RE: Driver and Vehicle Services Data Request Update: #R002958-072226

Dear Dr. Angelina Godoy,

Driver and Vehicle Services (DVS) has reviewed your request. The requested customer lists and annual third-party audit reports are classified as nonpublic trade secret data under Minn. Stat. § 13.37, subd. 1(b). The records contain proprietary commercial information, including customer information and detailed information regarding LexisNexis Risk Solutions' security controls, business processes, and compliance measures. Because these records are classified as not public under the Minnesota Government Data Practices Act, DVS is unable to provide them in response to your request.

Driver and Vehicle Services considers this request closed.

Sincerely,
Driver and Vehicle Services
MN Department of Public Safety
