

Ph.D. committee meeting
Tuesday, Nov. 13, 11-12:30
THO 403

The agenda:

1. Student survey. A draft is attached. Please think about things you want to know about the program and how this survey can be improved.
2. Student credit. Students are allowed to apply for credit for previous graduate work. I will forward these requests to you in an email soon to follow.
3. T.A. letters and conditions of t.a.ing. (What to do when lectures conflict with assigned classes in the program)
4. Foundational fields. Are there mechanisms in place to see that the foundational field reading lists are updated and reflecting student needs?
