

Careers in LACS series presents: **A CONVERSATION WITH JSIS ALUM JULIAN FELLERMAN**

Wednesday January 24, 3:30-4:30

VIA ZOOM: <https://bit.ly/Julian-Fellerman>

Please join us for a conversation with JSIS Alum, Julian Fellerman, senior financial analyst at Peet's Coffee, a global specialty coffee roaster based in the Bay Area. Prior to Peet's, he spent three years working in Nicaragua (and subsequently Colombia) as the regional operations manager for Vega Coffee, a vertically integrated specialty coffee company working with farmers at origin to roast and export via a coffee direct-to-consumer model in the US. Students will have the opportunity to hear how Julian used his JSIS degree to build a unique career that allowed him to pursue his interest in Latin America.

This talk forms part of the **Careers in LACS** series sponsored by Latin American & Caribbean Studies.
