## OVERALL EMPLOYMENT DATA

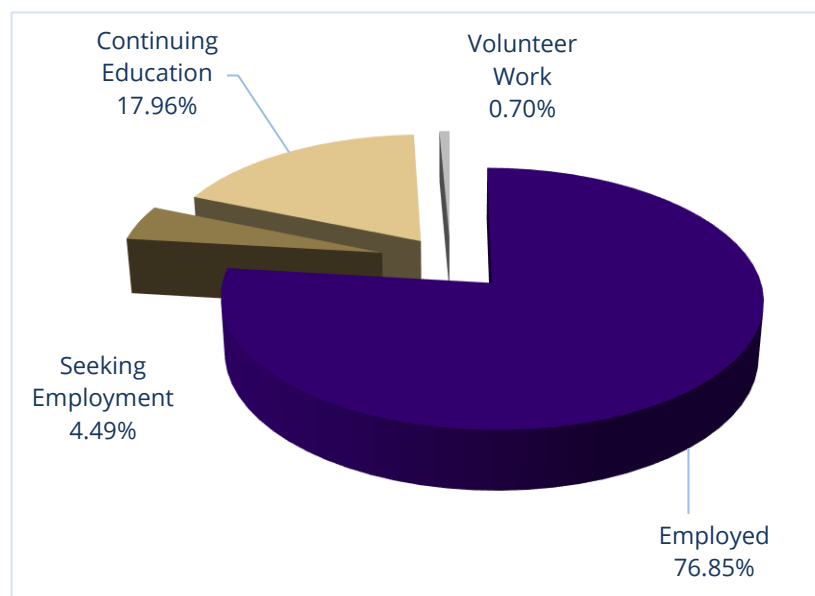

94.8% employed or in further education

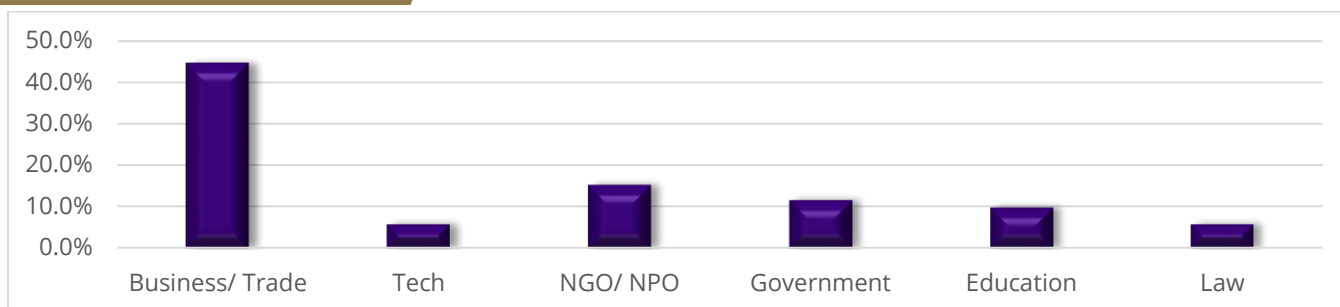

0.7% engaged in postgrad volunteer work

4.5% seeking employment

## TOP 6 EMPLOYMENT SECTORS

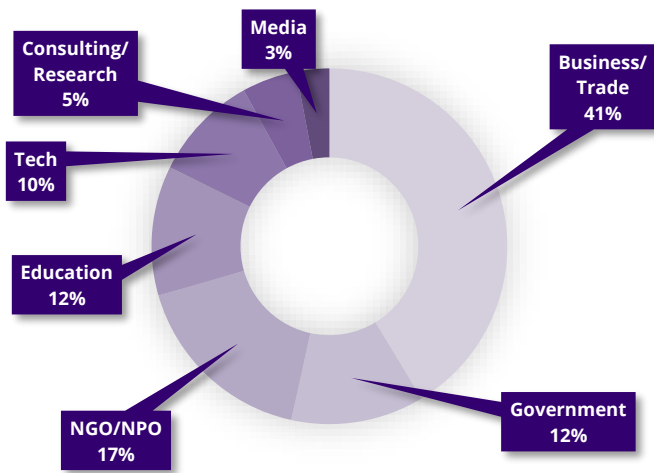

The Jackson School sends an employment survey to students at the time of their graduation and 6 months post-graduation. For the class of 2017, we collected employment data on 290 of 326 graduates, or 89 % of the class. Overall this meant that 224 of 290 students were employed, 51 of 290 were going on to further education, and 13 of 290 were seeking employment. Of the total employed, this equated to 22 employed in education, 26 employed in government, 34 employed in the NGO/NPO sector, 100 in business/ trade, 2 for think tanks, 6 in consulting, 2 in finance, 4 in healthcare, 13 in law, 2 in media, and 13 in tech.

Class of 2017 data includes undergraduate (B.A.), graduate (M.A.), and postgraduate (Ph.D.) students.

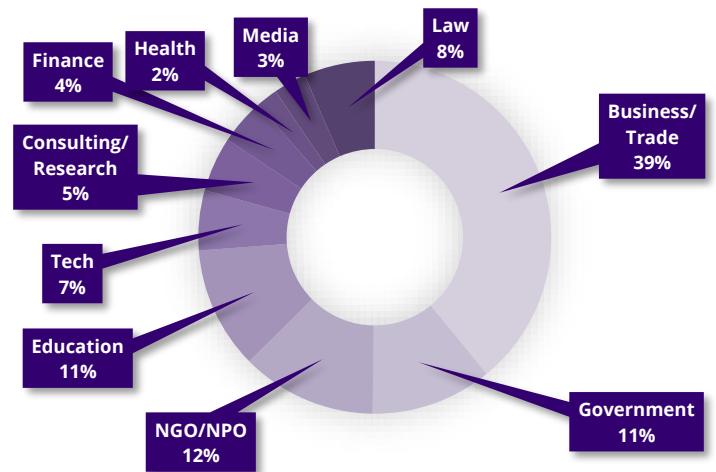

## M.A. GRADUATES

- 92.1% of Jackson M.A. graduates were employed or in continuing education 6 months post graduation.
- 7.9% were still seeking employment.
- Of those continuing their education, 50% went on to Ph.D. programs and 50% went on to professional degrees.
- M.A. graduate employment breakdown by sector:

## B.A. GRADUATES

- 96% of Jackson B.A. graduates were employed or in continuing education 6 months post graduation.
- 3.5% were still seeking employment.
- Of those continuing their education, 75% went on to master's programs, 11% went on to professional degrees, 6% went on to Ph.D. programs, and 8% went on to professional certifications.
- B.A. graduate employment breakdown by sector:

## PH.D. GRADUATES

2017 saw the Jackson School celebrate its second graduating class of Ph.D. students. One hundred percent of our Ph.D. graduates were employed within 6 months of graduation and went into education, government, and the think tank research.
