcement agencies relating to the functions of law enforcement, criminal case investigation, and the management of the agency's assets and human resources. It is to be used in conjunction with the *Local Government Common Records Retention Schedule (CORE)* and other approved schedules that relate to the functions of the agency.

All current approved records retention schedules can be accessed online at: <http://www.sos.wa.gov/archives/RecordsRetentionSchedules.aspx>.

**Disposition of public records**

Public records covered by records series within this records retention schedule must be retained for the minimum retention period as specified in this schedule. Washington State Archives strongly recommends the disposition of public records at the end of their minimum retention period for the efficient and effective management of local resources.

Public records designated as Archival (Permanent Retention), Permanent, or Non-Archival with a retention period of "Life of the Agency" must not be destroyed. Records designated as Archival (Appraisal Required) or Potentially Archival must be appraised by the Washington State Archives before disposition. Public records must not be destroyed if they are subject to ongoing or reasonably anticipated litigation. Such public records must be managed in accordance with the agency's policies and procedures for legal holds. Public records must not be destroyed if they are subject to an existing public records request in accordance with chapter [42.56 RCW](#). Such public records must be managed in accordance with the agency's policies and procedures for public records requests.

In addition to the minimum retention requirements specified in this schedule, there may be additional (longer) retention requirements mandated by federal, state and/or local statute, grant agreement, and/or other contractual obligations.

**Revocation of previously issued records retention schedules**

All previously approved disposition authorities for records that are covered by this retention schedule are revoked, including those listed in all general and agency unique retention schedules. Local government agencies must take measures to ensure that the retention and disposition of public records is in accordance with current, approved records retention schedules.

**Authority**

This records retention schedule was approved by the Local Records Committee in accordance with [RCW 40.14.070](#) on January 26, 2017.
