WELCOME & HANDBOOK

Welcome to the Jackson School of International Studies M.A. Southeast Asian Studies program. We look forward to working with you during your studies. Along with our many academic programs, we hope you will enjoy the wealth of resources the Jackson School has to offer during your time here.

> This handbook serves as a compilation of UW and Jackson School resources for students and a reference guide containing the school's academic requirements, deadlines, policies, and procedures. **You are responsible for knowing and adhering to the contents of this handbook.** Any questions about this handbook can be directed to the appropriate adviser as listed in the general advising section.

GENERAL ADVISING AT JSIS

The Jackson School staff and faculty offer a variety of support to prospective and current students.

> Dr. Celia Lowe is the Director of the Southeast Asian Studies program. Dr. Christoph Giebel, the program's Associate Director, is the Graduate Program Coordinator (GPC).

> As the GPC, Dr. Giebel serves as the academic adviser for the program. You should meet with him at least once per year to review your course of study and request any necessary approvals required. After you have formed your supervisory committee in your second year, your committee chair also advises you. Please see the section titled supervisory committee for more information on your committee's role, duties, and your responsibility to it.

> Rebecca Alhadeff is the Graduate Program Adviser (GPA) for the Southeast Asian Studies program. She will advise you regarding degree requirements, academic planning, policies and procedures, and graduation. Please meet with her at least once per year to ensure you are on track to graduate.

> The adviser-student relationship implies mutual responsibility. Faculty and staff advisers have office hours, where you can drop by to talk, and they may also be available by appointment at other times. Students are responsible for seeking out faculty and staff either during office hours or by making appointments. Please be proactive about your advising.

> If you find yourself struggling academically, meet with the GPC or GPA to discuss your options.

M.A. SOUTHEAST ASIAN STUDIES PROGRAM ADVISERS

Name	Role	Contact Info	Advising Topic
Christoph Giebel	Graduate Program Coordinator (GPC)	giebel@uw.edu ; THO 320	Academic Advising; Curriculum; Research Interests
Rebecca Alhadeff	Graduate Program Adviser (GPA)	ralhadeff@uw.edu ; THO 116 Appointments	Prospective Students; General Inquiries; Degree Requirements; Academic Planning; Policies & Procedures; Graduation
Shannon Bush	Southeast Asia Center Managing Director	sdbush@uw.edu ; THO 303	Language Programs; Fellowship Opportunities
Dana O'Leary	FLAS Manager	dmoleary@uw.edu ; THO 126	FLAS Fellowships; Fellowship Administration
Judith Henchy	Southeast Asian Studies Librarian	judithh@uw.edu	SE Asia Studies collections; Research
	Career Services & Alumni Relations	THO 124; Appointments	Internships; Career Planning
	Office of Academic Services	jsisadv@uw.edu ; THO 111	Registration; General Inquiries

M.A. DEGREE REQUIREMENTS

Students receive the M.A. degree when they have fulfilled the following requirements:

1. Complete curriculum requirements, including thirty-six credits of graduate level work (400-level classes and above, of which eighteen credits must be 500-level and above), not including language classes or thesis credits;
2. Maintain a GPA of 3.0 or above;
3. Achieve third-year level proficiency in a Southeast Asian language;
4. Take courses from at least two departments;
5. Complete a thesis, or a creative project, or two article-length papers under faculty supervision;
6. Pass the oral exam; and
7. Comply with the rules and regulations of the [UW Graduate School](#).

> All degree requirements must be met within six years of the start of your program. This time limit includes leaves of absence. Under extraordinary circumstances this limit may be extended with the agreement of your GPC and GPA.

CURRICULUM REQUIREMENTS

REQUIRED CORE COURSES

The required core courses are introductory graduate-level courses on the interdisciplinary study of modern Southeast Asia through readings drawn from several academic disciplines. The paper written for these courses is usually one of the papers presented for the final degree requirements.

JSIS A 506 The Study of Southeast Asia (5 credits)

JSIS A 580 Field Course in Southeast Asian History (5 credits)

JSIS A 582 Seminar in Southeast Asian History (5 credits)

ADDITIONAL COURSEWORK

You must take twenty-one additional credits at the 400-, 500-, 600-, or 700-level, including at least three credits at the 500-level or above, to fulfill your remaining required eighteen credits of 500-level work. Five of these credits can be taken in classes unrelated to Southeast Asia. Ideally, these courses will complement a student's degree goals, either by fulfilling disciplinary or professional objectives. Students are advised to select courses in consultation with the GPC or adviser to ensure that both individual and program goals are met.

> These classes must be taken at two or more different departments on campus to ensure students receive an interdisciplinary education. Students are welcome to find UW faculty members across campus teaching courses on Southeast Asia through the [Southeast Asia Center](#) website.

CONCURRENT PROGRAMS

Students can pursue either a stand-alone JSIS degree, or pursue the degree concurrently while obtaining a second degree in one of six professional schools. A concurrent-degree student may transfer after completing one year of a professional degree program, or may be admitted simultaneously. Course requirements and schedule completion are slightly different for concurrent-JSIS and stand-alone JSIS degrees. Students must apply to these programs separately.

> There are six official concurrent degree programs:

1. [Business](#)

2. [Law](#)

3. [Forest Resources](#)

4. [Marine Affairs](#)

5. [Public Affairs](#)

6. [Public Health](#)

> Students from other professional schools not listed above are welcome to work with the GPC to coordinate an informal concurrent degree arrangement.

> The basic requirements for concurrent and stand-alone students are the same, but most concurrent students will delay the start of most of their JSIS coursework for a year, and some of the credits they earn will be counted for both degrees. After their first year, concurrent students will incorporate JSIS courses into their remaining professional school courses until both degrees are completed.

LANGUAGE

Southeast Asian language study is an essential part of the program. The [Department of Asian Languages and Literature](#) offers instruction in Indonesian and Vietnamese; the [Department of American Ethnic Studies](#) offers instruction in Tagalog; and the Jackson School offers Burmese, Khmer, and Thai.

> Summer language study opportunities are available at other institutions in the US, such as the [University of Wisconsin](#), and in Southeast Asia. Please note, it is the student's responsibility to apply for admission and funding in a timely manner for summer language study.

> Students who enter the program with advanced proficiency in a Southeast Asian language (usually indicating fluent reading, writing, and speaking abilities) may contact the GPC about testing out of the language requirement. Do this early before you start your first quarter in the program; if your exam results do not show the required proficiency, you will need time to take the appropriate coursework. We encourage these students to study a second Southeast Asian language during their program. Students who are uncertain about what level of language to take should contact the various language departments for assistance.

CAPSTONE RESEARCH

Students have the option of completing a thesis, two separate research papers, or a documentary film or other original artistic creation. Students must form a supervisory committee to advise them during their work, and assess their work.

Thesis: This option is designed for students who wish to undertake a major research project that involves extensive use of primary sources. Generally, work on the thesis begins in a graduate seminar. If you are considering this option, you should consult with the GPC initially and then regularly with the members of your supervisory committee for guidance in both research and writing.

> You must register for at least nine JSIS 700: Master's Thesis credits in order complete this option. Your supervisory committee chair generally supervises and submits grades for these credits. You can take them all in one quarter or spread out over several quarters.

Non-thesis options: Alternatively, students may choose to write two research papers expanding on papers written for their seminar classes; or to create a documentary film, original theater production, or other original artistic creation. No matter which option the student chooses, this requirement must be designed in consultation with, and agreed up on by, the GPC and the supervisory committee.

ORAL EXAM

The final oral examination is based on the thesis, project, or two research papers, any implications of your topic(s), and its relevance to global trends. All exams are different and you should ask your committee about your exam specifically. Below is an example of how the exam may be structured.

> At the start of the exam, students are asked to step out of the exam room, while the committee members deliberate about the student's candidacy and the line of questioning they will pursue. Students are expected to prepare a brief, five to ten minute, presentation about their research projects. Following these deliberations, committee members will ask the student questions for about forty-five to sixty minutes. The student will then leave the room while the committee

deliberates on the results of the oral exam. Following their second deliberation, the chair will invite the student back to the exam room to inform them of the results of their exam.

- > You will take your oral exam with your supervisory committee during the quarter you intend to graduate.
- > Committee members may award distinction to students with outstanding performance in their written work (essay or two papers) as well as in their oral exam. The following two categories of distinction will be awarded to students for their overall body of work and with unanimous consent of all committee members.

HIGH PASS: A High Pass will be awarded to students who (1) showed overall mastery of material in their thesis or, whose two papers exhibit a close to publishable quality; and (2) delivered an impressive performance during their oral exam that showed substantial theoretical and empirical knowledge of their fields of study.

HONORS: Honors will be awarded to students who (1) showed excellent mastery of material in their thesis or, whose two papers are of publishable quality; and (2) delivered an outstanding performance during their oral exam that showed excellent and broadly situated theoretical as well as empirical knowledge of their respective fields of study in the context of international affairs.

MODEL TIMELINE FOR COMPLETING IN TWO YEARS

The timeline below is for students who have not received any training in a Southeast Asian language. It is intended to be a guideline and model for courses taken as a fulltime M.A. student, not a required path for all students. This model includes JSIS 700 credits, required for students writing a thesis. If you are not writing a thesis, please fill these spots.

Year 1		Year 2	
Summer		Summer	Intensive SA Language Year 2 (15cr)
Autumn	SEA Language Year 1 (5cr) SEA Related Course SEA Related Course	Autumn	SEA Language Year 3 (5cr) SEA Related Course SEA Related Course
Winter	SEA Language Year 1 (5cr) JSIS A 506 (5cr) SEA Related Course	Winter	SEA Language Year 3 (5cr) JSIS A 580 (5cr) JSIS 700 (4cr)
Spring	SEA Language Year1 (5cr) SEA Related Course Non SEA Related Course	Spring	SEA Language Year 3 (5cr) JSIS A 582 (5cr) JSIS 700 (5cr)

GRADUATION PROCESSES

All students must be enrolled for at least two credits during the quarter in which they intend to graduate.

DEGREE PROGRESS & ADVISING

At least one quarter before you intend to graduate, you must meet with the GPA to ensure that you are on track to graduate. For example, if you intend to graduate at the end of spring quarter, please meet with the adviser at the beginning of winter quarter. You may make an appointment with them [here](#). If you choose not to meet with the GPA, we cannot guarantee you will have completed all of the necessary requirements to graduate.

SUPERVISORY COMMITTEE

Your supervisory committee is comprised of at least two faculty members and no more than four faculty members, including a chair. The committee should consist of two members of the [Southeast Asia Faculty](#) who have had a good

chance to get to know your work and have expertise in a relevant area. Your committee will oversee your research paper(s). Once you have formed your committee, they will be your primary advisers, especially for your research.

> When determining your committee chair and committee members, please note that your chair must be a member of the Graduate Faculty. Graduate Faculty are members of the University faculty who have been designated by the Dean of the Graduate School as actively participating in graduate education. Please see the database of all [Graduate Faculty](#).

> At least two quarters before you intend to graduate, you must declare your supervisory committee by filling out [this form](#), receiving signatures from your committee members as well as the GPC, and returning it to the GPA in THO 116 or emailed to the GPA. For example, if you intend to graduate at the end of spring quarter, submit your form during autumn quarter. You can find this form on the [JSIS advising website](#) or pick up a copy from THO 116.

JSIS FORMS & DEADLINES

In the final quarter of your M.A. Program, there are a variety of forms you must submit and actions you must take to ensure on-time program completion. You can find all forms on the JSIS Advising website.

Final work: Final drafts of your two papers, project, or thesis are due to your supervisory committee and the GPA by email no later than 5pm on Friday of the 6th week of your intended graduation quarter. For example, if you intend to graduate during spring quarter in 2021, your drafts are due on Friday, May 7, 2021, at 5:00 p.m. However, you should be submitting drafts to your committee members throughout your writing process. Students should work closely with their committee members to develop a timeline for writing and submitting drafts.

Oral exam forms: You must work with your supervisory committee to schedule your oral exam and fill out this form. You and your supervisory committee will determine the date and time of your oral exam and then you will have the GPC approve the form. You will then bring the form to the GPA in THO 116 or email a scanned pdf to the GPA. The GPA will schedule the room for your exam and communicate that information to you and your committee members.

> Your oral exam form is due to the GPA no later than 5:00 p.m. on Friday of the 7th week of your graduation quarter. For example, if you plan to graduate spring quarter in 2021, your form is due on Friday, May 14, 2021, at 5:00 p.m.

Request to graduate with Graduate School: In order to actually graduate, you must formally [request to graduate](#) from the Graduate School no later than 5:00 p.m. on Friday of the 7th week of your graduation quarter. This will trigger a variety of administrative processes necessary for graduation, so please make this a priority.

> *Note: If you have written a thesis and taken the corresponding nine thesis credits, select the thesis option in this form. If you have written two papers, select the non-thesis option in this form.

Complete oral exams: The Jackson School has set an internal deadline to complete your oral exams no later than 5:00 p.m. on the Friday of the 10th week of your graduation quarter. For example, if you intend to graduate in spring quarter 2021, you must schedule and complete your oral exam no later than 5:00 p.m. on Friday, June 4, 2021. This deadline is set so you will have at least one week to make any changes to your papers or thesis required by your supervisory committee. If you need more time to schedule your oral exam, you will need approval from the GPC.

> If you cannot complete your oral exam on this timeline, it is possible to receive an extension. Extensions are determined and approved by the GPC on a case-by-case basis. The official deadline to complete your oral exam is 5:00 p.m. on the Friday of finals week of your graduation quarter, or Friday, June 11, 2021, if graduating spring quarter 2021.

Master's warrant: This form is to be filled out by your supervisory committee upon completion of your oral exam. It indicates to the GPA that you have passed your oral exam and that your papers/project/thesis have been accepted. The GPA will put a blank copy of the form in the folder they give to your committee for your oral exam. Once your oral exam is completed your committee will sign the form, indicate if you have passed, received a high pass, or passed with honors. The GPA will scan and send you the form for your records.

Master's thesis supervisory committee form: The form is to be filled out by all students completing the thesis option. The GPA will put a blank copy of this form in the folder they give to your committee for your oral exam. If your committee accepts your thesis as complete without revisions, please ask them to sign the form at the end of the oral

exam and they will return it in the folder to the GPA. The GPA will scan the form and email it to you so you can upload it with your thesis.

> If the committee requests revisions before they accept your thesis, you should keep the form until your revisions are complete and then ask your committee to sign the form. In this case you will be responsible for scanning the form for your thesis submission. Please email the scanned copy to the GPA for our records.

Submitting final paper(s): There are two processes for submitting your capstone research, differing based on whether you wrote a thesis or two papers.

Thesis: You must submit your final thesis both to your committee and the GPA via email, and to the Graduate School via the ETD Proquest Administrator website no later than 11:59 p.m. on the Friday of finals week of your graduation quarter. For example, if you are graduating in spring quarter 2021, you must submit your thesis no later than Friday, June 11, 2021, at 11:59 p.m.

There are very strict guidelines for formatting your thesis before you submit it. You will need to submit the Master's Thesis Supervisory Form along with your thesis. Please visit this [Graduate School](#) website for detailed instructions. The GPA also has a guide to submitting your thesis that you may request.

Non-thesis: You must submit any revisions required by your committee to your committee and to the GPA by email no later than 11:59 p.m. on the Friday of finals week of your graduation quarter. For example, if you intend to graduate in spring 2021, you must submit these papers by Friday, June 11, 2021, at 11:59 p.m.

GRADUATION TIMELINE

Task	Deadline
Supervisory Committee Form Submitted	2 quarters before intended graduation quarter
Confirm Degree Progress with GPA	1 quarter before intended graduation quarter
Final Draft of Paper(s) Due to Committee	5:00 p.m. on Friday of 6 th week of graduation quarter
Oral Exam Form Submitted	5:00 p.m. on Friday of 7 th week of graduation quarter
Request Graduation	5:00 p.m. on Friday of 7 th week of graduation quarter
Oral Exams Completed	5:00 p.m. on Friday of 10 th week of graduation quarter
Thesis Submitted via ETD/Paper Revisions Due to GPA	11:59 p.m. on Friday of finals week of graduation quarter

UW ACADEMIC POLICIES

The Jackson School ensures all of its degree programs comply with the Graduate School academic policies; however, it is your responsibility to fulfill all of your degree requirements. Please familiarize yourself with [Graduate School policies](#).

> Additionally, Washington Administrative Code 478-121 establishes the [Student Conduct Code](#) for the UW as a whole. Part III of chapter 121 sets forth procedures for hearings, disciplinary sanctions, and evidentiary standards.

REGISTRATION POLICIES & DEADLINES

The UW Registrar's Office (Schmitz Hall, 2nd floor) manages all registration processes for the university. You should familiarize yourself with the [academic calendar](#) to ensure you meet all registration deadlines.

Adding courses: Adding courses to your schedule is done through your MyPlan website or through your MyUW page and the [UW Time Schedule](#). The [registration windows](#) are listed on the general UW academic calendar. As you will see on the UW Time Schedule pages, some courses in other departments prioritize students within their departments. If you wish to take a class in a different department, you must occasionally wait until Registration Period II or III.

> If a course at the Jackson School or another department requires an add code, please email the instructor.

> If you are registering for JSIS 600A or JSIS 700, you will need an add code. To receive an add code, you must [fill out this form](#) and turn it in to THO 111 or email the completed form to jsisadv@uw.edu.

> You must be registered for at least one class by the first day of classes or you will have to pay a \$25 fee. If you add or drop a class after the first full week of the quarter, you have to pay a \$20 fee. See more about dropping classes below.

Auditing courses: If you wish to [audit a course](#), request permission from the instructor teaching that course; the decision to allow auditors rests solely with the instructor. Once you have received permission, register for the class like normal. Then fill out the [Registration Transaction Form](#) to change the course to audit and email it to regoff@uw.edu.

Dropping courses: You are allowed to add or [drop a course](#) with no penalty through the 7th calendar day of the quarter with no penalty or fine. You are allowed to drop a course from the 8th calendar day of the quarter through the 14th day of the quarter for a fine of \$20, but no record of your dropped courses will appear on your transcript.

> Each academic year (September through August) you may drop one course after the 14th calendar day of the quarter, but no later than the last day of the 7th week of the quarter. A "W" grade and the week designation (W3 through W7) will appear on your transcripts and you will be charged a \$20 fee.

Withdrawal from courses: Students may petition for a [Hardship Withdrawal](#) following the 14th day of the quarter if they are unable to complete a course(s) due to physical and/or mental debilitation or unusual and extenuating circumstances beyond the student's control.

> Withdrawal policies are currently in flux due to the COVID-19 pandemic. For up to date and complete information about withdrawal, please contact the GPA.

ON LEAVE & REINSTATEMENT POLICIES

Students must be accounted for (i.e., either registered or officially on-leave) during every term except summer quarter until they complete their degree. Any student who does not apply for on-leave status before going on-leave for one or more quarters during the academic year will be dropped from the UW Graduate School and will need to request reinstatement to the UW before returning.

Filing for on-leave status: If you must take a leave of absence for personal or professional reasons, please notify the GPA via email. Then [submit an online request](#) to go on leave using your MyGrad Program portal. You must submit an on-leave request each quarter you are absent from the university. Students must have completed at least one quarter of study prior to filing an on-leave petition. International students must have completed at least three quarters of full time work before they submit an on-leave petition.

> Once your request has been submitted, the GPA will approve or deny your request and you will then be prompted to pay a \$25 non-refundable fee. On-leave requests can be submitted as early as two weeks prior to the start of the quarter, but they must be submitted, approved, and paid for no later than 11:59 p.m. PST on the last day of instruction (or the 10th week of the quarter). The Graduate School has additional information about this process on [this website](#).

Returning from on-leave status: In order to return from on-leave status, simply register for the quarter you wish to return. Please also notify the GPA so they can make any other necessary arrangements.

Reinstatement: If you failed to maintain your graduate student status (in other words, if you did not apply for on-leave status and did not register for classes), and you wish to resume your studies, first contact the GPA and the GPC to request permission. Once you have received permission from the GPC, you may [request reinstatement to the Graduate School](#).

> Requests will be approved or denied by the GPA according to previous communication. If your request is approved, you must pay a non-refundable fee of \$250 before you are eligible to register for the reinstatement quarter.

ACADEMIC PERFORMANCE & PROGRESS

Students who maintain satisfactory performance and progress towards the completion of their degree as outlined in this handbook may continue graduate study and research at the Jackson School. This handbook defines the general

expectations of our students as relates to coursework, research, program duration and timelines, progress evaluations by faculty, and professional behavior relevant to the program. Under extraordinary circumstances the GPC may waive these requirements on a case-by-case basis. The GPC should provide written documentation to the GPA for official record-keeping purposes.

> The GPC, program faculty, and GPA evaluate progress on a quarterly basis to determine if a student has completed sufficient work at reasonable performance levels. The GPC and/or GPA will communicate with students any issues that arise with their work.

Unsatisfactory Progress: The steps defining the Jackson School's management of cases of unsatisfactory performance and progress are defined by [Memo 16](#) of the Graduate School's memoranda. Below is an outline of its procedures.

> The following three status levels are used to indicate unsatisfactory performance, to communicate clear expectations to the student, and to describe any consequences should those expectations not be met in the stated timeline. The goal of each step is to establish clear expectations and outline a path to return to satisfactory progress.

Warn: This is an early status for a student who has failed to meet expectations for performance or progress. The Jackson School will not notify the Graduate School, but will issue up to one warning letter directly to the student.

Probation: This status is used for a student who has failed to resolve problems with their performance or progress as outlined in the warning letter. The Jackson School will send a probation recommendation to the student with a copy to the Graduate School no later than the 10th business day of the probation quarter. A student may be on probation for no more than two quarters without making progress before the student enters the third status.

Final probation: This status is used for a student who has failed to resolve the documented problems in their probation status. The Jackson School will send a probation recommendation to the student with a copy to the Graduate School no later than the 10th business day of the probation quarter. If a student does not remove the final probation within one quarter, the Jackson School may drop the student from the school.

Appeals: Appeals must follow the process outlined in Graduate School [Memo 33](#), Academic Grievance Procedure.

FUNDING & FELLOWSHIPS

Information about fellowships offered by the Jackson School can be found on the [Funding Opportunities website](#).

FLAS FELLOWSHIPS

The University of Washington offers [Foreign Language and Area Studies](#) fellowships to support undergraduate, graduate, and professional students in acquiring modern foreign languages and area or international studies competencies. Students from all UW departments and schools are encouraged to apply. The six National Resource Centers at the UW offer Academic Year and Summer FLAS fellowships in the following languages:

> Arabic – Bangla – Bosnian/Croatian/Serbian – Serbian – Burmese – Chinese – French – Hebrew – Hindi – Indigenous Languages spoken in Canada – Indonesian – Inuktitut – Japanese – Kazakh – Khmer – Korean – Persian – Portuguese – Russian – Swahili – Tagalog – Thai – Turkish – Urdu – Uyghur – Vietnamese

> FLAS academic year fellows receive \$18,000 tuition, and \$15,000 living stipend. FLAS summer fellows receive \$5,000 tuition and \$2,500 living stipend. Please read all of the [FLAS guidelines](#) carefully before you apply.

> **FLAS fellowships are only available to current and incoming UW students who are U.S. citizens or permanent residents.**

GRADUATE FUNDING INFORMATION SERVICE

[GFIS](#) works with current and admitted UW graduate students, helping them identify and locate funding opportunities for

graduate school-related expenses including tuition, research, conference, and research travel. Students can visit GFIS during drop-in advising hours, schedule individual appointments, or request information by email (gfis@uw.edu).

CAREER SERVICES

The Jackson School Career Services office helps students connect their academic interests to internships, training, and future careers. It provides support through [advising](#), exploratory and skill building workshops, panels, networking opportunities, internship support, maintaining a [job board](#), and arranging an annual [mentor program](#).

JSIS 578: Careers and Development in International Studies is a two-credit seminar, taught in autumn quarter only, featuring guest speakers from various career fields who present workshops and share their areas of expertise as it relates to employment, networking, and career development. The goal of this course is to help students identify their career interests, develop marketable skills, and search and apply for relevant positions and fellowships.

GET CONNECTED

Looking for another way to join the Jackson School community? Get connected to our latest news, events, info sessions, and job opportunities through our online media channels.

> You can sign up for [weekly general Jackson School event emails](#). For a Jackson School quarterly newsletter round-up that goes out to the wider community, [sign-up here](#).

RESOURCES

The University of Washington and the Jackson School have a variety of resources to ensure your experience is positive, healthy, educational, and expansive. Please find a brief list of resources available to students below. If you have any questions about these or any other resources available to students, please contact the GPA.

DIVERSITY

JSIS Diversity & Equity Committee: The Jackson School is uniquely positioned to contribute to an equitable and inclusive learning, teaching, and working environment. We draw on our global expertise to enhance the offerings of diverse intellectual and personal experiences at the University of Washington and beyond.

> Our faculty, staff, and students are intellectually engaged with the ways that race, gender, identity, sexuality, ability, class, and ethnicity shape the human experience, both within the educational sphere and outside of it. Through this work, we encourage all members of JSIS to think critically about the world around them and actively engage.

> The role of the [Diversity and Equity Committee](#) is to identify and implement diversity and equity initiatives for the faculty, staff, and students. To speak with someone on the committee, email them at jsisdiv@uw.edu.

UW Office of Minority Affairs & Diversity: The [UW Office of Minority Affairs & Diversity \(OMA&D\)](#) (MGH 325) works to increase diversity on campus and enrich the collegiate experience of all UW students, faculty, and staff. They offer services including academic support programs, financial aid counseling and opportunities, and social activities.

Q Center: The [UW Q Center](#) (HUB 315) is a fierce, primarily student-run resource center dedicated to serving anyone with or without a gender or sexuality – UW students, staff, faculty, alumni, and community members. They host and support student groups, program events, house a lending library, and amplify student voices on the [Student Blog](#).

DISABILITY

[Disability Resources for Students](#) (MGH 011) is dedicated to ensuring access and inclusion for all students with disabilities. They currently work with over 3000 students with either temporary or permanent physical, health, learning, sensory, or psychological disabilities. If you need specific accommodations or services, they are able to liaise with faculty and staff to ensure your needs are met.

SAFETY, HEALTH, & WELLNESS

At the Jackson School, we recognize that you do your best work when you also prioritize your physical and mental health. The following resources are just a few of those available to UW students. If you have a specific issue that is not addressed by any of the resources below, please reach out to the GPA for assistance.

Husky Health & Wellbeing: [Husky Health & Wellbeing](#) houses all UW Seattle safety, health, and wellness resources in one place, containing all the resources below and more. If you do not know where to go, this is the best place to start.

Safecampus: [UW Safecampus](#) works with campus partners to keep the community safe. Safecampus acts as the central point of communication and the coordinating unit for violence mitigation across campus. They deal with issues of conflict resolution, self-harm, relationship violence, suicide, and Title IX.

> Their website provides resources to the entire UW community, particularly students, to address these issues. If you feel unsafe, you should call 206-685-7233, a number available 24/7.

Hall Health: UW Seattle students are eligible for a number of health services including medical advice from the consulting nurse, drop-in care for mental health concerns, one subsidized medical visit per quarter, and many more at the [Hall Health Center](#) at no cost. They are located on campus almost directly behind Thomson Hall.

Counseling Center: The [Counseling Center](#) in Schmitz Hall offers multiple options for students seeking help coping with stress and mental health concerns. All UW Seattle students in degree-seeking programs are eligible for their services.

> If you are experiencing a psychological crisis outside of their working hours and cannot wait until they open, [Crisis Connections](#), a local non-profit, has a hotline at 866-427-4747.

Intramural Activities (IMA): The [UW IMA](#) has a variety of recreation facilities including swimming pools, driving ranges, exercise rooms, recreation fields, basketball courts, and more to help students stay physically fit. As a UW student, you have access to these facilities.

GRADUATE & PROFESSIONAL STUDENT SENATE (GPSS)

The [Graduate and Professional Student Senate](#) is the official student government representing the 15,000 graduate and professional students at the University of Washington. GPSS provides and advocates for the tools needed to enhance personal and professional development, and safeguards the interests of the students it represents.

JSIS GRADUATE COUNCIL

The Jackson School Graduate Council (JSGC) is a student-run council that advocates for Jackson School graduate students, provides quarterly social gatherings, operates and runs the Graduate Student Lounge, and creates community among graduate students. It is comprised of the president, vice president, treasurer, secretary, and events and community organizer. Email them at jsis.gsc201920@gmail.com.

OUTREACH CENTERS

The University of Washington has [14 outreach centers](#) all housed here at the Jackson School. These centers provide opportunities for educators, students, and the community to learn about the world. Some of them have specific scholarship opportunities and other resources that may be useful.

Canadian Studies Center	Ellison Center for Russian, East European and Central Asian Studies
Center for Global Studies	EU Center
Center for Human Rights	International Policy Institute
Center for Korea Studies	Middle East Center
Center for West European Studies	South Asia Center
East Asia Center	Southeast Asia Center
East Asia Resource Center	Stroum Center for Jewish Studies

TECHNOLOGY & COMPUTERS

The Jackson School Graduate Student Lounge has several computers and a printer available for your use. Printing costs in the lounge are cheaper than elsewhere on campus. To add money to your account, see Mark Haslam on the 4th floor of Thomson Hall in the IT office.

> All Library computers offer word processing, spreadsheet, database, graphics applications, and access to the Internet. The resources listed below provide additional computing services. See [DawgPrints](#) for information.

UW Information Technology: Housed on the second floor of Odegaard Library, UW IT provides technology support to all three campuses. They also offer [free trainings](#) on software including Adobe InDesign, Excel, HTML, Audacity and Podcasting, Adobe Illustrator, iMovie, and Accessible Document Creation.

The Center for Social Science Computation & Research (CSSCR): [The Center for Social Science Computation & Research](#) is a computer resource center providing facilities and support for social science departments at the University of Washington, including JSIS. CSSCR facilities are restricted to use by students, faculty, and staff of the University of Washington. CSSCR's labs are located on the first floor of Savery Hall.

> CSSCR offers trainings and consultation services for social science students conducting quantitative and qualitative research requiring data management. Their computers have the following non-exhaustive list of software installed: ArcGIS, ATLAS.ti, Audacity, Crimson Editor, Eclipse, Emacs, MATLAB, Python, R, SPSS, Stata, and Tableau Public. They offer regular trainings in ATLAS.ti, Python, R, Stata, and others.

The Center for Studies in Demography & Ecology: [The Center for Studies in Demography & Ecology](#) is a community of scholars that develops new demographic measures and methods, advances knowledge about population dynamics, generates new data and evidence to support population science, and trains the next generation of demographers.

> CSDE offers workshops on Spatial Data Analysis, R, GIS, Python, Stata, Coordinate Systems, and other software. Please see their website for up to date information on workshop offerings. CSDE is located in Raitt Hall 206.

CERTIFICATE & ENRICHMENT PROGRAMS

The Jackson School and other UW departments offer graduate certificate programs to enrich your educational experience. The following list is a sampling of what the Jackson School offers. If you are looking for something that is not on the list, please visit the department that houses your preferred subject for information. A [complete list of graduate certificate programs](#) can also be found online.

Cross-Cultural Religious Literacy Certificate: The [Cross-Cultural Religious Literacy Certificate](#) creates a context to understand how people with different beliefs understand themselves. Students must complete ten credits of required coursework, seven credits of regional coursework, and a two-credit capstone project.

QUAL Concentration: The [QUAL Concentration](#) offers students a foundation in qualitative multi-methods research allowing them to deepen their research in their chosen social science or professional field. Students who choose to add the QUAL Concentration to their degree will gain specific skill sets that will benefit them at university and in their future career. The QUAL Concentration is available to graduate and professional students.

Korea Certificate: The purpose of the [Certificate in Korea Studies](#) is to provide a vehicle through which UW graduate students, visiting graduate students, and recent Ph.D.s can acquire a firm foundation in Korea Studies, and be able to document their acquisition of this foundation. The program provides systematic instruction in Korean history, Korean culture and institutions, and Korean political organization and foreign relations.

REECAS Certificate: The [Russian, East European, Central Asian Studies Certificate](#) is designed for graduate students to acquire in-depth knowledge of REECAS regions and to develop interdisciplinary analytical and academic skills by taking sixteen student-credit hours at the 500 level or above.

South Asian Studies Certificate: The [South Asian Studies Certificate](#) provides a thorough grounding in South Asian history and key economic, social, and political issues affecting contemporary South Asia. Students complete ten credits of required coursework, one elective course on South Asia, and a one-credit capstone course.

WRITING CENTER

The [UW writing centers](#) are staffed by tutors who provide students with customized guidance on writing projects. They are able to help students understand fully what any given assignment is asking them to do; plan how to complete all assignments; and execute that plan from the initial writing of research notes through submission of the final draft.
