Original Request...

I filed 2 grievences about the loundry not doing their job and our clothes coming back dirty , smelling like a "wet dog".

I have been told by people who work there that our white clothes goes into the same mashine with dirty mops,wool blankets and red and yellow clothes. Also,3 out of 5 mashines not using soap at all! That explaines the grey color of my whites. If you will not fix this problem my next step willbe filing complain with the Helth Department. Please respond.

You originally sent this grievance to ICE. They forwarded it to me but it cannot be tracked properly because it is a GEO issue, not ICE. Please resubmit your grievance to "grievance - GEO". By the way, looking at your grievance log, this is the second grievance on the subject of laundry.
