Task Force Report Cover Instructions

We are asked to adhere to UW brand guidelines for the report cover:

- Use the UW brand font “**OPEN SANS**” for the title of your report. The **font size** of the report title must be between **20** and **35pt**. If Open Sans is not already installed on your computer, then you can easily download the font [HERE](#). Please feel free to contact me if you run in to problems downloading the font off the UW Brand site.
- Use high quality resolution photo/s: You can use more than one photo on the cover as long as your configuration fits the width and height of the space given in the photo section.
- Cite non-free-source photos by inserting a caption at the bottom of the image (MLA or Chicago style) e.g., O’Shea, P. (Photographer). (2010, August 29). *Rescued hedgehog* [digital image]. Retrieved from <http://flickr.com/photos/peteoshea/5476076002/>. Please contact librarian, Kian Flynn (flynnk7@uw.edu) if you have questions on citing digital photos.
- The entire header and footer area with the JSIS logo is to remain as is.

Report guidelines

It’s important that your task force reports are set up properly before print.

- Text fonts for the report content: Open Sans, Calibri, Arial, Times New Roman, or Veranda
- Text size: 11 or 12
- Paragraph line spacing: 1.5 or 2.0
- 100-25 page limit (does not include executive summary and bibliography)
- 12-page color limit. Choose wisely the images and graphs that your group uses throughout the report. **Please do not use color in your headers and footers.** The Copy Center will refuse the print order if you go over the page color limit.

If you have any questions or concerns at any point, please feel free to see me in person in my office at **Thomson 111**, or contact me by email or phone (206.543.7320).
